**The Palgrave Handbook of Contemporary Gothic** Clive Bloom, 2020-07-10 "Simply put, there is absolutely nothing on the market with the range of ambition of this strikingly eclectic collection of essays. Not only is it impossible to imagine a more comprehensive view of the subject, most readers – even specialists in the subject – will find that there are elements of the Gothic genre here of which they were previously unaware." - Barry Forshaw, Author of *British Gothic Cinema and Sex and Film* The Palgrave Handbook of Contemporary Gothic is the most comprehensive compendium of analytic essays on the modern Gothic now available, covering the vast and highly significant period from 1918 to 2019. The Gothic sensibility, over 200 years old, embraces its dark past whilst anticipating the future. From demons and monsters to post-apocalyptic fears and ecological fantasies, Gothic is thriving as never before in the arts and in popular culture. This volume is made up of 62 comprehensive chapters with notes and extended bibliographies contributed by scholars from around the world. The chapters are written not only for those engaged in academic research but also to be accessible to students and dedicated followers of the genre. Each chapter is packed with analysis of the Gothic in both theory and practice, as the genre has mutated and spread over the last hundred years. Starting in 1918 with the impact of film on the genre's development, and moving through its many and varied international incarnations, each chapter chronicles the history of the gothic milieu from the movies to gaming platforms and internet memes, television and theatre. The volume also looks at how Gothic intersects with fashion, music and popular culture: a multi-layered, multi-ethnic, even a trans-gendered experience as we move into the twenty first century.

Law, Lawyers and Justice Kim D Weinert, Karen Crawley, Kieran Tranter, 2020-04-01 This book engages with the place of law and legality within Australia's distinctive contribution to global televisual culture. Australian popular culture has created a lasting legacy – for good or bad – of representations of law, lawyers and justice 'down under'. Within films and television of striking landscapes, peopled with heroes, antiheroes, survivors and jokers, there is a fixation on law, conflicts between legal orders, brutal violence and survival. Deeply compromised by the ongoing violence against the lives and laws of First Nation Australians, Australian film and television has sharply illuminated what it means to live with a 'rule of law' that rules with a

legacy, and a reality, of deep injustice. This book is the first to bring together scholars to reflect on, and critically engage with, the representations and global implications of law, lawyers and justice captured through the lenses of Australian film, television and social media. Exploring how distinctively Australian lenses capture uniquely Australian images and narratives, the book nevertheless engages these in order to provide broader insights into the contemporary translations and transmogrifications of law and justice.

**Australia in the Raw** Peter Smith, 2004 Reading this book is designed to give both a humorous and factual insight into the land down under thus enlightening the reader to this very different part of the world. This is not just another book extolling the virtues of Australia. Rather it is a series of stories written by an Australian. The stories give a concise view of life in Australia and include information on the geography, climate, animals, people, major points of interest and culture. Australia is a country comprising a whole continent and as such it was essentially cut off from the rest of the world until not much more than 200 years ago. That enabled the oldest living culture, the Australian Aboriginals, to survive and thrive and, since colonisation by Britain in 1788, we now see a nation that has the descendants of that ancient Aboriginal culture living alongside people from all over the world. Australia is now both an ancient and a modern society with a living standard amongst the highest in the world - and our fair go culture plays a very large role in that achievement. Fiercely independent and democratic, Australia and Australians are indeed unique. I trust you enjoy reading this book as much as I enjoyed writing it, and maybe you will join the many millions of people who visit Australia every year!.

**Contemporary Australian Playwriting** Chris Hay, Stephen Carleton, 2022-11-29 Contemporary Australian Playwriting provides a thorough and accessible overview of the diverse and exciting new directions that Australian Playwriting is taking in the twenty-first century. In 2007, the most produced playwright on the Australian mainstage was William Shakespeare. In 2019, the most produced playwright on the Australian mainstage was Nakkiah Lui, a Gamilaroi and Torres Strait Islander woman. This book explores what has happened both on stage and off to generate this remarkable change. As writers of colour, queer writers, and gender diverse writers are produced on the mainstage in larger numbers, they bring new critical directions to the twenty-first century Australian stage. At a politically turbulent time when national identity is fractured, this book examines the ways in which Australia's leading playwrights have interrogated, problematised, and tried to make sense of the nation. Tracing contemporary trends, the book takes a thematic approach to the re-evaluation of the nation that is dramatized in key Australian plays. Each chapter is accompanied by a duologue between two of the playwrights whose work has been analysed, to provide a dual perspective of theory and practice.

Onscreen Allusions to Shakespeare Alexa Alice Joubin, Victoria Bladen, 2022-05-05 Allusions to Shakespeare haunt our contemporary culture in a myriad of ways, whether through brief references or sustained intertextual engagements. Shakespeare's plays and motifs have been appropriated in fragmentary forms onstage and onscreen since motion pictures

were invented in 1893. This collection of essays extends beyond a US-UK axis to bring together an international group of scholars to explore Shakespearean appropriations in unexpected contexts in lesser-known films and television shows in India, Brazil, Russia, France, Australia, South Africa, East-Central Europe and Italy, with reference to some filmed stage works.

Gender, Madness, and Colonial Paranoia in Australian Literature Laura Deane, 2017-05-31 This book offers an original and compelling analysis of women's madness, gender and the Australian family. Taking up Anne McClintock's call for critical works that psychoanalyze colonialism, this radical re-assessment of novels by Christina Stead and Kate Grenville provides a sustained account of women's madness and masculine colonial psychosis from a feminist postcolonial perspective. This book rethinks women's madness in the context of Australian colonialism. Taking novels of madness by Christina Stead and Kate Grenville as its point of critical departure, it applies a post-Reconciliation lens to the study of Australia's gender and racial codes, to place Australian sexism and misogyny in their proper colonial context. Employing madness as a frame to rethink postcolonial theorizing in Australia, *Gender, Madness, and Colonial Paranoia in Australian Literature* psychoanalyses colonialism to argue that Australia suffers from a cultural pathology based in the strategic forgetting of colonial violence. This pathology takes the form of colonial paranoia about 'race' and gender, producing distorted gender codes and ways of being Australian. This book maps the contours of Australian colonial paranoia, weaving feminist literary theory, psychoanalysis and postcolonial theory with poststructuralist approaches to reassess the traditional canon of critical madness scholarship, and the place of women's writing within it. This provocative work marks a radical departure from much recent feminist, cultural, and postcolonial criticism, and will be essential reading for students of Australian literature, cultural studies and gender studies wanting a new insight into how the Australian psyche is shaped by settler colonialism.

*Young Children's Community Building in Action* Louise Gwenneth Phillips, Jenny Ritchie, Lavina Dynevor, Jared Lambert, Kerry Moroney, 2019-07-04 Rethinking the concepts of citizenship and community in relation to young children, this groundbreaking text examines the ways in which indigenous understandings and practices applied in early childhood settings in Australia and New Zealand encourage young children to demonstrate their care and concern for others and so, in turn, perceive themselves as part of a larger community. *Young Children's Community Building in Action* acknowledges global variations in the meanings of early childhood education, of citizenship and community building, and challenges widespread invisibility and disregard of Indigenous communities. Through close observation and examination of early years settings in Australia and New Zealand, chapters demonstrate how practices guided by Aboriginal and Māori values support and nurture children's personal and social development as individuals, and as citizens in a wider community. Exploring what young children's citizenship learning and action looks like in practice, and how this may vary within and across communities, the book provides a powerful account of effective pedagogical approaches which have been long excluded from mainstream dialogues. Written for researchers and students of early childhood education and care, this book provides insight into what

citizenship can be for young children, and how Indigenous cultural values shape ways of knowing, being, doing and relating.

Pivoting and Producing for Online TV Alexa Scarlata, 2025-05-02 The introduction and diffusion of international subscription video-on-demand (SVOD) services in the 2010s represented the most significant disruption of established national broadcast and pay-TV ecologies in their long history. Using an in-depth Australian case study, this book narrates this profound period of proliferation. It also considers how incumbent commercial networks, pay-TV providers and public service broadcasters developed into online TV providers, albeit in assorted ways. In so doing, it conceives of the early impact of online TV (2015-2020) more broadly and acknowledges the role of both new and old TV players. The industry-wide shift towards online TV over this period also impacted existing television drama production cultures. SVOD services provided a fruitful avenue for the distribution of existing archives and slowly began to support the production of new Australian content with an increasingly global focus. However, the formal arrival of online TV certainly did not usher in the boom in original local television drama many anticipated. *Pivoting and Producing for Online TV: Australia's Transition* advances the macro-analysis of television production strategies. This book will be useful to students and researchers interested in media, film, and cultural studies.

**Il giro del mondo in 34 montagne** Martina Tommasi, 2025-11-21 Dalle leggende dei popoli antichi alle imprese sugli ottomila: il racconto epico delle montagne che hanno fatto la storia. Cime sacre, miti, scalate e spedizioni leggendarie. Un viaggio tra i cinque continenti, una storia intima delle catene e delle vette che hanno segnato il nostro destino. Storie, miti e imprese sulle vette Dalle Alpi all'Himalaya, dal Fuji alle Montagne Rocciose, dalle Ande della civiltà incaica alle transumanze appenniniche, dal Kilimangiaro all'Uluru: protagoniste di queste pagine sono montagne di tutto il mondo che hanno plasmato la storia dell'umanità. Nel racconto di Martina Tommasi, l'epica letteraria dell'assalto alla vetta si unisce alle leggende popolari tramandate per via orale e a una ricostruzione del ruolo delle montagne nella nostra e in altre civiltà. Un tempo, il mito della Montagna Sacra accomunava le genti di ogni angolo del globo, e il timore degli spiriti delle rocce agitava i loro sonni. Poi la montagna fu vista soprattutto come vitale risorsa alimentare, e ancora come traguardo da conquistare, luogo di escursioni memorabili e meta di spedizioni scientifiche; fino ai giorni nostri, in cui le vette sono aggredite da un turismo spesso privo di scrupoli. Un viaggio affascinante tra le grandi catene dei cinque continenti, alla scoperta di ciò che le montagne rivelano della storia e della condizione umana. Tra gli argomenti trattati: - La Montagna Sacra, dimora degli dèi - Storie, credenze e simbologie delle grandi civiltà montane - Le più incredibili imprese dell'alpinismo - La montagna nelle tradizioni religiose - I luoghi della Grande Guerra - Profili e alture che hanno ispirato artisti, scrittori e registi - Himalaya, sul tetto del mondo - Passi e vette come confine e terreno di conquista - Dal fascino solenne delle escursioni all'overtourism Martina Tommasi (Trieste, 1976), storica e editor, è collaboratrice della rivista «Storica National Geographic». Fra le sue pubblicazioni ricordiamo: *Borderwine. I Pionieri del Vino in Friuli-Venezia Giulia, Pierabeche. Ricette dalla colonia e i primi*

quattro volumi delle Divagazioni gastronomiche sull'Ulisse di Joyce: Le mandrie del Sole, Calypso, Telemaco e Lestrigoni. Inoltre è autrice del libro per bambini Erazem Predjamski - Erasmo da Predjama di cui ha realizzato anche le illustrazioni. La Newton Compton ha pubblicato Il giro del mondo in 34 montagne.

**Somewhere in the Double Rainbow** Cheryl Stobie, 2007 Bisexuality has been explored in increasing numbers of South African novels published since 1994. In a society previously dominated by an either/or mindset, what does this development signify? The innovative *Somewhere in the Double Rainbow* answers this question by examining a number of these novels in depth, looking at South African literature, the nation, and citizenship in a new light.
