

Rats In The Walls And Other Stories

Maksim Gorky

The Rats in the Walls and Other Stories H. P. Lovecraft, 2015 When the descendant of an ancient aristocratic family moves from Massachusetts to Exham Priory, his ancestral home in the south of England, he is plagued by the constant noise of rats scurrying within its walls. As the sound begins to haunt his dreams, he investigates the house and discovers a horrific secret underneath, which will bring him to the point of madness. Considered one of the most accomplished examples of the horror genre, 'The Rats in the Walls' is presented here alongside other quintessentially Lovecraftian tales - such as 'The Dunwich Horror', 'At the Mountains of Madness', 'The Colour out of Space' and 'The Horror at Red Hook' - in a brand-new collection which will delight new readers and those familiar with the blood-curdling imaginary worlds of the twentieth century's master of terror.

The Dunwich Horror and Other Stories Lovecraft H., Howard Lovecraft was an American writer who achieved posthumous fame through his influential works of horror fiction. Despite the fact that he was virtually unknown before he died, today he is known as the most influential author in his genre. "The Dunwich Horror and Other Stories" is a collection of wonderful short stories such as "The Rats in the Walls," "The Strange High House in the Mist" and others. These stories, full of mystery and fantastic creatures, have captured the minds of readers all over the world.

The Shunned House And Other Stories (Annotated) H. P. Lovecraft , Howard Phillips Lovecraft (1890-1937) was an influential American writer of weird and horror fiction. Lovecraft's writing often explored themes of existential dread, forbidden knowledge, and the insignificance of humanity in the face of incomprehensible cosmic forces. In this book, we present you with five stories of Lovecraft—"The Shunned House," "The Haunter of the Dark," "The Picture in the House," "The Rats in the Walls," and "The Dreams in the Witch House,"—each in its own way reveals his mastery of cosmic horror, weaving together ancient evils and the fragility of human sanity. In "The Shunned House," Lovecraft delves into the history of a cursed dwelling, its dark secrets, and the sinister forces that plague its residents. "The Haunter of the Dark" explores the terror of forbidden knowledge and the dreadful consequences of uncovering ancient truths. "The Picture in the House" and "The Rats in the Walls" delve into the hidden horrors lurking in the past, in old books and beneath the foundations of ancestral homes, reminding us that history can be a grim and unsettling revelation. Finally, "The Dreams in the Witch House" takes readers on

a journey through the ominous corridors of Arkham, where academic curiosity leads to encounters with eldritch horrors. Lovecraft's blend of psychological dread and cosmic malevolence continues to make these stories essential reading for fans of horror fiction, leaving a lasting impression on those who dare to explore the depths of his eldritch imagination.

Jack the Bastard and Other Stories Micah Nathan, 2012-06-28 From the best-selling author of the novels *Gods of Aberdeen* and *Losing Graceland* comes this new collection of short fiction. The characters in these nine stories share a common thread as they come to terms with their misfortunes—a Jewish screenwriter is hired to write a blockbuster Holocaust romance in “The Mensch”—or their misdeeds—a husband and father returns to his family after leaving them in the care of a mere copy of himself in “Simulacrum.” This eclectic collection culminates in the epic, Kill Bill-esque “Jack the Bastard,” with its samurai and spaghetti western references. Illustrations by famed comic book artists Phil Noto, Tradd Moore, Russ Nicholson, and Michael Allred complement Nathan’s compelling prose.
