The Rosicrucian Dream-Book: Containing Solutions of Over Three Thousand Different Dreams. Collected and Translated from the Old English, German, Norwegian, Etc. [By P. B. Randolph.] ROSICRUCIAN DREAM-BOOK.,1871

Description and Meaning in Three Novels by Gustave Flaubert Corrada Biazzo Curry,1997 This book examines the relationship between description and signification in three novels by Flaubert: Madame Bovary, Salammbô, and L'Education Sentimentale. Contrary to thematic or structuralist criticism, this study demonstrates how Flaubert's images fluctuate between the possibility of a mimetic or symbolic integration into the narrative continuity, and a resistance to interpretation which anticipates the modern self-referential novel. This critical analysis shows how Flaubert's descriptive passages are subject to various possibilities of meaning and non-meaning that disorient the readers by exposing them to ambiguous and unexpected forms of fictional discourse.

Interpersonal Development Rita Zukauskienė,2017-11-30 This volume brings together for the first time the papers which have shaped and defined the field of interpersonal development. It celebrates the maturation of the subject by bringing together the best work by scholars who have been instrumental in furthering the field. The twenty-seven essays describe developmental changes in interactions within specific close relationships, covering parent-child relationships, friendships and peer relationships, romantic and spousal relationships, and sibling relationships. They also detail characteristics of specific relationships and interconnections among these key features, as well as tying close relationships to individual outcomes. The essays are accompanied by an introduction which offers a brief history of the field, a review of relationship definitions and a detailed preview of the articles.

Creating Meaning in Museums Claudia E. Cornett,2024-10-08 This practical handbook is a proposal for transforming museum tours. The target audience is museum guides, docents and interpreters who are interested in facilitating conversations about seen and unseen meanings in artworks, objects, and artifacts. The goal is to engage visitors in meaning-oriented inquiry which involves “doing” and not just “viewing” creative work. Grounded in whole to part learning theory and best teaching practices, each chapter includes a tour “vignette” written as a “you are there” experience. The vignettes—from different types of museums—show guides and docents using diverse strategies that invite readers to assume the role of guide and guest. *Meaningful Museum Conversations: Strategies for Guiding Tours* also offers an extensive Museum Guide Toolkit that aligns with inquiry thinking, and features recurring chapter sections that include Advice from Museum Guides and Adapting for Differences.
