Summary of Do No Harm Instaread Summaries, 2016-03-29 Do No Harm is neurosurgeon Henry Marsh's memoir, with a particular focus on his mistakes and regrets. Marsh admits that he grew up privileged. He began his college career studying English, but quit school due to an unrequited love. He took a job working in a mining town hospital, an experience that inspired him to become a surgeon. He returned to Oxford to finish his degree and then attended the Royal Free Medical School in London, the only medical school at the time that did not require him to have any scientific qualifications. As a medical student, Marsh worked as a nursing assistant on the psycho-geriatric ward of a long term psychiatric hospital. There he saw many patients who had been given lobectomies at the hospital where he would later train. Lobectomies were an accepted method of treating severe mental disorders, but would often leave the patient worse off than they were before... Do No Harm Gregg Andrew Hurwitz, 2002-08-01 When an unknown attacker is injured in the process of his capture, ER chief David Spier is ostracized for treating the man, a situation that is further complicated when the assailant escapes, prompting Spier to delve into his own past.

**Do No Harm** Mary B. Anderson, 1999 In her insightful and practical book ... Anderson offers the development community an opportunity to, at the least, do no harm.... Do No Harm makes an important contribution to an ongoing discussion about how outsiders can play a productive role in preventing and resolving violent conflict.--Ana Grier Cutter, Ethics and International Affairs NGO staff members are encouraged to put some of their scarce time for learning aside to read this book.--Angela M. Wakhweya, African Studies Quarterly Provide[s] the reader with short but profound examples of how aid has been given in a range of conflict situations.... [Do No Harm] is a well written and a very usable book.--Journal of Peace Research A book that makes for intriguing reading for all those interested in international affairs and humanitarian efforts from the perspective of those who are actually engaged in it.--Doris H. Gray, International Journal on World Peace The author of Do No Harm challenges aid agencies to take responsibility for the ways that their assistance affects conflicts. Anderson cites the experiences of aid providers in war-torn societies around the world to show that international assistance Even when it is effective in saving lives, alleviating suffering, and encouraging sustainable development--too often reinforces divisions among contending groups. But she more importantly offers hopeful evidence of creative programs that point the way to new approaches to aid. Calling for a redesign of assistance programs so that they do no harm while doing their intended good, she argues further that many opportunities exist for aid workers to positively support the processes by which societies disengage from war. CONTENTS: Introduction. WAR AND THE IMPACT OF EXTERNAL AID. Today's Wars and the Pursuit of Justice. The Characteristics of Conflict Areas. Aid's Impact on Conflict Through Resource Transfers. Aid's Impact on Conflict Through Implicit Ethical Messages. Framework for Analyzing Aid's Impact on Conflict. LOCAL CAPACITIES FOR PEACE. Food for

**The Last Book Written by a Human** Jeff Burningham, 2025-08-19 In *The Last Book Written by a Human*, tech entrepreneur Jeff Burningham delivers a profound and urgent exploration of what it truly means to be human in the age of AI—challenging us to embrace wisdom, love, and deep human connection as we navigate an uncertain future alongside machines. A refreshingly optimistic look at the possibilities of human-AI interaction. --Kirkus Reviews What does it mean to be human? At a time when AI is rapidly changing the way we live, work, and think, this may be the biggest question we face. In *The Last Book Written by a Human*, tech entrepreneur and investor Jeff Burningham wrestles with the fundamental questions of existence, the future role of artificial intelligence in society, and the increasingly complex union between humanity and its creations. With raw honesty, Burningham shares his personal story from Mormon missionary and Bishop to successful entrepreneur to his gubernatorial run and beyond, offering reflections on our otherworldly potential and uncertain future in the age of AI. His call to action is clear: As machines become smarter, we must become wiser. You will discover: \* How the rise of AI is forcing humanity to confront fundamental questions about consciousness, intelligence, and what it means to be truly human. \* Why the development of AI must be guided by love, wisdom, and compassion. \* How to navigate relationships in the future, ensuring we maintain genuine human connection alongside increasingly synthetic ones. \* The importance of reforming institutions—religious, governmental, and business—to support human flourishing. \* The cosmic necessity of mastering your life as a human being, rather than a human doing. This book is a wake-up call for our species to evolve beyond our unconscious patterns, false beliefs, and outdated systems in order to thrive in the age of AI.

*To Do No Harm* Leslie Glass, 1992 A newborn disappears and her mother is suspected of murder.

First, Do No Harm Lisa Belkin, 2021-02-16 “Crammed with provocative insights, raw emotion, and heartbreaking dilemmas,” (The New York Times) *First, Do No Harm* is a powerful examination of how life and death decisions are made at a major metropolitan hospital in Houston, as told through the stories of doctors, patients, families, and hospital administrators facing unthinkable choices. What is life worth? And when is a life worth living? Journalist Lisa Belkin examines how these questions are asked and answered over one dramatic summer at Hermann Hospital in Houston, Texas. In an account that is fascinating, revealing, and almost novelistic in its immediacy, Belkin takes us inside a major hospital and introduces us to the people who must make life and death decisions every day. As we walk through the hallways of the hospital we meet a young pediatrician who must decide whether to perform a risky last-ditch surgery on a teenager who has spent most of his fifteen years in a hospital; we watch as new parents battle with doctors over whether to disconnect their fragile, premature twins

from the machine that keeps them breathing; we are in the operating room as a poor immigrant, paralyzed from a gunshot in the neck, is asked by doctors whether or not he wishes to stay alive; we witness the worry of a kidney specialist as he decides whether or not to transfer an uninsured baby to the county hospital down the road. We experience critical moments in the lives of these real people as Belkin explores challenging issues and questions involving medical ethics, human suffering, modern technology, legal liability, and financial reality. As medical technology advances, the choices grow more complicated. How far should we go to save a life? Who decides? And who pays?

*Summary Henry Marsh's Do No Harm* Ant Hive Media, 2016-11-28 This is a Summary of Henry Marsh's *Do No Harm*. In this book Marsh reflects on his career mistakes and things he wished he would have done differently. It is a retrospective look on his life and career. It deals with death or disability to some of his patients, despite his best intentions at making them better and taking away their ailments and pain. These unwanted outcomes came from a variety of reasons. Marsh was not affected any differently by a patient's death, regardless of whether it came from a direct fault of Marsh's or by other means. Regardless of his decision of treatment for a patient, either one type of treatment versus another or no treatment at all, Marsh took the responsibility on himself personally rather than putting it on fellow staff or the hospital. Marsh developed a trust with his patients, which allowed him to better treat them or formulate a plan by which to treat them. Newly revised (Mar 2016) this summary is aimed for those who want to capture the gist of the book but don't have the current time to devour all pages. You get the main summary along with all of the benefits and lessons the actual book has to offer. This is a summary that is not intended to be used without reference to the original book.
