This transformative book aims to bridge the gap between ancient Eastern philosophy and the challenges faced by modern readers, offering practical insights to lead a simpler, more meaningful life. Drawing upon the rich tapestry of Buddhist literature, this book distills the essence of the Buddha's teachings into accessible and relatable concepts, guiding readers towards self-discovery, inner peace, and authentic contentment. By presenting these teachings in a contemporary context, the book empowers readers to apply them in their daily lives, leading to greater harmony and well-being. Throughout the book readers are invited to explore fundamental Buddhist principles, such as impermanence, compassion, mindfulness and non-attachment. The book delves into the core teachings of the Four Noble Truths and the Noble Eightfold Path, unraveling their significance in navigating the complexities of modern existence. By embracing these ancient principles, modern readers can find the keys to unlocking a simpler more purposeful life that celebrates the timeless essence of Buddhist wisdom.

Motivating Thoughts of Gautama Buddha Mahesh Dutt Sharma, 2023-10-01 Gautama Buddha remains the single most important figure in the world history. His teachings have inspired millions of people across the world and it continues to inspire millions even today. This book is an encapsulation of the teachings of Buddha which hopes to deliver some rare bits of wisdom to its readers which may perchance induce the enlightenment that Buddha believed to be accessible to all, provided the requisite effort gets invested.

Only Human? Born happy and ready to forgive Graham Bott, 2015-05-18 Born in the early 60's, this is an account of one man's struggle to re-connect with his feelings, after burying them at three years of age. An uplifting and deeply honest reflection on the 1970's and 80's including the music and fashion scene, Drugs, DJ's and Drag Queens. A thrilling recollection of a near death experience on the Arab/Israeli border, and then later in life, a chance encounter that would pave the way to true love, and, the opportunity to break free from the chain of low self-esteem. Is there life after death? Or, am I Only Human?

Tending Dandelions Sandra Swenson, 2025-10-21 Mothers of addicted and alcoholic children share a deep connection—one that is rarely understood by anyone who hasn't experienced a similar path. Sharing our perspectives helps us all grow stronger, together. Now expanded with new meditations to offer even more support and help us all grow, stronger, together. This expanded second edition of Tending Dandelions continues the tradition of Hazelden's series of daily readings by providing moments of recognition, confession, and healing for those who realize that recovery rarely follows a neat or comfortable path. Along the way, we plant beautiful roses only to be injured by their thorns, and we pull up unwanted dandelions that, at times, are our only source of wishes. By sharing the realities that we never expected our families to face, mothers of addicted children support each other through experiences that can only be feared and imagined by others. From our shared struggles emerge opportunities for personal growth. Now with over 100 additional meditations, the beloved Tending Dandelions can now be used as a daily tool—becoming an even more vital source of wisdom, support, and strength to help mothers begin and sustain their own journey of recovery

Simple Soulful Sacred Megan Dalla-Camina, 2019-07-02 Simple Soulful Sacred is a guidebook for the modern woman who seeks clarity and guidance on how to live the life of her dreams, on her own terms. It's for the women of our time—the mothers, teachers, healers, light workers, dreamers, creators, leaders—who are ready to find their voice, speak their truth and own their power, whilst living life with less hustle and more flow. For modern women wanting more for their lives, it's the new age definition of having it all. Women are rising; ready to step out of the cloak of masculine traits that keep them striving for a version of success that is not their own. Ready to stop hiding their light and playing the comparison game. And ready to fully embody their feminine power. Because while the feminine may have been disowned and devalued for centuries, we are so done with that story now. But it's still a paradox. Because within this very rising, women are longing to step out of the noise and chaos, to live more simply. They want time and space for what's most important to them; and the comfort, consciousness and connection that often gets lost in the busyness and distractions of daily life. This book is the bridge women

have been seeking. Written with the time-poor reader in mind, this book includes 200 short-form chapters, the perfect length for dipping into while commuting; during a lunch break or at the end of the day. The perfect gift, or self-gift, for women of all ages.
