Brad Meltzer's The President's Shadow Preview Book #1 Brad Meltzer, 2015-05-05 Following *The Inner Circle* and *The Fifth Assassin*, #1 bestselling author Brad Meltzer returns with . . . *THE PRESIDENT'S SHADOW* To most, it looks like Beecher White has an ordinary job. A young staffer with the National Archives in Washington, D.C., he's responsible for safekeeping the government's most important documents...and, sometimes, its most closely held secrets. But there are a powerful few who know his other role. Beecher is a member of the Culper Ring, a 200-year-old secret society founded by George Washington and charged with protecting the Presidency. Now, the current Commander in Chief needs the Culper Ring's help. The alarming discovery of an arm buried on the grounds of the White House has the President's team in a rightful panic. Who buried the arm? How did they get past White House security? And most importantly: What's the message hidden in the arm's closed fist? Indeed, the puzzle inside has a clearly intended recipient, and it isn't the President. It's Beecher himself. Beecher's investigation will take him back to one of our country's greatest secrets and point him toward the long, carefully hidden truth about the most shocking history of all: that of the family. This advanced preview features an excerpt from Brad Meltzer's highly anticipated new novel *The President's Shadow*, coming June 16th, 2015. Also featured is Meltzer and renowned artist/designer Chip Kidd's retelling of a tale from *Detective Comics #27* (the first appearance of Batman), taken from the spectacular graphic novel, *Batman: A Celebration of 75 Years*.

The Book of Lies Brad Meltzer, 2008-09-02 Brad Meltzer--author of the #1 New York Times bestseller The Book of Fate--returns with his most thrilling and emotionally powerful novel to date. In Chapter Four of the Bible, Cain kills Abel. It is the world's most famous murder. But the Bible is silent about one key detail: the weapon Cain used to kill his brother. That weapon is still lost to history. In 1932, Mitchell Siegel was killed by three gunshots to his chest. While mourning, his son dreamed of a bulletproof man and created the world's greatest hero: Superman. And like Cain's murder weapon, the gun used in this unsolved murder has never been found. Until now. Today in Fort Lauderdale, Florida, Cal Harper comes face-to-face with his family's greatest secret: his long-lost father, who's been shot with a gun that traces back to Mitchell Siegel's 1932 murder. But before Cal can ask a single question, he and his father are attacked by a ruthless killer tattooed with the ancient markings of Cain. And so begins the chase for the world's first murder weapon. What does Cain, history's greatest villain, have to do with Superman, the world's greatest hero? And what do two murders, committed thousands of years apart, have in common? This is the mystery at the heart of Brad Meltzer's riveting and utterly intriguing new thriller

**The Inner Circle** Brad Meltzer, 2013-03-12 There are stories no one knows. Hidden stories. I love those stories. And since I work in the National Archives, I find those stories for a living. Beecher White, a young archivist, spends his days working with the most important documents of the U.S. government. He has always been the keeper of other people's stories, never a part of the story himself... Until now. When Clementine Kaye, Beecher's first childhood crush, shows up at the National Archives asking for his help tracking down her long-lost father, Beecher tries to impress her by showing her the secret vault where the President of the United States privately reviews classified documents. After they accidentally happen upon a priceless artifact - a 200 hundred-year-old dictionary that once belonged to George Washington, hidden underneath a desk chair, Beecher and Clementine find themselves suddenly entangled in a web of deception, conspiracy, and murder. Soon a man is dead, and Beecher is on the run as he races to learn the truth behind this mysterious national treasure. His search will lead him to discover a coded and ingenious puzzle that conceals a disturbing secret from the founding of our nation. It is a secret, Beecher soon discovers, that some believe is worth killing for. Gripping, fast-paced, and filled with the fascinating historical detail for which he is famous, The Inner Circle is a thrilling novel that once again proves Brad Meltzer as a brilliant author writing at the height of his craft.
