**Of Sondry Folk** R. M. Lumiansky,2014-08-19 Two hundred years before Shakespeare observed that “all the world’s a stage,” another writer with a flair for drama realized the same fact. This writer was Geoffrey Chaucer. Chaucer, however, presented his dramatic efforts through the medium of short stories, and he is regularly referred to as one of the world’s great storytellers. Yet there are certain questions which arise time and again in the minds of literary scholars. Most of the tales in the Canterbury collection are excellent, but why did Chaucer include such obviously poor recitals as the dull “Melibeus” and the lengthy “Parson’s Tale”? Did he fail to recognize their lack of literary merit? Or were those of his stories which seem so dull to modern readers really popular in fourteenth-century England? Of Sondry Folk is Lumiansky’s answer to such questions. But it is more than that. It is the revelation of Chaucer as dramatic writer. Chaucer, says Lumiansky, did not intend primarily to tell a series of good tales. Instead, he chose tales which suited his purpose of dramatic exposition of character. And the characters, though drawn from many walks of life, are not stereotypes. Their tales not only disclose what the Pilgrims think of themselves but reveal these Pilgrims as they really are—dull, romantic, egotistical, pious, or lustful. Not all readers will agree with Lumiansky’s conclusions in this book. But his scholarship, his clear, uninvolved prose, and his wit and frankness make of it an excellent handbook for the student of the Canterbury Tales. Of Sondry Folk will increase the enjoyment and understanding of Chaucer’s art for any reader, lay or scholarly.

Begun in 1899, the publication of about three new volumes each year is gradually creating an encyclopedic history of the counties, ranging from earliest times to the present. For each county there is or is planned a set of volumes, containing general chapters on subjects such as prehistory and ecclesiastical and economic history, and topographical chapters giving a comprehensive, fully referenced account of each city, town and village in the county. Fourteen county sets have been completed; work is in progress on a further thirteen.

Critica Et Philologica, Nachleben, First Two Centuries, Tertullian to Arnobius, Egypt Before Nicaea, Athanasius and His Opponents Maurice Wiles, Edward Yarnold, Paul M. Parvis, 2001 Papers presented at the Thirteenth International Conference on Patristic Studies held in Oxford 1999 (see also *Studia Patristica* 34, 35, 37 and 38). The successive sets of *Studia Patristica* contain papers delivered at the International Conferences on Patristic Studies, which meet for a week once every four years in Oxford; they are held under the aegis of the Theology Faculty of the University. Members of these conferences come from all over the world and most offer papers. These range over the whole field, both East and West, from the second century to a section on the *Nachleben* of the Fathers. The majority are short papers dealing with some small and manageable point; they raise and sometimes resolve questions about the authenticity of documents, dates of events, and such like, and some unveil new texts. The smaller number of longer papers put such matters into context and indicate wider trends. The whole reflects the state of Patristic scholarship and demonstrates the vigour and popularity of the subject.
