Disruptive Compassion Hal Donaldson, 2019-07-09 Your invitation to move beyond pity, helplessness, and outrage, and your playbook for making a difference right where you are. As the daily newsfeed full of suffering and injustice scrolls by, it's all too easy to question what one person can really do to enact the profound change the world needs. Like moviegoers, we often watch and witness with care, but assume the script has already been written. Disruptive Compassion dares to make a bold counter: you possess the power to provoke real and meaningful change. Why? Because God has empowered you to rewrite the story of tomorrow. Over 2,000 years ago, Jesus created a model for revolutionaries that has been followed ever since. These principles are just as powerful to guide our journey today. With raw and inspiring stories from the world's most desperate places and his own journey to find meaning, Convoy of Hope founder and CEO Hal Donaldson will take you on a tour along the frontlines of courage and compassion. Let this book be your crash course in what it means to become a revolutionary, as you learn how to: Evaluate the resources you already have Navigate real concerns and risks Check your motives And ultimately become equipped as an agitator with purpose With principles and insights gleaned from two decades of relief work, Hal reveals what he's learned from the journey and what we can take with us as we join the revolution.

Coach: The Greatest Teachers in Sports and Their Lessons for Us All Justin Spizman, 2022-02-08 Every great sports coach is a life coach. This book identifies 168 outstanding coaches who have much to teach us about optimizing our performance, our character, and our lives. Coaches build winning teams and enable each athlete they mentor, guide, cajole, and nurture to achieve top performance. More than this, every great sports coach is first and last a life coach. Sportswriter Justin Spizman identifies and profiles 168 of the greatest coaches and managers of all time. They have much to teach us about optimizing our performance, our character, and our lives. *Coach: The Greatest Teachers in Sports and Their Lessons for Us All* profiles coaches in every significant sport, from football, basketball, baseball, and hockey to gymnastics, skating, rowing, rugby, soccer, and more. From field to court, diamond, rink, and pitch, the big leagues to the Olympics, college, and high school, *Coach* delivers the most teachable moments and methods—for play, for competition, and for life. Rich in quotations, each profile ends with lessons for top performance on and off the field, in and beyond the arena. Justin Spizman tracks all the relevant stats—for every sport keeps score—but he seeks first and last to disclose the mind, the heart, and the force of character that drive each of the indispensable men and women behind the world's most envied and admired athletes. His

profiles range from the likes of Cardinals manager Tony La Russa (already an MLB legend), to Aimee Boorman and Cecile Canqueteau-Landi (who both coached gymnastics phenom Simone Biles), Bill Belichick (the take-no-prisoners field general of the New England Patriots), Pat Summitt (who racked up 1,098 wins as coach of the University of Tennessee Lady Vols basketball team from 1974 to 2012), Marián Vajda (the coach behind tennis titan Novak Djokovic), and David Leadbetter (golf guru to champions Kathy Baker, Nick Faldo, and Michelle Wie).

I Dated This Guy Once ? Toni Rae, 2013-09 This is my story, no fabrications, no bullshit, just a small glimpse into the life of a young woman. There is a lot to be said about going through the volatile years of ages 18-26. How do we get through them? How do we approach our decisions? How can we tell the difference between a man with good intentions and a man with a mission to get laid? You honestly can't. There are so many things that young women must learn on their own. No matter how much a father or mother try to protect their children from the world, somehow the world happens anyway. *I Dated This Guy Once...* is intended to not only entertain you, but also to somehow educate you through my experiences. We are all made up of our past experiences, both good and bad. It is these experiences that form the fabric of the future. With that said, maybe people will start looking at life, relationships and marriage differently. Maybe perspective is all we need to change this society. I have no idea. If nothing else, you will undoubtedly be entertained. Red wine recommended.

Disrupting Hell Dr. Donna Freeman Goodrich,2024-12-17 Are you ready to Disrupt Hell? Are you ready to Interrupt the Interrupter? If so, it's time to serve Satan a Divine Eviction Notice.: This book is: A must-read for anyone serious about strengthening their faith!" "Inspiring and powerful—this book will change how you face life's battles." "An essential guide for those seeking resilience through Christ." My prayer is that this book and the inspired words, will help anyone struggling, to take hold of their life, bind the strongholds therein and come out shouting, "Satan you have to flee. No longer will you blind me to the truth, richness, and promises of God's word. I will declare and decree that I am an overcomer." It is important for us to realize we have the words to disrupt Satan's role in our life. Remember Satan has already been defeated, we just need to walk in faith to the truth of God's victory at calvary. I read that the more Satan tries to bind our hands, the more we need to lift them in praise. the more he tries to shackle our feet, the more we need to dance as David danced. The more he tries to silence our voice, the louder we need to sing God's praises. The more he tries to deafen our ears to the truth, the more we will harken to the word of God. So, let's get busy serving Satan a divine eviction notice, because God stands ready to release His glory upon us.

Selling Through Tough Times: Grow Your Profits and Mental Resilience Through any Downturn Paul

Reilly,2021-09-28 An indispensable guide to thriving in a challenging sales environment As a sales professional, you know that it's harder to sell in tough times—whether it's a recession, industry-wide challenge, or global pandemic. You may also have noticed that some salespeople and managers not only survive, but thrive through tough times. How do they do it? What do they do to thrive through adversity? Paul Reilly explains it all in *Selling Through Tough Times: Customers buy differently in tough times, so salespeople need to sell differently in tough times*. In this eye-opening and indispensable guide, he shows how to develop the right mindset and adapt your skills to prevail in even the most challenging selling climate. His plan includes both immediate, hands-on action plans (including six Daily Mental Flex activities) as well as longer-range strategies to ensure you (and your team) never get caught on the back foot again. While the principals of selling are constant, Reilly demonstrates how changing your tactics in tough times will not only help you through current difficulties, but help you emerge stronger. You'll discover how to redefine value in customer terms, reposition products and services, and how to employ different persuasion tactics. You'll also learn how to select and pursue the right opportunities, win more deals, and—crucially—protect profit by embracing the “tough timers” mental attitude. Tough times are inevitable and often unpredictable. But in *Selling Through Tough Times*, you'll find the tools and mindset you need to power through them—and come out on top.

Surveys show that more than 40% of employees report seeing ethical misconduct at work, and most fail to report it--killing office morale and allowing the wrong people to set the example. Collegiate professor G. Richard Shell has heard work misconduct stories from his MBA students which inspired him to create this helpful guide for navigating these nuances. Shell created?this book?to point to a better path: recognize that these conflicts are coming, learn to spot them, then follow a research-based, step-by-step approach for resolving them skillfully.?By committing to the Code, you can replace regret with long-term career success as a leader of conscience. In *The Conscience Code*, Shell shares tips and facts that: Solves a crucial problem faced by professionals everywhere: What should they do when they are asked to compromise their core values to achieve organizational goals? Teaches readers to recognize and overcome the five organizational forces that push people toward actions they later regret. Lays out a systematic, values-to-action process that people at all levels can follow to maintain their integrity while achieving true success in their lives and careers. Driven by dramatic, real-world examples from Shell's classroom, today's headlines, and classic cases of corporate wrongdoing, *The Conscience Code* shows how to create value-based workplaces where everyone can thrive.

The House as the Female Body in "The House on Mango Street" by Sandra Cisneros Anja Mittelstedt, 2018-09-07 Seminar paper from the year 2018 in the subject American Studies - Literature, grade: 1.0, University of Potsdam, course: Chicana Life Writing, language: English, abstract: The title of the book *The House on Mango Street* raises expectations and creates questions of its content and intent. Will it be the story of a family in the south, where Mangos grow? Will we meet different characters who inhabit the same house one after another? Or will the house be one-of-its-kind on this special street? In actuality, Sandra Cisneros tells the story of a girl, Esperanza, who lives in a house, set on Mango Street, in a fictional part of Chicago. The 44 vignettes have their roots in stories Cisneros heard, saw, or experienced in real life. The singular in the title should therefore be a plural, because a great number of houses feature in the book. Esperanza visits family and friends while searching for her own future. *The House on Mango Street* is a growing-up story, yet buildings do not grow into anything. They are falling into disrepair more often than not. So why does a house feature so prominently in the title of a book on growing up? I will argue, that the house in this book can be read as the female body in a patriarchal society. Its immobile state an accusation in the face of a need for change. In 1984 Sandra Cisneros published *The House on Mango Street* and became one of the first widely read writers of the Chicana movement. A movement that filled the void left for women of Mexican heritage by the U.S. feminist movement on the one hand, and the Chicano movement on the other hand. White middle class women fought for political equality, women's suffrage, and reproduction rights; Latino males fought for equal opportunity with and recognition from the dominant white U.S. American culture. The Chicana had very little interest in political rights, since she was usually concerned with questions of laundry and cooking. She didn't want to fight for recognition from dominant culture, because she was still dominated by males of her own culture. While the Chicana movement achieved recognition and won many battles since then, the current climate in U.S. politics, the fear of immigrants, the disregard for women's rights to their bodies, shows that there is much to be done. *The House on Mango Street* remains a book of utmost consequence to feminism, immigration and integration. What Sandra Cisneros captured, and I will try to show, is how the way we think about women influences the way we act toward them and how the same thoughts act on our self-perception.
