**David M. Hassenzahl,Linda R. Berg,Mary Catherine Hager**

**Values and Ethics in Social Work** Chris Beckett,Andrew Maynard,2012-11-13 What are my values? What are the values of others around me? What are the values and ethics of the social work profession? An awareness of our own ethical assumptions, and how these inform our practice, is crucial for the student social worker. The second edition of this bestselling book is now split into two parts. Part 1 considers the foundations of every person's values and provides a background to moral philosophy. Part 2 examines key ethical issues and how they determine practice, such as using power, allocating resources, treating others with respect and celebrating diversity. For the second edition, two new chapters have been added to the book, on: - The political dimension in ethical decision making - Realism as a guiding ethical principle. Written in a uniquely straightforward style, everyday social work practice is the key focus throughout. Every chapter includes interactive exercises and case studies, challenging you to reflect on a range of practical dilemmas. Visit the accompanying companion website for videos of the authors discussing the issues covered in each chapter of the book. These short clips will aid and enhance your understanding of the importance of values and ethics in each area of social work. Chris Beckett and Andrew Maynard's book is essential reading for all undergraduate and postgraduate social work students.

**The Age of Entrepreneurship Education Research** Andrew C. Corbett,Louis D. Marino,Gry A. Alsos,2023-04-20 The collection of renowned entrepreneurship education researchers explores topics such as the theory of ideation, how to develop an expertise approach, how to reimagine entrepreneurship education to promote gender equality, how to activate an entrepreneurial mindset for neuro-diverse students, and more.

Introduction to Teaching Donald Kauchak,Paul D. Eggen,2008 Accompanying DVD-ROM contains videos of teachers and students in their classrooms and videos bringing to life current and controversial educational issues.

*Forensic Accounting and Fraud Examination* Mary-Jo Kranacher,Richard Riley,2023-12-19 The gold standard in textbooks on forensic accounting, fraud detection, and deterrence In the newly revised third edition of *Forensic Accounting and Fraud Examination*, a team of renowned educators provides students and professionals alike with a comprehensive introduction to forensic accounting, fraud detection, and deterrence. Adhering to the model curriculum for education in fraud and forensic

accounting funded by the US National Institute of Justice, this leading textbook offers real-world practicality supported by effective learning pedagogies and engaging case studies that bring technical concepts to life. Covering every key step of the investigative process, *Forensic Accounting and Fraud Examination* contains 32 integrated IDEA and Tableau software cases that introduce students to the practical tools accounting professionals use to maximize auditing and analytic capabilities, detect fraud, and comply with documentation requirements. Numerous case summaries, “The Fraudster’s Perspective” boxes, and detailed discussions of a wide range of accounting issues provide students and practitioners with the tools they’ll need to successfully investigate, prosecute, research, and resolve forensic accounting issues and financial fraud. The perfect resource for students of forensic accounting and fraud examination, as well as practitioners in the field, *Forensic Accounting and Fraud Examination, Third Edition*, will also prove invaluable for academics and researchers with an interest in the subject.

*Introduction to Teaching* Donald P. Kauchak, Paul D. Eggen, 2005 The second edition of the best-selling case-based introduction to teaching text, *Introduction to Teaching: Becoming A Professional*, is organized around three themes-- Professionalism, Reform, and Decision Making--which provide the threads that bind the topics of the chapters together. As the only case-based introduction to teaching text, each chapter begins with a case study that provides a framework for the discussions that follow and helps the reader understand how chapter topics relate to the real world of teaching. NEW! Expanded emphasis on decision making as a critical aspect of professionalism is introduced as a theme in Chapter 1 and further developed at the end of each chapter in a section titled Decision Making: Defining Yourself as a Professional. In this section students are asked to think about personal and professional decisions that will influence the kinds of teachers they will be. NEW! Expanded development of professionalism in Chapter 1 also includes discussion of INTASC principles, Praxis II, and professional portfolios, and continues throughout each chapter to help students understand what professionalism means and how it is connected to classroom planning and practice. NEW! Praxis Practice, a case-based, end-of-chapter feature, helps students prepare to successfully pass the Praxis II exam. Readers can submit their responses and receive feedback on our companion website. NEW! Chapter case studies and corresponding icon are reformatted to help readers identify and more easily make the connection between the cases, chapter content, and classroom application. Continued in this edition are the popular features Reflect on This, Teaching in an Era of Reform, and Exploring Diversity which encourage the readers to visit the companion website for further research and applications.

*Ethics for Managers* Joseph Gilbert, 2025-08-19 *Ethics for Managers* introduces students to the philosophical underpinnings of business ethics and translates this theory into practical terms, demonstrating the moral implications of the

decisions managers make. It explains the decision-making processes and constraints that managers face, regardless of their level or function. It then proceeds to show how to identify and analyze the ethical aspects of these decisions. This third edition features updated examples and references throughout. It contains new material on managing employees working from home, increased emphasis on the pattern aspects of individual decisions and on the systemic constraints that affect managers' decisions. There is a completely new chapter on artificial intelligence. This chapter explains at a basic level what artificial intelligence is, and examines its impact on decisions concerning the hiring, monitoring, evaluating, profiling and termination of employees. Student-friendly features include learning objectives at the beginning of each chapter, examples that demonstrate real-world business decisions, and end of chapter discussion questions. These discussion questions provide opportunities for applying chapter materials to actual decisions and can stimulate class discussion or serve as test questions. Students will find this compact, well-organized text a useful tool for understanding ethics in the digital age.

*Environment* David M. Hassenzahl, Mary Catherine Hager, Nancy Y. Gift, Linda R. Berg, Peter H. Raven, 2018-02-23 *Environment*, Tenth Edition helps students understand the connection between the core concepts of the Environmental Science and their daily lives. The 10th edition enhanced e-text features a rich, interactive collection of current case studies and in-text examples, which provides students with the tools to understand, apply, and think critically about environmental science. It also provides instructors with powerful tools to assess individual students' progress as well as the class as a whole.

*Environment* Peter H. Raven, Linda R. Berg, David M. Hassenzahl, 2012-12-17 Raven's 8th edition of *Environment* offers more detailed content than the *Visualizing* text for a better understanding and integration of the core environmental systems and to view and analyze the role those systems play. Shorter, but still comprehensive coverage focuses on ethical decision making and key local environmental science issues, requiring readers to think critically about the course material outside of the classroom. Other features include brief text in the comprehensive segment; extensive chapter pedagogy to help reinforce the systems approach; more opportunities to think critically about how systems intersect and fit together; and new data interpretation questions at the end of each chapter--

*Philosophy* Brooke Noel Moore, Kenneth Bruder, 1993 One of the most widely adopted texts in the field, *Philosophy: The Power of Ideas* offers a topical introduction to philosophy within an overarching historical framework. The goal of the authors is to make philosophy understandable while not oversimplifying the material, showing that philosophy contains powerful ideas that affect the lives of real people.

*Philosophical Issues in Tourism* John Tribe, 2009 The aim of this book is to bridge the disciplines of philosophy and tourism and to provide an analysis and application of philosophical issues of tourism. In doing so this book focuses on three key areas of knowledge, aesthetics and values.

**Visualizing Environmental Science** Linda R. Berg, David M. Hassenzahl, Mary Catherine Hager, 2010-09-22 The new

third edition provides environmental scientists with an approach that focuses on visuals rather than excessive content. The streamlined coverage discusses the basic science so students walk away with a strong understanding of the facts. New Think Critically and Data Interpretation features encourage them to analyse visuals and graphs to place information in context. The illustrations have been improved and additional opportunities to conduct real data analysis have been added. The What a Scientist Sees feature also gives environment scientists a real-world perspective of how a concept or phenomenon is applied in the field.

*Handbook of Neonatal Intensive Care* Gerald B. Merenstein, Sandra L. Gardner, 2002 This practical, multidisciplinary team approach to care of the critically ill neonate contains just the right amount of physiology and pathophysiology content to inform clinical considerations. Content also covers the psychosocial aspects of care.

*Palliative Care Nursing* Marianne Matzo, Deborah Witt Sherman, 2001 This book is organized around the 15 competencies in palliative care developed by the American Association of Colleges of Nursing.

**End-of-life Care** Joan McCarthy, 2011 This title offers an ethical framework for end-of-life decision making in healthcare settings. Its objective is to foster and support ethically and legally sound clinical practice in end-of-life treatment and care in Ireland.

**Authentic Educating** Robert Leahy, 2009-08-24 In *Authentic Educating*, Leahy describes teaching methods that can be used in every discipline and strategies that work in classrooms from elementary to graduate school. Authentic educating integrates several philosophic perspectives to yield theory and practice that encourages high levels of teaching and learning in elementary through graduate school. Authentic educating helps students to understand concepts from mathematics to chemistry to music and language arts in ways that engage them cognitively and emotionally. Authentic educative events are project-oriented and include personal and academic products. Projects entail students doing and making things guided by powerful learning tools. Personal products include: reaction papers, personal journals, concept maps, performing plays, and constructing Vee diagrams. Academic products include: essays, term papers, field journals, exams, concept maps to summarize novels and articles, panel presentations and discussions, and Vees. The aim of this book is to create authentic

relationships that resonate within the principles of democracy upon which this country was founded. Readers can gain a deeper understanding of the teaching methods described in this book by viewing the video samples featured on the Authentic Educating website, [www.authenticeducating.com](http://www.authenticeducating.com).
