

Altibajos De La Escritura

Amparo Botella de Figueroa

Los 360 grados de la comunicación Javier Lillo, 2014-06-23 Los 360º de la Comunicación nos enseña a identificar rasgos psicológicos de una firma, a gestionar crisis personales, cómo se manifiesta nuestro propio cuerpo y qué son los mudras. Aborda cuestiones sobre la sexualidad de manera directa, clara y sin tapujos. Las redes sociales virtuales, como canales de comunicación, por fin son tenidas en cuenta e incluso se analiza la vestimenta, los tejidos, los colores y cómo influyen en la persona. Trata las claves de la seducción femenina y masculina, la comunicación verbal y no verbal, la proxémica y la paralingüística. Javier Lillo da forma a un completo manual, y unifica disciplinas y saberes tan dispares como la sociología, la kinesiólogía, la psicología, la sexualidad, la moda o la grafología. Resulta resolutorio y nos prepara, de manera práctica, un entrenamiento completo para enfrentarnos al mundo. Su máxima es que la comunicación efectiva es la mejor herramienta para conseguir logros, y ahora está al alcance de todos.

Escrituras materiales Antonio de las Moras, 1972

Criterio, 1971

Escrituras de la intimidad Rubio, Alfonso, Cardona Z., Patricia, Silva Prada, Natalia, Galeano, Juan, González Martínez, Nelson Fernando, Arcila Yepes, Alejandra, Samacá Alonso, Gabriel David, Criollo Sánchez, Marcela, Moreno Blanco, Juan, Berrío Moncada, Maribel, Zuluaga Hoyos, Gustavo Adolfo, García Jerez, Francisco Adolfo, Vivas Hurtado, Selnich, 2024-10-31 Las escrituras de la intimidad se han constituido en un terreno fértil de indagación interdisciplinaria de las ciencias sociales y humanas. Disciplinas como la antropología, la historia, la filosofía, la sociología y la crítica literaria han construido puentes para abordar los textos en primera persona, cuya lectura jamás podrá ser unívoca ni unidireccional. El carácter polisémico, interdisciplinario y reflexivo de las escrituras del yo queda bien representado en las trece propuestas que componen este libro, que es, también, una colección representativa del estado actual de este campo de estudios en Colombia y de las convergencias disciplinares que ha posibilitado. Desde el intento por superar las consideraciones de las dualidades ficción-realidad y sujeto-sociedad, poniendo en práctica un tipo de investigación situada diacrónica y sincrónicamente, de la que son parte constitutiva tanto las representaciones narrativas como los contextos de enunciación y de apropiación, el lector encontrará métodos históricos, etnológicos, críticos o literarios, sustentados en un material empírico diverso que abarca desde la tradición oral hasta los testimonios de los documentos históricos y las fuentes literarias.

Motivación y matemáticas: experiencias de flujo en estudiantes de maestro de educación primaria Ana Belén Montoro Medina, 2015-05-07 El presente estudio tiene como objetivo el análisis, desde una perspectiva de género, de las mujeres andaluzas que se exiliaron a México en 1939. Setenta y cinco años después de aquel fenómeno que marcó la vida de miles de republicanos y republicanas españolas, los estudios sobre el exilio son a día de hoy muy numerosos y ricos en perspectivas, sin embargo, siguen planteando interrogantes sobre todo en lo que se refiere al destierro de la “gente corriente”. Gente de toda clase y condición social cuyo rasgo en común era su pertenencia a la izquierda y su posición a favor de la Segunda República. La historiografía andaluza comienza ahora a analizar el exilio republicano andaluz del 1939 bajo estos parámetros. Así con el objetivo de visibilizar, comprender y darle sentido a las experiencias de la “gente corriente” en el marco del exilio nace el proyecto de las universidades andaluzas -El exilio republicano andaluz de 1939- en el que se inserta este estudio. No obstante, no es mi intención dar a entender que limitar el análisis al exilio de los andaluces y andaluzas se deba a que ellos vivieran un exilio particular por el hecho de serlo sino que, a mi parecer, acotar geográficamente nos ayuda a adentrarnos mejor en los exilios vividos, en las individualidades y a percibir de una manera más ajustada los condicionantes, características y coyunturas de las que partieron hombre y mujeres hacia el destierro

Humboldt ,1964

Metaficción y mundos posibles en la narrativa de José María Merino Cheng Chan Lee, 2005 Este libro analiza la producción narrativa del escritor leonés José María Merino, desde 1975 hasta 2000, partiendo de las teorías de la metaficción y los mundos posibles para mostrar el singular tratamiento de la ficción en la narrativa en cuestión. El argumento del libro se centra en las temáticas recurrentes y esenciales para entender la narrativa de Merino: la escritura, historia y ficción, lo imaginario y la realidad, la identidad y el nuevo concepto de realismo.

Grafología de la personalidad Amparo Botella de Figueroa, 2022-09-20 Este libro no es una obra más en el campo de la Grafología. Concebido como un completo y actualizado manual, aborda la disciplina de una manera novedosa y con sentido crítico. Sus numerosas ilustraciones facilitan la comprensión y aplicación de la teoría. Muestra múltiples investigaciones que se han hecho en los últimos años. “Recorrer sus páginas es descubrir la esencia actual de la Grafología académica. Ni una sola línea tiene desperdicio. Su contenido, el estilo discursivo, el abordaje transversal, la cultura y experiencia de su autora lo hacen único. Invito a que lo lean profesionales de otras disciplinas y deseo que muchos colegas disfruten de tan magnífico aporte de una profesional sólida que no se guarda nada y provoca un quiebre ante lo dado, una ruptura de excelencia con lo asumido, una visión inteligente en su enfoque”. Eva Procopio. “En Grafología de la Personalidad, Amparo Botella, reconocida profesional del ámbito de la Grafología internacional, logra la mejor aportación científica que se ha visto en este campo hasta la fecha. La meticulosa y abundante documentación, unida a la capacidad didáctica de su autora, lo convierten en indispensable para todo profesional de esta disciplina”. Julia Moya, Grafóloga.

Revista de literatura mexicana contemporánea, 2012

Suma crítica Saúl Yurkiévich, 1997 A través de Suma crítica, Yurkievich perfila el proceso de la modernidad literaria en hispanoamericana, caracterizando sus etapas y sus escritores representativos: Darío, Lugones, Herrera y Reissig, López Velarde, Gabriela Mistral Para el modernismo; Huidobro, Vallejo, Neruda, Girondo Para la vanguardia. También concentra su atención representativa sobre esos persistentes polos de atracción que son Borges, Cortázar, Paz, Lezama Lima, Onetti y Felisberto Hernández.

Razón y fe, 1906 Revista hispano-americana de cultura (varies).

Es All About Me Parragon, Incorporated, 2007-06-30

Lectura fácil y comprensión lectora en personas con discapacidad intelectual Elías Vived Conte, Santiago Molina, Santiago Molina García, 2012 Se plantea una propuesta didáctica basada en el aprendizaje cooperativo y en la enseñanza mediacional que contribuye a desarrollar la comprensión lectora y con ello la adquisición del aprendizaje de distintas áreas curriculares para los alumnos que tienen problemas de comprensión lectora.

Escrituras, laberintos y milenarismo Jean Franco, 2005

Ideology, Politics and Demands in Spanish Language, Literature and Film Teresa Fernandez Ulloa, 2012-03-15 This book comprises various chapters which explore a variety of topics related to the manner in which ideological and epistemological changes in the 19th, 20th and 21st centuries shaped the Spanish language, literature, and film, among other forms of expression, in both Spain and Latin America, and how these media served the purpose of spreading ideas and demands. There are articles on ideological representations of linguistic differences and sameness; linguistic changes associated with loan words and the ideas they bring in modifying our communicative landscape; the role of the Catholic religion on the construction of our dictionary; analysis of some political discourses, ideologies and social imaginaries; new visions of old literature (a return to the parody in the Middle Ages to analyze its modernity) and postmodern narrative; discussions on contemporary Spanish poetry and Central American literature; a new return to the liberation philosophy by analyzing Ellacuría's work; and several studies about concepts such as capitalism, patriarchy, identity, masculinity, homosexuality, globalization, and the Resistance in several forms of expression.

Escrituras del desconcierto Virgilio Tortosa, 2006 Desde la caída del Muro de Berlín hasta los respectivos 11-S/-M, nos asiste un sentimiento de permanente aceleración de la realidad. La sociedad de la información y el desarrollo tecnológico han propiciado un mundo más estrechamente conectado y con un sentimiento definitivamente planetario. Esta dinámica ha generado transformaciones de nuestros modos de percepción de la realidad que, sin ir más lejos, en lo sociológico se traduce en una sociedad multicultural, abierta, transnacional, aceptadora de las diferencias, pero también excluyente socialmente, corporativista en los poderes políticos tradicionales, de una sumisión mediática sin precedentes... Los escritores surgidos en

los noventa han ido posicionándose en torno a todos estos fenómenos. La necesidad de pensar lo que está ocurriendo en las letras, en cualquiera de sus modalidades, nos lleva a reunir a sus intérpretes (creadores, críticos o teóricos) con la intención de clarificar los procesos en marcha. Este libro es producto del cruce de miradas entre los agentes implicados en el proceso de creación reciente, a partir de un encuentro que se celebró en la primavera de 2004 en la Universidad de Alicante. Más allá de la discusión entre poéticas representativas de distintas estrategias literarias, el presente libro pretende clarificar los caminos de la creación en el nuevo milenio. Su amplia diversidad parece una alternativa viable al conformismo que postula la globalización en un mundo marcado por el signo permanente del desconcierto.
