Sreechinth C

Socrates Words of Wisdom Sreechinth C, The most exemplary and strangest of the Greek philosophers, Socrates is viewed as the founding figure of Western philosophy. Even today his beliefs in the quest for truth are considered great by his admirers. Socrates became famous through his contribution to the field of ethics and moral philosophy. Here we have made an effort to compile his vast thoughts and give you an extraordinary reading experience. This book throws light towards Socrates' sayings about life, relationship and many more. It is through the works of his ardent disciple, Plato, the world has acquired information about Socratic and his ideology. Socrates is noted for his contributions to Epistemology. Here we have the impeccable collections of words from this greatest luminary who paved the stones of western philosophy...

Socrates Socrates, Gordon Jacobs, 2017-03-25 Most people, including ourselves, live in a world of relative ignorance. We are even comfortable with that ignorance, because it is all we know. When we first start facing truth, the process may be frightening, and many people run back to their old lives. But if you continue to seek truth, you will eventually be able to handle it better. In fact, you want more! It's true that many people around you now may think you are weird or even a danger to society, but you don't care. Once you've tasted the truth, you won't ever want to go back to being ignorant.

The Secrets of Socrates Quotes & Philosophy Frédéric Deltour,2017-01-17 A quotes book on Philosophy, Happiness & Spirituality. Inspirational Quotes that will change your life!!! A reference quotations book from the most famous philosopher. Recognized as one of the founder of modern Philosophy, Socrates must have certainly understood something about this subject... But before going further let's define what philosophy means. Etymology is often the best way to deeply understand the meaning of words. In this context, philosophy literally means love of wisdom. It is also the study of the nature of existence, reality and knowledge. The love of wisdom is important for Socrates as often stated in his teachings. Socrates says: To know thyself is the beginning of wisdom. He is also at the origin of what is called the Socratic method, which is a type of dialogue in which asking and answering questions is the way to stimulate critical thinking which in turn brings deeper understanding... The following quotes will eventually bring you insights and clear comprehension. By doing so, you will become convinced about the truth lying behind these quotes and therefore your own critical thinking and sense of logic will become more accurate. Employ your time in improving yourself by other men's writings so that you shall come easily by what others have labored hard for.
