

Gandalf Wizards Are Never Late

Josepha Sherman

On Creating (And Celebrating!) Characters Ron Collins, 2023-06-30 Let's talk about what makes people real. That's what my favorite characters are to me. Real. If you're reading this, I suspect that's what they are to you, too. Characters I love often feel as real to me as people I know in the physical world. Whether from books, movies, comics, or television shows, the characters I love mean something to me. They give me hope. They teach me lessons that become ingrained into the fabric that makes me who I am. If you get me spun up, I can talk about my favorite characters in the same way I talk about best friends. So, yes. The characters I love are real to me, and there isn't anything you can do or say to convince me otherwise. --- So begins award-winning SF author Ron Collins's celebration of characters that matter. From Katniss Everdeen to Tyrion Lannister, from James Bond to Lieutenant Dan (and maybe a few more!), Collins brings his unique perspective built through thirty years of experience to examining some of the most iconic characters ever presented on the page. Along the way, helping writers build toolboxes that they can use to create their own dazzling and memorable characters. All done with a personal touch illuminated by a life spent searching for characters that matter. If you're trying to write great characters, or simply want to celebrate them, too, this book is for you.

Wizards Chris Lehotsky, 2016-07-15 Since ancient times, the mystical and magical have inspired countless stories of men and women wielding special powers. Among these are wizards, humans with immense magical ability. Related to witches, these beings have been shrouded in their own folktales and fairy stories. Some wizards are said to be good, while others are bad. Today, the most well-known contemporary wizard is Harry Potter, the fictitious hero of J. K. Rowling's imaginative series. This book explores the wonders of wizardry, from ancient times to the present day, and explains how the wizard fits into today's notion of mythology.

Leverage Your Laziness Jeff Goldberg, Steve Bookbinder, 2013-06-01 Jeff Goldberg and Steve Bookbinder combine their wit, intellect, and common sense in this entertaining, data packed instructional manual. They draw on their personal insight, diversified experiences, and passion for life coaching in the writing and production of *Leverage Your Laziness!* In this collaboration they introduce an approach designed to use leverage and laziness as a strategy for attaining effective performance with the least work and the added bonus of sensing the enjoyment of accomplishment. Steve helps the reader discover how to recognize and utilize their strongest strengths in their personal strategy for success. Jeff introduces keys to

focus on those things you enjoy most in your work to increase your personal productivity with the least effort. Sixteen principles, dozens of motivational quotes from dozens of recognized leaders, and the opportunity for individual readers to get specific in applying these principles personally make up the format of this humorous, practical, and powerful guidebook. Concise, and compact, yet comprehensive *Leverage Your Laziness!* is an important tool for the established entrepreneur, for successful leaders, for life coaches, and for those who wanna be rich and famous.

Twisted Flicks Jessica Zafra, 2003 Reviews on western motion pictures.

Hobbits, Elves, and Wizards Michael N. Stanton, 2015-06-02 Middle Earth, Gandalf, Frodo, Bilbo: The places and characters that sprang from the mind of J.R.R. Tolkien will live forever in the imaginations of millions of readers. In *Hobbits, Elves, and Wizards*, Michael Stanton, a scholar of science fiction and fantasy literature, offers an extraordinary encounter with *The Lord of the Rings*. Believing that there is no epic of contemporary literature to match *The Lord of the Rings*, Stanton delves critically into the richness of the story. He explores the intricacies of its dialogue and illuminates the idiosyncratic nature of its characters. He looks at places, dreams, notions of time and history. Eschewing academic jargon, Stanton provides an intriguing look at Tolkien's fantasyscape that ultimately shows how all of these parts meld into a singularly compelling work of art that lives and breathes. For those who have read and loved *The Lord of the Rings*, Stanton embarks on an exploration of Tolkien's genius, painting a rich and wonderful critical portrait of the world he created, a portrait that no one who truly hopes to understand Tolkien's vision will want to be without.

Medievalism David Matthews, 2015 An accessibly-written survey of the origins and growth of the discipline of medievalism studies. The field known as medievalism studies concerns the life of the Middle Ages after the Middle Ages. Originating some thirty years ago, it examines reinventions and reworkings of the medieval from the Reformation to postmodernity, from Bale and Leland to HBO's *Game of Thrones*. But what exactly is it? An offshoot of medieval studies? A version of reception studies? Or a new form of cultural studies? Can such a diverse field claim coherence? Should it be housed in departments of English, or History, or should it always be interdisciplinary? In responding to such questions, the author traces the history of medievalism from its earliest appearances in the sixteenth century to the present day, across a range of examples drawn from the spheres of literature, art, architecture, music and more. He identifies two major modes, the grotesque and the romantic, and focuses on key phases of the development of medievalism in Europe: the Reformation, the late eighteenth century, and above all the period between 1815 and 1850, which, he argues, represents the zenith of medievalist cultural production. He also contends that the 1840s were medievalism's one moment of canonicity in several European cultures at once. After that, medievalism became a minority form, rarely marked with cultural prestige, though always pervasive and influential. *Medievalism: a Critical History* scrutinises several key categories - space, time, and selfhood - and traces the impact of medievalism on each. It will be the essential guide to a complex and still evolving field of inquiry.

David Matthews is Professor of Medieval and Medievalism Studies at the University of Manchester.

The Lord of the Rings: The Fellowship of the Ring, The Two Towers, The Return of the King J. R. R.

Tolkien, 2009-04-20 Darkness Will Bind Them... watch The Lord of the Rings: The Rings of Power season 2 on Prime Video

The Lord of the Rings Illustrated J. R. R. Tolkien, 2021-11-02 For the first time ever, a very special edition of the J. R.

R. Tolkien's classic masterpiece, The Lord of the Rings, gorgeously illustrated throughout in color by the author himself. Since it was first published in 1954, The Lord of the Rings has been a book people have treasured. Steeped in unrivaled magic and otherworldliness, Tolkien's sweeping fantasy and epic adventure has touched the hearts of young and old alike. More than 150 million copies of its many editions have been sold around the world, and occasional collectors' editions become prized and valuable items of publishing. This one-volume, jacketed hardcover edition contains the complete text, fully corrected and reset, which is printed in red and black and features, for the very first time, thirty color illustrations, maps and sketches drawn by Tolkien himself as he composed this epic work. These include the pages from the Book of Mazarbul, marvelous facsimiles created by Tolkien to accompany the famous 'Bridge of Khazad-dum' chapter. Also appearing are two removable fold-out maps drawn by Christopher Tolkien revealing all the detail of Middle-earth.

Fantasy and Your Family Richard Abanes, 2002 Fantasy and Your Family by bestselling author Richard Abanes presents a much-needed assessment of fantasy - its benefits and its drawbacks. Abanes begins with an in-depth look at folklore, myths, legends, and fairy tales, and their connection to fantasy. Part one also discusses issues involving child development, the affects of literature on children, and how those affects can ultimately change the course of society. Additionally, Abanes examines pop culture, the media, mass marketing, and the commercialization of children's literature by corporations interested primarily in making money. This volume then looks at the life of fantasy writer J.R.R. Tolkien, the popularity of his fantasy works, their content, and what separates them from other fantasy volumes such as Harry Potter by J.K. Rowling and the children's horror books by R.L. Stine. A particularly interesting survey of Tolkien's The Lord of the Rings includes a thorough analysis of its storyline, characters, and morality. These are compared side-by-side with Harry Potter. Finally, Abanes gives an overview of our culture's growing obsession with the occult, paganism, and witchcraft. Why is it happening? When did it begin? How is it influencing today's youth? All of these questions are answered through a concise, easy-to-understand writing style. Especially fascinating are the numerous sources of documentations that shows children are indeed being drawn to the occult via Harry Potter. Included are dozens of quotes by Wiccans, neopagans, and occultists that clearly express their belief that Rowling's fantasy will do much to further witchcraft and the occult. - Amazon.

The Lord Of The Rings J.R.R. Tolkien, 2012-02-15 Immerse yourself in Middle-earth with J.R.R. Tolkien's classic masterpieces behind the films... This special 50th anniversary edition includes three volumes of The Lord of the Rings (The Fellowship of the Ring, The Two Towers, and The Return of the King), along with an extensive new index—a must-own tome

for old and new Tolkien readers alike. One Ring to rule them all, One Ring to find them, One Ring to bring them all and in the darkness bind them. In ancient times the Rings of Power were crafted by the Elven-smiths, and Sauron, the Dark Lord, forged the One Ring, filling it with his own power so that he could rule all others. But the One Ring was taken from him, and though he sought it throughout Middle-earth, it remained lost to him. After many ages it fell by chance into the hands of the hobbit Bilbo Baggins. From Sauron's fastness in the Dark Tower of Mordor, his power spread far and wide. Sauron gathered all the Great Rings to him, but always he searched for the One Ring that would complete his dominion. When Bilbo reached his eleventy-first birthday he disappeared, bequeathing to his young cousin Frodo the Ruling Ring and a perilous quest: to journey across Middle-earth, deep into the shadow of the Dark Lord, and destroy the Ring by casting it into the Cracks of Doom. The Lord of the Rings tells of the great quest undertaken by Frodo and the Fellowship of the Ring: Gandalf the Wizard; the hobbits Merry, Pippin, and Sam; Gimli the Dwarf; Legolas the Elf; Boromir of Gondor; and a tall, mysterious stranger called Strider. J.R.R. Tolkien (1892-1973), beloved throughout the world as the creator of *The Hobbit*, *The Lord of the Rings*, and *The Silmarillion*, was a professor of Anglo-Saxon at Oxford, a fellow of Pembroke College, and a fellow of Merton College until his retirement in 1959. His chief interest was the linguistic aspects of the early English written tradition, but while he studied classic works of the past, he was creating a set of his own.

Storytelling Josepha Sherman, 2008 A collection of informative entries providing a definitive and fascinating study of the wide world of storytelling.

Masters of Animation John Grant, 2001 This text looks at the careers and work of some thirty of the greatest masters of the art of animation, from Winsor McCay, Disney and the Fleischers through to Svankmajer and Jim Henson.

Critical Survey, 1993

Punch, 1977

Popular World Fiction, 1900-present: Sc-Z, Cumulative index with Beacham's popular fiction [in America]

Walton Beacham, Suzanne Niemeyer, 1987 Publishing and critical history of best-selling world fiction writers; critical evaluations of selected titles.

THE FELLOWSHIP OF THE RING J.R.R. TOLKIEN, 1965

The Fellowship of the Ring John Ronald Reuel Tolkien, 1954 A young hobbit named Frodo Baggins is suddenly given a great responsibility: possession of the Dark Lord's dangerously powerful One Ring, which he must take on a perilous journey to the Cracks of Doom, where it can be destroyed. Includes a pull-out map of the West of Middle-earth.

The Lord of the Rings: The fellowship of the ring John Ronald Reuel Tolkien, 1982

The Lord of the Rings John Ronald Reuel Tolkien, 1983 This work has been labelled both a heroic romance and a classic of fantasy fiction. By turns comic and homely, epic and diabolic, the narrative moves through countless changes of scene and

character in an imaginary world of great detail. This one-volume reset edition contains new maps.

Twentieth-century Literary Criticism Gale Research Company, 2003 Excerpts from criticism of the works of novelists, poets, playwrights, and other creative writers, 1900-1960.

The Enigmatic Realm of **Gandalf Wizards Are Never Late**: Unleashing the Language is Inner Magic
