Encyclopedia of Rape and Sexual Violence Merrill D. Smith, 2018-05-03 This two-volume set provides an authoritative overview of rape and other forms of sexual violence, containing the latest information about victims and perpetrators; events, laws, and trends related to sexual violence; and attitudes toward it. This encyclopedia will help readers to develop a deeper understanding of rape and other forms of sexual violence in the United States and around the world. Content illuminates all aspects of this serious issue, including the forms of trauma experienced by survivors/victims; different types of rape, from incest to acquaintance rape to prison rape; specific cases, events, and controversies; laws, policies, movements, and organizations pertaining to the issue; and legal, political, and cultural contributors to rape and other forms of sexual violence. *Encyclopedia of Rape and Sexual Violence* follows an A-Z format, but instead of comprising brief overview entries, it features twenty chapters, each of which is a long-form entry that covers key perspectives, laws, court cases, and statistics on survivors/victims and perpetrators. Leading scholars' and activists' perspectives on the subject add depth to the information provided; the set also includes a selection of essential primary documents.

When Roe Fell Katrina Kimport, 2025-11-11 *When Roe Fell* examines the history, politics, and practical experiences of abortion leading up to the overturning of *Roe v. Wade*, placing this judicial decision in a longer history of abortion in the United States. Contributors delve into what the end of *Roe* revealed about abortion seekers, abortion provision, and abortion advocacy, demystifying abortion and abortion research, laying bare common misunderstandings and misinformation, and belying claims that the fall of *Roe* changed everything. Moving beyond legal frameworks, this volume is an opportunity to reorient scholarship and understanding about abortion, recognizing what was already true before *Roe* was overturned and how losing the protections of *Roe* forced, enabled, and perhaps even facilitated a new era of abortion.

Generation Z Corey Seemiller, Meghan Grace, 2018-11-02 No other generation in history has received as much coverage as the Millennial generation. Books, Google searches, blogs, and news articles are everywhere about them. Yet, Generation Z is comprised of our youth and young adults today and has received very little attention comparatively. Those in Generation Z are among our youngest consumers, students, colleagues, constituents, voters, and neighbors. Being able to better understand who they are and how they see the world can be helpful in effectively working with, teaching, supervising, and leading them. *Generation Z: A Century in the Making* offers insight into nearly every aspect of the lives of those in

Generation Z, including a focus on their career aspirations, religious beliefs and practices, entertainment and hobbies, social concerns, relationships with friends and family, health and wellness, money management, civic engagement, communication styles, political ideologies, technology use, and educational preferences. Drawing from an unprecedented number of studies with higher education research institutions, market research firms such as Pew and Census, other generational researchers and industry leaders, this is the authoritative defining work on Generation Z that market researchers, consumer behaviour specialists, and employers sorely need – and it is a fascinating read for anyone interested in the sociology of generations.

Higher Ground Alison Taylor, 2024-02-13 Named one of the Best books of 2024: Business by the Financial Times An indispensable guide to help companies navigate the new era of ethical challenges and risks in a volatile global landscape. Today's headlines teem with employee unrest over racial injustice, communities infuriated by corporate environmental impacts, staff anxiety over surveillance, public outrage over corruption in business, and discoveries of child labor in supply chains. We've traveled far and fast from the old world of business ethics, where black-and-white concerns about bribery and fraud could be addressed via rules and processes. Simply maximizing shareholder value while not breaking the law is no longer a tenable approach, but we've never been so confused about what it means to do the right thing—and why it's so important. In this eye-opening, essential book, NYU Stern ethics professor Alison Taylor argues that amid stakeholder demands and transparency pressures, we can no longer treat ethics as merely a legal and reputational defense mechanism. Leaders at Davos and the Business Roundtable have called for a new corporate responsibility paradigm, but organizations struggle to implement these ideas in an atmosphere of heightened expectations and intense suspicion. Offering vivid stories and examples from years working in anti-corruption and advising companies on ethics, Taylor brings this complex, risky environment alive to provide a blueprint for how leaders can rethink and reshape their practices. How can CEOs cut through the noise to set robust environmental and social priorities? When should they speak out on contentious social and political issues—and how? What does it really take to build a healthy organizational culture? How are we to approach corporate values when society itself is so divided? Higher Ground shows leaders how business can navigate this messy paradigm shift, build trust, and achieve long-term strategic advantage in a turbulent world.

Streaming Media and Cultural Memory in a Postdigital Society Renira Rampazzo Gambarato, Johannes Heuman, 2024-12-31 This book offers a relevant contribution to the studies of streaming media and transmediality with an original approach of cultural sustainability perfectly intertwined with cultural memory beyond borders. By critically reflecting on popular streaming media series, the book identifies their impact on the global circulation of cultural memory, their learning potential for educational purposes, and the societal challenges and opportunities that emerge from the ubiquitous streaming media penetration and potential for participatory practices. It also investigates how series available worldwide on commercial platforms such as Netflix and Max contribute to the global circulation of cultural memories, in

addition to illuminating the ethical, (un)sustainable, and educational concerns involved in the fictionalization of the past. Drawing on the authors' expertise in media studies and history, this transdisciplinary book will interest scholars in the fields of media studies, cultural studies, memory studies, history, transmedia studies, education, postdigital studies, television studies, social communication, sociology, and philosophy.

The Handmaid's Tale Margaret Atwood, 2011-09-06 An instant classic and eerily prescient cultural phenomenon, from "the patron saint of feminist dystopian fiction" (New York Times). Now an award-winning Hulu series starring Elizabeth Moss. In this multi-award-winning, bestselling novel, Margaret Atwood has created a stunning Orwellian vision of the near future. This is the story of Offred, one of the unfortunate "Handmaids" under the new social order who have only one purpose: to breed. In Gilead, where women are prohibited from holding jobs, reading, and forming friendships, Offred's persistent memories of life in the "time before" and her will to survive are acts of rebellion. Provocative, startling, prophetic, and with Margaret Atwood's devastating irony, wit, and acute perceptive powers in full force, *The Handmaid's Tale* is at once a mordant satire and a dire warning.

From Sit-Ins to #revolutions Olivia Guntarik, Victoria Grieve-Williams, 2020-01-23 From Sit-Ins to #revolutions examines the evolution and growth of digital activism, while at once outlining how scholars theorize and conceptualize the field through new methodologies. As it closely examines the role that social and digital media play in enabling protests, this volume probes the interplay between historical and contemporary protests, emancipation and empowerment, and online and offline protest activities. Drawn from academic and activist communities, the contributors look beyond often-studied mass action events in the USA, UK, and Australia to also incorporate perspectives from overlooked regions such as Aboriginal Australia, Thailand, Mexico, India, Jamaica and Black America. From illustrating the allure of political action to a closer look at how digital activists use new technologies to push toward reform, *From Sit-Ins to #revolutions* promises to shed new light on key questions within activism, from campaign organization and leadership to messaging and direct action.

Religion of White Rage Finley Stephen C. Finley, 2020-09-21 Critically analyses the historical, cultural and political dimensions of white religious rage in America, past and present This book sheds light on the phenomenon of white rage, and maps out the uneasy relationship between white anxiety, religious fervour, American identity and perceived black racial progress. Contributors to the volume examine the sociological construct of the e;white labourere;, whose concerns and beliefs can be understood as religious in foundation, and uncover that white religious fervor correlates to notions of perceived white loss and perceived black progress. In discussions ranging from the Constitution to the Charlottesville riots to the evangelical community's uncritical support for Trump, the authors of this collection argue that it is not economics but religion and race that stand as the primary motivating factors for the rise of white rage and white supremacist sentiment in the United States.

The Digital Stage Helen Kerr, Nigel Smith, 2025-11-26 *The Digital Stage: Technology and the Future of Performing Arts* explores the implications and applications of contemporary and emergent digital technologies, from a leadership perspective as well as an audience engagement and an artistic and production perspective. From this broad survey of the industry, readers will develop a new understanding for the use of digital technologies in the creation, staging, performing, marketing, distributing and selling of the performing arts. It is essential for the sector to explore and proactively consider adoption of new and disruptive technologies, to ensure the long-term viability of arts institutions and for the sector at large to remain relevant in a rapidly changing context. *The Digital Stage* seeks to frame a strategic view of the performing arts sector through this lens to understand new practices, identify challenges and barriers ahead and determine key digital technologies that can enable change. The book is organized into three parts: Technology Next, Technology Now and Technology Nexus, and will be of interest to arts managers, production managers and leaders in the performing arts industry.

2030 Mauro F. Guillén, 2025-09-23 AN INTERNATIONAL BESTSELLER Wall Street Journal Bestseller A Porchlight Book Bestseller Financial Times Best Books of 2020 Yahoo Finance Favorite Business Books of 2020 JP Morgan NextList 2021 selection Bold, provocative...illuminates why we're having fewer babies, the middle class is stagnating, unemployment is shifting, and new powers are rising. — ADAM GRANT The world is changing drastically before our eyes—will you be prepared for what comes next? A groundbreaking analysis from one of the world's foremost experts on global trends, including analysis on how COVID-19 will amplify and accelerate each of these changes. Once upon a time, the world was neatly divided into prosperous and backward economies. Babies were plentiful, workers outnumbered retirees, and people aspiring towards the middle class yearned to own homes and cars. Companies didn't need to see any further than Europe and the United States to do well. Printed money was legal tender for all debts, public and private. We grew up learning how to play the game, and we expected the rules to remain the same as we took our first job, started a family, saw our children grow up, and went into retirement with our finances secure. That world—and those rules—are over. By 2030, a new reality will take hold, and before you know it: - There will be more grandparents than grandchildren - The middle-class in Asia and Sub-Saharan Africa will outnumber the US and Europe combined - The global economy will be driven by the non-Western consumer for the first time in modern history - There will be more global wealth owned by women than men - There will be more robots than workers - There will be more computers than human brains - There will be more currencies than countries All these trends, currently underway, will converge in the year 2030 and change everything you know about culture, the economy, and the world. According to Mauro F. Guillén, the only way to truly understand the global transformations underway—and their impacts—is to think laterally. That is, using peripheral vision, or approaching problems creatively and from unorthodox points of view. Rather than focusing on a single trend—climate-change or the rise of illiberal regimes, for example—Guillén encourages us to consider the dynamic inter-play between a range of forces that will converge on a single

tipping point—2030—that will be, for better or worse, the point of no return. 2030 is both a remarkable guide to the coming changes and an exercise in the power of lateral thinking, thereby revolutionizing the way you think about cataclysmic change and its consequences.

The Handmaid's Tale Margaret Atwood, 1998-03-16 #1 NEW YORK TIMES BESTSELLER • An instant classic and eerily prescient cultural phenomenon, from “the patron saint of feminist dystopian fiction” (The New York Times). Now an award-winning Hulu series starring Elizabeth Moss. Look for The Testaments, the bestselling, award-winning sequel to The Handmaid's Tale In Margaret Atwood's dystopian future, environmental disasters and declining birthrates have led to a Second American Civil War. The result is the rise of the Republic of Gilead, a totalitarian regime that enforces rigid social roles and enslaves the few remaining fertile women. Offred is one of these, a Handmaid bound to produce children for one of Gilead's commanders. Deprived of her husband, her child, her freedom, and even her own name, Offred clings to her memories and her will to survive. At once a scathing satire, an ominous warning, and a tour de force of narrative suspense, The Handmaid's Tale is a modern classic. Includes an introduction by Margaret Atwood

The Handmaid's Tale (Graphic Novel) Margaret Atwood, 2019-03-26 The stunning graphic novel adaptation • A must-read and collector's item for fans of “the patron saint of feminist dystopian fiction” (New York Times). Look for The Testaments, the sequel to The Handmaid's Tale In Margaret Atwood's dystopian future, environmental disasters and declining birthrates have led to a Second American Civil War. The result is the rise of the Republic of Gilead, a totalitarian regime that enforces rigid social roles and enslaves the few remaining fertile women. Offred is one of these, a Handmaid bound to produce children for one of Gilead's commanders. Deprived of her husband, her child, her freedom, and even her own name, Offred clings to her memories and her will to survive. Provocative, startling, prophetic, The Handmaid's Tale has long been a global phenomenon. With this beautiful graphic novel adaptation of Margaret Atwood's modern classic, beautifully realized by artist Renée Nault, the terrifying reality of Gilead has been brought to vivid life like never before.

The Handmaid's Tale Margaret Atwood, 2012-05-15 ** THE SUNDAY TIMES NO. 1 BESTSELLER ** Discover the dystopian novel that started a phenomenon. Offred is a Handmaid in The Republic of Gilead. She is placed in the household of The Commander, Fred Waterford - her assigned name, Offred, means 'of Fred'. She has only one function: to breed. If Offred refuses to enter into sexual servitude to repopulate a devastated world, she will be hanged. Yet even a repressive state cannot eradicate hope and desire. As she recalls her pre-revolution life in flashbacks, Offred must navigate through the terrifying landscape of torture and persecution in the present day, and between two men upon which her future hangs. 'A fantastic, chilling story. And so powerfully feminist' Bernadine Evaristo 'As relevant today as it was when Atwood wrote it' Guardian

The Handmaid's Tale Margaret Atwood, 2019-03-26 Provocative, startling, prophetic, and more relevant than ever, The

Handmaid's Tale has become a global phenomenon. Now, in this stunning graphic novel edition of Margaret Atwood's modern classic, the terrifying reality of Gilead is brought to vivid life like never before. Everything Handmaids wear is red: the colour of blood, which defines us. Offred is a Handmaid in the Republic of Gilead, where women are prohibited from holding jobs, reading, and forming friendships. She serves in the household of the Commander and his wife, and under the new social order she has only one purpose: once a month, she must lie on her back and pray that the Commander makes her pregnant, because in an age of declining births, Offred and the other Handmaids are valued only if they are fertile. But Offred remembers the years before Gilead, when she was an independent woman who had a job, a family, and a name of her own. Now, her memories and her will to survive are acts of rebellion. The Handmaid's Tale and its iconic images - the red of the Handmaids, the blue of the Wives, the looming Gileadean Eye - have been adapted into a film, an opera, a ballet, and multi-award-winning TV series. This groundbreaking new graphic novel edition, adapted and featuring arresting artwork by Renée Nault, is destined to become a classic in its own right.

Margaret Atwood's The Handmaid's Tale Margaret Atwood, 2001

SP-Handmaid's Tale-CC Margaret Atwood, 1998-03-16 When a Fundamentalist religious group gains power and implements a Fascist government, a social class of handmaids is created. Stripped of her former identity, Offred tells her tale of being reduced to her reproductive capabilities.

THE HANDMAID'S TALE - Summarized for Busy People Goldmine Reads, 2017-04-17 This book summary and analysis is created for individuals who want to extract the essential contents and are too busy to go through the full version. This book is not intended to replace the original book. Instead, we highly encourage you to buy the full version. Change has arrived in America. With it comes a new world order—the rise of a theocratic regime called the Republic of Gilead which takes the Old Testament at its every word. Margaret Atwood's *The Handmaid's Tale* is told through the eyes of Offred, one of the ill-fated Handmaids in the new Republic of Gilead. In the present world, Handmaids are stripped of their own names, their rights, their families, and even their ability to read and write. Now a mere possession of one of the new regime's formidable Commanders and his Wife, Offred's value lies only in her fertility and her capacity to bear a child. Gripping and grotesque, *The Handmaid's Tale* is a dystopian masterpiece that illustrates what could happen when the liberal transforms into the puritanical, and what people are capable of when the puritanical ultimately distorts into the radical. Wait no more, take action and get this book now!

The Handmaid's Tale (Graphic Novel) Margaret Atwood, 2019-03-26 Offred is a Handmaid in the Republic of Gilead, where women are prohibited from holding jobs, reading, and forming friendships. She serves in the household of the Commander and his wife, and under the new social order she has only one purpose: once a month, she must lie on her back and pray that the Commander makes her pregnant, because in an age of declining births, Offred and the other Handmaids

are valued only if they are fertile. But Offred remembers the years before Gilead, when she was an independent woman who had a job, a family, and a name of her own. Now, her memories and her will to survive are acts of rebellion. Provocative, startling, prophetic, *The Handmaid's Tale* has long been a global phenomenon. With this stunning graphic novel adaptation of Margaret Atwood's modern classic, beautifully realized by artist Renee Nault, the terrifying reality of Gilead has been brought to vivid life like never before.

Atwood's The Handmaid's Tale Gina Wisker, 2010-06-03 Margaret Atwood's popular dystopian novel *A Handmaid's Tale*, engages the reader with a broad range of issues relating to power, gender and religious politics. This guide provides an overview of the key critical debates and interpretations of the novel and encourages you to engage with key questions and readings in your reading of the text. It includes discussion of key themes and concepts including: - Representation of women's roles, gender, sexuality and power - Language, style and form - Dystopias and genre fictions - Power, control and religious fundamentalism. Combining helpful guidance on reading Atwood's text with overviews of significant stylistic and thematic issues and an introduction to criticism, this is an ideal companion to reading and studying *A Handmaid's Tale*.

The Handmaid's Tale Margaret Atwood, 1986-02-01 This visionary novel, in which God and Government are joined, and America is run as a Puritanical Theocracy, can be read as a companion volume to Orwell's 1984-its verso, in fact. It gives you the same degree of chill, even as it suggests the varieties of tyrannical experience; it evokes the same kind of horror even as its mordant wit makes you smile. E.L. Doctorow.
