

Men At Arms

Charles Oman

Osprey Men-At-Arms Martin Windrow, 2012-01-20 Osprey Men-at-Arms: A Celebration is a very special volume detailing some of the wonderful artwork that has graced Osprey's renowned Men-at-Arms series over the last forty years. Beautifully presented in luxurious cloth, embossed and foil blocked, with head and tails bands and a ribbon bookmark, the collection contains the most treasured illustrations from the vast archives of this respected series and is a classic, collectable item for all military history enthusiasts.

The Scots Men-at-arms and Life-Guards in France, from Their Formation Until Their Final Dissolution, A.D. MCCCCXVIII-MDCCCXXX William Forbes Leith, 2024-05-30 Reprint of the original, first published in 1882.

Men at Arms Tony Hopkins, 2009 The tensions generated across Europe by the Reformation meant that from the 1530s war, or the threat of war, was ever-present. In England after the Act of Supremacy, fears of invasion by leading Catholic countries focused increased attention upon the nation's defences, while the unfolding international situation required levies for overseas service. Men from Monmouthshire were summoned to do duty on both fronts. The four documents published in this volume name several thousand of them; more than this, in many instances they record the equipment that they used and the clothing that they wore. The substance of this book lies in the extensive list it presents of Monmouthshire men who were mustered during the Tudor period. For the family historian, therefore, it will be an unrivalled source of previously unpublished information, but it will be equally valuable to anyone researching the military, social or administrative history of south-east Wales.

Men at Arms Terry Pratchett, 2005 "Be a MAN in the City Watch! The City Watch needs MEN!" And they need all the help they can get, because they only have twenty-four hours to clean up the town and this is Ankh-Morpork we're talking about . . .

Ukrainian Armies 1914-55 Peter Abbott, Eugene Pinak, 2012-02-20 There can be no region in Europe whose history has been more tortured than Ukraine. During the 20th century Austria, Poland, Russia, Germany, Hungary, Czechoslovakia and Romania vied for power over parts of this vast and fragmented area; and its divided peoples rose time and again in vain attempts to win their independence. For the first time in the West, this book gives a succinct summary of all the different armed forces raised among the Ukrainians, and of their uniforms and insignia. These are illustrated in colour and in a

selection of extremely rare photographs, dating from the Great War to the aftermath of World War II, when Ukrainian guerrillas continued to defy the Soviet authorities until the mid-1950s.

The Belgian Army in World War I Ronald Pawly, Pierre Lierneux, 2012-02-20 While small in numbers, the Belgian Army played a vital role in World War I that is often overlooked. Germany's invasion of neutral Belgium, which led Britain to declare war in August 1914, should have been swift and fierce. Yet, the unexpected heroic defence, against great odds, of Belgian fortresses, frustrated the German Schlieffen Plan for a thrust to Paris and a lightning victory. The plucky Belgian resistance proved successful in buying time for French and British troops to mobilize and report to the front, where the Belgians would then go on to fight, stubbornly defending the northern end of the Allied trench line for the rest of the war. Discover the story of this determined Army, from their organization and commanders, to their uniforms and equipment. This volume - Osprey's first book on this main combatant army of World War I - is an important addition to any enthusiast's collection, accompanied by detailed artwork and archive photographs.

Flags of the Napoleonic Wars (2) Terence Wise, 2012-04-20 From the Liebfahne and Ordinärfahne of Austria, to the eagle and wreath of Russia, the flags of the Napoleonic Wars comprised a range of designs and colours. The second in a series of three volumes focusing on flags of the Napoleonic Wars, this book examines the patterns, colours and guidons of Austria, Britain, Prussia and Russia, offering a rare glimpse into an often-overlooked subject in Napoleonic history. The text is packed with illustrations throughout, including colour plates, sketches and tables detailing flag variants, patterns and inspection colours.

The German Army in World War I (2) Nigel Thomas, 2012-03-20 The years 1915-17 saw the Imperial German Army forced to adapt to the new realities of static trench warfare. Prewar uniforms and equipment had to be modified, for both utility and economy; on battlefields ruled by machine guns and artillery the steel helmet reappeared, as well as masks to protect against poison gas. Fashionable cavalry regiments soon proved irrelevant on the Western Front; many were dismounted to join the infantry, while new units usurped their prestige - assault battalions, and the air corps. This second volume in a three-part sequence offers vast detail on organisation, uniforms and insignia, illustrated with rare photographs and meticulous colour artwork.

The Australian Army in World War I Robert Fleming, 2012-06-20 The importance of the Australian contribution to the Allied war effort during World War I should never be underestimated. Some 400,000 Australians volunteered for active duty, an astonishing 13 per cent of the entire (white) male population, a number so great that the Australian government was never forced to rely on conscription. Casualties were 52 per cent of all those who served, ensuring that the effects of the war would be felt long after the armistice. In particular, their epic endeavour at Gallipoli in 1915 was the nation's founding legend, and the ANZACs went on to distinguish themselves both on the Western Front and in General Allenby's great cavalry

campaign against the Turks in the Middle East. Their uniforms and insignia were also significantly different from those of the British Army and provide the basis for a unique set of artwork plates.

World War II Allied Nursing Services Martin Brayley, 2012-02-20 The skill and care of the women of the Allied military nursing services was remembered gratefully by hundreds of thousands of wounded servicemen. The small peacetime services increased rapidly by enrolling reservists and volunteers; the great majority of the nurses who cared for Allied casualties were 'civilians in uniform', who worked tirelessly under difficult conditions and - in tented hospitals close to the front lines - in real danger; many nurses paid for their devotion with their lives. This first-ever fully illustrated study of the US, British, Commonwealth, and other nursing organisations includes many unpublished photographs and 24 meticulously illustrated colour figures.

Nobles, Knights and Men-at-Arms in the Middle Ages Maurice Keen, 1996 This book is a collection of Maurice Keen's essays and deals with both the ideas of chivalry and the reality of warfare. He discusses brotherhood-in-arms, courtly love, crusades, heraldry, knighthood, the law of arms, tournaments and the nature of nobility, as well as describing the actual brutality of medieval warfare and the lure of plunder.

Frederick the Great's Army (2) Philip Haythornthwaite, 2012-05-20 Throughout the wars undertaken by Frederick the Great, probably his greatest resource was his infantry. It is a mark of the king's determination that despite wars which almost destroyed both Prussia and its army (such as the Seven Years' War), he was able to maintain its numbers - even if the quality declined as the attritional campaigns took their toll. Philip Haythornthwaite examines the uniforms, tactics and organisation of Frederick's infantry in detail - a fighting force that contested battles such as Mollwitz, Hohenfriedberg, Kesselsdorf, Liegnitz, Burkersdorf and the siege of Prague.

The Spanish-American War and Philippine Insurrection Alejandro de Quesada, 2012-01-20 This book details the uniforms and weapons of the American, Spanish, Cuban and Filipino forces involved in the United States Army's first overseas war. In 1898 the USA took the decision to intervene in the Cuban war of independence against Spain, and to expel the last vestige of European colonial rule from the Americas. This also led to the US acquiring rule over the Philippine Islands; and there, US troops were sent into the jungle to fight a "colonial" war of their own, against Filipino insurgents unwilling to exchange one master for another. The text is illustrated with rare early photographs and color plates.
