Soledad no deseada José Guillermo Fouce Fernández, Esteban Sánchez Moreno, 2024-08-29 La soledad es un fenómeno social ampliamente extendido a escala mundial y su tendencia es creciente en los últimos años. En 2021, la OMS informó de la prevalencia de la soledad en Europa y Estados Unidos, con cifras entre el 20 y el 35% entre personas mayores de 65 años y valores similares en otras regiones como Latinoamérica, China o India. Las condiciones actuales de vida, con un progresivo aumento de las personas que viven solas, el envejecimiento de la población, la extensión del individualismo y el declive de las redes de apoyo social y familiar, el aumento de la precariedad social y de las desigualdades, provocan que cada vez sean más las personas afectadas por sentimientos de soledad, lo que puede tener efectos negativos en la salud física y mental. La soledad está vinculada, además, con malos hábitos de vida, como un mayor consumo de tabaco o alcohol en exceso. Se asocia también con tasas más altas de depresión y suicidio, y a un mayor deterioro cognitivo. Además, estudios recientes indican que la soledad no deseada entre jóvenes entre 16 y 29 años es más alta que en las personas mayores (uno de cada cuatro jóvenes la sufre). Esta obra colectiva explica con datos este fenómeno en auge y repasa distintos proyectos e iniciativas municipales que promueven actuaciones preventivas orientadas a facilitar el encuentro y la creación de vínculos interpersonales.

Manual de psicología en las unidades de cuidados intensivos Macarena Gálvez Herrer, Paula Martínez López, Gabriel Heras La Calle, 2023-09-07 Este libro constituye el primer manual en castellano que recoge, de forma sistematizada, gran parte de la evidencia teórica, empírica y práctica en torno a la psicología en las unidades de cuidados intensivos (UCI). En la redacción de esta obra han participado expertos académicos y profesionales asistenciales en activo, sumándose con ello una eminente visión práctica y experiencia tangible. Con ese doble objetivo científico-académico y aplicado, la obra se ha organizado en cinco grandes grupos temáticos: contextualización y modelo general de intervención, paciente, familia, profesionales y otras áreas de intervención, entre las que se aborda el síndrome postcuidados intensivos o las aportaciones de la psicología ambiental en las UCI, por ejemplo. Cada capítulo brinda la fundamentación teórica psicológica del tema tratado, revisa su evidencia empírica y aporta ejemplos prácticos. Es un libro que ofrece la función de estudio académico y de consulta profesional para estudiantes y profesionales de la psicología, así como a otros profesionales sanitarios que, desde su propia práctica clínica, deseen participar del objetivo común e interdisciplinar del cuidado

emocional en las UCI.

Con luz propia. Vencer en tiempos de incertidumbre Michelle Obama, 2022-11-17 Después de Mi historia, el libro de memorias aclamado por la crítica y número uno en ventas, llega esta inspiradora obra en la que Michelle Obama, ex primera dama de Estados Unidos, comparte conocimientos prácticos y estrategias eficaces para conservar la esperanza y la estabilidad en el mundo tan incierto en el que vivimos. Tal vez no existan soluciones perfectas o respuestas concisas a los grandes desafíos de la vida, pero Michelle Obama cree que podemos identificar un conjunto de herramientas y apoyarnos en ellas para navegar mejor las aguas del cambio y mantenernos firmes en medio de la inestabilidad. En Con luz propia entabla un diálogo franco y honesto con el lector y se plantea las preguntas que nos acucian a muchos: ¿cómo construir relaciones duraderas y sinceras? ¿Cómo encontrar fuerzas y un espíritu comunitario en nuestras diferencias? ¿Qué herramientas debemos usar para combatir la baja autoestima y la sensación de impotencia? ¿Qué debemos hacer cuando empezamos a sentirnos sobrepasados? Michelle Obama ofrece al lector una serie de historias novedosas y reflexiones esclarecedoras sobre el cambio, los retos y el poder; incluida su convicción de que, cuando brillamos por los demás, podemos arrojar luz sobre la riqueza y el potencial del mundo que nos rodea; lo que nos permite descubrir verdades más trascendentales y nuevos caminos hacia el progreso. Partiendo de sus experiencias como madre, hija, cónyuge, amiga y primera dama, nos revela los hábitos y los principios que ha desarrollado para adaptarse con éxito al cambio y superar diversos obstáculos; la sabiduría adquirida que la ayuda a seguir escribiendo «su historia». Explica con detalle sus prácticas más beneficiosas, como «ser amable de entrada», «volar alto» y reunir ante una «mesa de cocina» a amigos y mentores de confianza. Con el sentido del humor, la franqueza y la compasión que la caracterizan, explora también cuestiones relacionadas con la raza, el género y la visibilidad, animando al lector a vencer el miedo, buscar fuerza en la comunidad y vivir con denuedo. «Ser capaces de reconocer nuestra propia luz nos empodera para utilizarla», escribe Michelle Obama. Mediante una gratificante combinación de historias poderosas y consejos lúcidos que estimularán el diálogo, Con luz propia inspira al lector a examinar su vida, identificar sus fuentes de alegría y establecer conexiones significativas en un mundo turbulento.

Torcuato y yo Ana Busso, 2024-10-30 Este libro invita a explorar el vínculo profundo entre la creatividad y la discapacidad, mostrando cómo el arte y la innovación pueden abrir caminos de expresión y crecimiento personal. A través de ejemplos inspiradores y técnicas sencillas, ofrece herramientas que permiten a personas con diferentes discapacidades desarrollar su potencial creativo, siempre desde una perspectiva de empatía e inclusión. Dirigido a padres, educadores y profesionales, este libro es una guía para acompañar y fomentar el descubrimiento de capacidades únicas, impulsando una vida más plena y conectada con el entorno.

Sinhogarismo y fracturas sociales en España Iria Noa de la Fuente-Roldán, 2025-04-21 Durante mucho tiempo se ha definido a la persona sin hogar casi exclusivamente bajo un perfil estandarizado: un hombre de entre 40 y 60 años, con

adicciones y problemas de salud mental, víctima de rupturas familiares y que vive en la vía pública, en alojamientos de fortuna (cajeros, portales, etc.) o en la red de albergues. Sin embargo, ese perfil no respondía a la lógica de la desigualdad socioeconómica (clase social, desempleo, etc.), sino más bien a dinámicas propias de separación de las personas de la normalidad social. Así, haber crecido en un entorno con progenitores consumidores de sustancias, los procesos de institucionalización, la violencia familiar y de género, sufrir una lesión, enfermedad o accidente grave o haber estado en la cárcel podían actuar como desencadenantes de un proceso de exclusión progresiva. Numerosos estudios han puesto de manifiesto que el uso de ese perfil ya no sirve para describir la realidad; es muy importante tener en cuenta que *sinhogarismo* no es sinónimo de situación de calle, pues impacta también en otras realidades residenciales y sociales, incluyendo a mujeres, personas jóvenes, personas LGTBIAQ+, personas migrantes o familias, entre otros. El presente libro identifica los retos recientes que, de manera urgente, deben ser abordados para la erradicación del *sinhogarismo*, comprendiéndolo en el marco de procesos estructurales de desigualdad. No se trata de una manifestación de la desviación social, sino de una consecuencia de las desigualdades socioeconómicas que afectan a toda la ciudadanía.

Manual de intervención clínica y psicosocial María Cantero-García, María Rueda-Extremera, 2025-02-13 Esta obra tiene como objetivo integrar los avances más recientes en la teoría y la práctica de la intervención clínica y psicosocial, combinando los conocimientos consolidados con las innovaciones más actuales en el campo. A lo largo de sus capítulos, ofrece una visión actualizada de los fundamentos teóricos, el diseño de programas y la evaluación de intervenciones psicosociales en diversos contextos. El manual se divide en cuatro partes, abordando desde los principios teóricos que sustentan la intervención hasta su aplicación práctica en ámbitos de salud y sociales. La obra introduce nuevos enfoques y herramientas, especialmente en la intervención en áreas clave como la salud mental, el apoyo en enfermedades crónicas, el cáncer, los cuidados paliativos y en situaciones de violencia de género y migración. También se han incorporado nuevas metodologías para la evaluación de los programas de intervención, haciendo énfasis en las técnicas de investigación tanto cualitativas como cuantitativas. El objetivo del libro es presentar una herramienta de referencia fundamental para estudiantes, profesionales y comunidad académica, proporcionando tanto los marcos teóricos como las estrategias prácticas necesarias para abordar las problemáticas psicosociales contemporáneas.

El Trabajo Social desde miradas transnacionales - Experiencias empíricas y conceptuales Johannes Kniffki, Christian Reutlinger, 2016-07-01 En el debate científico sobre trabajo social y comunidad, aún no se han valorado en su justa medida varias dimensiones de la transnacionalización, por ejemplo la transnacionalización fuera del tema de la migración o la perspectiva latinoamericana. Se trata, pues, con la planeación de éste publicación, de establecer puntos de contacto pertinentes con estas dimensiones, para lo cual sirven de fundamento conceptualizaciones científico-sociales del debate internacional. Asimismo, han de tener la oportunidad de expresar sus ideas autores latinoamericanos importantes que

se ocupan de esta temática así como colegas que han investigado hasta ahora sobre Latinoamérica. Se logra, con ello, una perspectiva interdisciplinaria e internacional, la cual constituye el punto de partida de la publicación y cuyo título también es programa: 'El Trabajo Social desde miradas transnacionales - Experiencias empíricas y conceptuales'.
