Nomination of Clarence Thomas to be an Associate Justice of the United States Supreme Court ,1991

The Almanac of Quotable Quotes from 1991 Ronald D. Pasquariello,1992 The quote book of the year is back, with the most profound, the most significant, and the most absurd quotations from 1991--all in one timely volume. This irresistible collection will delight anyone with an interest in current events and the people who made them.

A Concise Encyclopedia of Legal Quotations Elizabeth Frost-Knappman,2003

Judging Thomas Ken Foskett,2009-10-13 Clarence Thomas, the youngest and most controversial member of the Supreme Court, could become the longest-serving justice in history, influencing American law for decades to come. Who is this enigmatic man? And what does he believe in? Judging Thomas tells the remarkable story of Clarence Thomas's improbable journey from hardscrabble beginnings in the segregated South to the loftiest court in the land. With objectivity and balance, author Ken Foskett chronicles Thomas's contempt for upper-crust blacks who snubbed his uneducated, working-class roots; his flirtation with the priesthood and, later, Black Power; the resentment that fueled his opposition to affirmative action; the conservative beliefs that ultimately led him to the Supreme Court steps; and the inner resilience that propelled him through the doors. Based on interviews with Thomas himself, fellow justices, family members, and hundreds of friends and associates, Judging Thomas skillfully unravels perhaps the most complex, controversial, and powerful public figure in America today.

Black Labor, White Wealth Claud Anderson,1994 An historical analysis of racism and the problem with Black Americans. The research in this book is the foundation for the solutions formulated in PowerNomics: The National Plan to Empower Black America.

Justice Kennedy's Jurisprudence Frank J. Colucci,2009 Examines the judicial philosophy of Supreme Court Justice Anthony M. Kennedy, who has been the critical swing vote on the Court for the last 20 years.

Diverse Issues in Higher Education ,2007-06

The Right Women Elinor Burkett,1998 From a fearless and forthright journalist comes this lively, often surprising, always even-handed exploration of the growing anti-feminism movement--based on more than 100 interviews with conservative women.

See You in Court Thomas Geoghegan,2007 How Conservatives have created a litigious society in which Americans have no recourse but to sue one another.

Teachers Matter Stephen M. Caliendo,2000-07-30 Caliendo examines the results of a comprehensive study of how students learn about American Government. The working premise is that while many political attitudes formed during adolescent socialization are open to change throughout one's life, latent attitudes that are not salient and, thus, are not challenged with new information provided by media or other communications are more likely to persist into adulthood. He focuses on diffuse support for the United States Supreme Court and argues that how students are taught about the Court in high school is likely to have a particularly lasting effect due to the Court's relative invisibility. Drawing from interviews with teachers, analysis of Government textbooks, and student surveys, the findings suggest that teachers make a difference in how students perceive parts of the political system (particularly the Supreme Court). This is particularly relevant for more abstract parts of the system since those types of attitudes are unlikely to be challenged through the mass media throughout one's life. Normative discussion of the role of schools in educating for democracy suggests that there is a problem of priority as well as approach. Putting social science on the back burner may have important ramifications, as students are not asked to think critically about the American political system and their role within it. Of particular interest to scholars, researchers, and policy makers involved with social science education and political socialization.

The Library Journal ,1993 Includes, beginning Sept. 15, 1954 (and on the 15th of each month, Sept.-May) a special section: School library journal, ISSN 0000-0035, (called Junior libraries, 1954-May 1961). Also issued separately.

General Turner Ashby Clarence Thomas,1907

Capitol Games Timothy M. Phelps,Helen Winternitz,1993 A riveting behind-the-scenes look at the Thomas Supreme Court nomination hearings, told by the first print journalist to break the story of Hill's allegations of sexual harassment. Based on extensive interviews and prodigious research, this definitive account of these history-making hearings presents far-reaching implications for the political landscape of our country.

Against the Imperial Judiciary Matthew J. Franck,1996 Franck's reexamination of the place of natural law in the early

Supreme Court is fresh, illuminating, and long overdue. His scholarship is incisive and profound; and the exegeses of early Supreme Court opinions are often brilliant. -- Robert L. Clinton, author of *Marbury v. Madison* and *Judicial Review*.
