Thea's Destiny Amie McCarter,2025-02-18 In the idyllic village of Oakhaven, where the scent of woodsmoke and baking bread fills the air, seventeen-year-old Thea leads a seemingly ordinary life. Yet beneath the surface of her peaceful existence lies a hidden power waiting to be unleashed. As Thea delves deeper into the magic that surrounds her, she discovers a world of enchantment and danger, where dark forces lurk and a sinister plot threatens to unravel everything she holds dear. Join Thea on a journey of self-discovery and adventure as she navigates the intricate tapestry of Everwood, where secrets are revealed, alliances forged, and destinies entwined in a realm where magic is both a gift and a curse.

The Healing Garden Deb Soule,2021-03-30 In *The Healing Garden*, Deb Soule, founder of Avena Botanicals, offers an inspiring guide to herb gardening and crafting herbal remedies that promote wellness of spirit and body. Soule combines her passion for plants gardens, and healing with her extensive experience working with medicinal herbs, flowers, roots, and berries. Her practical advice addresses each aspect of fostering a garden filled with helpful, healing plants: biodynamic gardening practices; gathering plants and setting up a drying room; and creating herbal teas, decoctions, tinctures, syrups, tonics, vinegars, essences, and more. A chapter outlining eighteen medicinal herbs provides detailed information on their cultivation and healing properties. Molly Haley's colorful photography showcases Avena Botanicals' lush herb gardens in all seasons. *The Healing Garden* is grounded in respect for the interconnectedness of all living beings and is an eloquent plea for spiritual awareness and the wholeness of individuals, communities, and our planet.

Willa Cather's Ecological Imagination Susan J. Rosowski,2003-01-01 The wide-ranging essays collected in this volume of Cather Studies examine Willa Cather's unique artistic relationship to the environment. Under the theoretical rubric of ecocriticism, these essays focus on Cather's close observations of the natural world and how the environment proves, for most of these contributors, to be more than simply a setting for her characters. While it is certain that Cather's novels and short stories are deeply grounded in place, literary critics are only now considering how place functions within her narratives and addressing environmental issues through her writing. ø These essays reintroduce us to a Cather who is profoundly identified with the places that shaped her and that she wrote about: Glen A. Love offers an interdisciplinary reading of *The Professor's House* that is scientifically oriented; Joseph Urgo argues that *My Antonia* models a preservationist aesthetic in which landscape and memory are inextricably entangled; Thomas J. Lyon posits that Cather had a living sense of the biotic community and used nature as the standard of excellence for human endeavors; and Jan Goggans considers the ways that *My Antonia* shifts from nativism toward a flexible notion of place-based community.?
