**An Interpretive Guide to Operatic Arias** Martial Singher, Eta Singher, 1983 A premier singer and master teacher here tells other singers how to get the most from 151 famous arias selected for their popularity or their greatness from 66 operas, ranging in time and style from Christopher Gluck to Carlisle Floyd, from Mozart to Menotti. The most memorable thrills in an opera singer's life, according to the author's Introduction, may easily derive from the great arias in his or her repertoire. This book continues the work Martial Singher has done, in performances, in concerts, and in master classes and lessons, by drawing attention not only to precise features of text, notes, and markings but also to psychological motivations and emotional impulses, to laughter and tears, to technical skills, to strokes of genius, and even here and there to variations from the original works that have proved to be fortunate. For each aria, the author gives the dramatic and musical context, advice about interpretation, and the lyric--with the original language (if it is not English) and an idiomatic American English translation, in parallel columns. The major operatic traditions--French, German, Italian, Russian, and American--are represented, as are the major voice types--soprano, mezzo-soprano, tenor, baritone, bass-baritone, and bass. The dramatic context is not a mere summary of the plot but is a penetrating and often witty personality sketch of an operatic character in the midst of a situation. The musical context is presented with the dramatic situation in a cleverly integrated way. Suggestions about interpretation, often illustrated with musical notation and phonetic symbols, are interspersed among the author's explication of the music and the action. An overview of Martial Singher's approach--based on fifty years of experience on stage in a hundred roles and in class at four leading conservatories--is presented in his Introduction. As the reader approaches each opera discussed in this book, he or she experiences the feeling of participation in a rehearsal on stage under an urbane though demanding coach and director. The Interpretive Guide will be of value to professional singers as a source of reference or renewed inspiration and a memory refresher, to coaches for checking and broadening personal impressions, to young singers and students for learning, to teachers who have enjoyed less than a half century of experience, and to opera broadcast listeners and telecast viewers who want to understand what goes into the sounds and sights that delight them.

**The Opera Lover's Companion** Charles Osborne, 2004-01-01 This is a work on 175 operas by 63 different composers. The selected operas are those most frequently encountered in opera houses or on recordings. Each entry will set the opera

within the context of its composer's career, outline the plot, discuss the music and give relevant background information on the provenance of the libretto, for example. Details of the first performance, and subsequent performance history will be given, as well as guidance on the relative quality of available recordings. The Yale Companion to Opera targets the regular opera-goer and the committed newcomer, rather than the academic specialist or the oneoff attender. It is not an encyclopaedia, covering every known opera, but only those with a realistic chance of public performance. It is equally concerned with the music, the plot, the libretto and the staging, and seeks to enhance the appreciation of the intelligent opera-goer.

**Coloratura Arias for Soprano** Martha Gerhart,Robert L. Larson,2002-08-01 (Vocal Collection). An excellent volume of coloratura arias has been added to the G. Schirmer Opera Anthology series. With 30 arias in English, Italian, German, French and Russian, this is the largest collection of coloratura operatic excerpts ever published. Because of the nature of the material, tradition-based performance suggestions are liberally found throughout the volume. For instance, you will find standard vocal variations for the Doll Song from The Tales of Hoffmann included in the edition, along with the original vocal line. Like the other volumes in the ground-breaking series, there are historical and plot notes about each aria, new engravings, and new translations for study.

**Die Fledermaus (The Bat)** Johann Strauss, Jr.,1999-08-26 This operetta, by Johann Strauss, Jr., premièred in 1874 in Vienna, and has been part of the regular operetta repertoire ever since. Vocal score with both English and German texts and piano accompaniment.

Living Opera Joshua Jampol,2010-05-04 Living Opera is a fascinating collection of 20 wide-ranging interviews with the preeminent opera professionals working on and behind the stage today. Joshua Jampol invites opera-lovers to listen in as performers such as Renee Fleming, Natalie Dessay, Rolando Villazon and Placido Domingo speak in exceptionally frank terms about their strengths and weaknesses, and address such hard-hitting, enduring topics as how they deal with critics, vocal troubles, and balancing their career and family lives. We hear conductors such as James Conlon, Esa-Pekka Salonen, and Kent Nagano discuss their likes and dislikes about the state of contemporary opera, their own inspirations, and whom they themselves hope to inspire. World-class directors such as Robert Carsen and Patrice Chéreau discuss the complexities involved in staging a successful opera, and how opera can remain relevant today. Jampol has unprecedented access to these major singers, conductors, and directors, and the table of contents reads like a who's who of the global opera world. Each interview highlights a distinctive voice, and Jampol brings immense knowledge and a wonderful flair to these conversations. He allows his subjects to follow their thoughts wherever they lead, and reveals in the process a more intimate, reflective side

of the emotional and extravagant world of the lyric arts. For anyone wanting to know more about the people behind the performances--what they think, how they feel, and who they really are--Living Opera is full of delights and surprises.
