Italian Women Writers from the Renaissance to the Present Maria Marotti, 2010-11-01

A Guide to Italian Language and Culture for English-Speaking Learners of Italian Barbara Gabriella Renzi, 2019-02-01

This Italian textbook is divided into two parts. The first consists of texts and dialogues, which help the reader to have fun while learning Italian. This section is also peppered with grammar lessons. The second part uses a number of photos, which encourage students to speak about what they see. Its topics are culturally interesting, and include cities to visit, recipes and small biographies of famous Italian poets and writers. As such, the book is suitable for students who are at beginner and post-beginner levels; in other words, A1, A2, B1, and B2. Students of the latter level can use the first two parts of the book to revise what they have studied in the past and the third part to improve their vocabulary and their reading skills. One of the strengths of this book is in its recordings, which used several people with a range of different accents. Such variety of accents and voices represents a good training tool for the student of Italian. The book also includes contributions from Michela Dettori, Michela Esposito, Elsa Musacchio, Davide Renzi, Lea De Negri, Denise Pellini, Maria Andreana Deiana, Lia Renzi, Clara Lucci and Flavia Rovella, which serve to make it unique and interesting.

Monna Lisa e i suoi misteri Beatriz Maria Mikusinski Zawislak, 2021-10-20 Questo libro narra la storia della Monna Lisa di Leonardo da Vinci, costruita attraverso un approccio didattico in modo da rendere la presentazione delle informazioni sufficientemente accessibile, anche per coloro che non sono esperti nell'ambito della Storia o della Storia dell'Arte. Ad ogni modo, il libro presenta informazioni ben documentate grazie ai contributi di alcuni dei ricercatori più rinomati di questo campo. Prima di trattare il tema del libro, è presentata la storia dei primi tre ritratti di donne dipinti da Leonardo da Vinci: il Ritratto di Ginevra de' Benci; il ritratto noto come La Dama con l'ermellino e il ritratto de La Belle Ferronnière, con l'intento, a partire da queste tre opere, di osservare il processo creativo ed evolutivo di Leonardo nella pittura di ritratti (quadri non religiosi), prima di dipingere la sua famosa Monna Lisa, che viene poi analizzata sotto vari aspetti.

Sofonisba Anguissola Cecilia Gamberini, 2024-04-02 Sofonisba Anguissola (ca. 1532-1625), an Italian Renaissance painter born in Cremona to a relatively poor noble family, was one of the first women artists to establish an international reputation during her lifetime. This stunningly illustrated monograph explores the evolution of Anguissola's art from her youth in Cremona through her service as a lady-in-waiting to the Spanish queen Elisabeth of Valois to her later years as a married woman in Sicily and Genoa. Alongside discussions of Anguissola and her work, author Cecilia Gamberini offers a tantalizing exploration of Renaissance court life, detailing how the circles of influence and power operated. This volume highlights the social, political, and cultural preconditions surrounding Anguissola's role in the court of King Philip II of Spain and her ascent to becoming an internationally acclaimed painter. Gamberini draws on archival documentation, as well as her own original research, to shine a new light on Anguissola's life, career, and work in this tribute to a truly groundbreaking artist.

Raffaello. I ritratti Marco Bussagli, 2021-03-10 NON DISPONIBILE PER KINDLE E-INK, PAPERWHITE, OASIS. Pittore e architetto, fu uno dei più famosi artisti del suo tempo, mitizzato già in vita, oggi ritenuto tra i massimi artefici del Rinascimento. In questo dossier affrontiamo la sua attività di ritrattista, genere nel quale eccelleva e che contribuì fortemente al suo successo. Potenza, monumentalità, eleganza, aderenza alla fisionomia del soggetto erano le caratteristiche che contraddistinguevano i ritratti di Raffaello da quelli di altri artisti del suo tempo, quasi una garanzia di eternità.
