Why Men Marry Bitches Sherry Argov, 2016-12-19 Create Space Paperback

Why Men Marry Bitches Sherry Argov, 2006-06-12 Love and marriage, romance and intimacy...everybody wants it, but it seems only the select few get it. Never shy and always laugh-out-loud funny, Sherry Argov's Why Men Marry Bitches is a sharp-witted manifesto that shows women how to transform a casual relationship into a committed one. Dating can feel like a contact sport and modern mating rituals can be impossible to decode, with little consensus on the rules of engagement and both sides tired of the game. What's an intelligent woman looking for a devoted relationship to do? Glad you asked... With the grittiest of girlfriend-to-girlfriend confidence, Argov removes the kid gloves (knocking off your rose-colored glasses in the process) and explains why being extra nice won't necessarily get you that wedding you've always dreamed of, and is more likely a sure path to disappointment. Going directly to the source in candid interviews, she shares an enlightening look into the psychology of the male mind. Insightful, empowering and hysterical, this indispensable guide will reveal in honest detail: *How do men manipulate a relationship to keep it casual? *Do men deliberately push women's emotional buttons? *How can she convince him commitment was his idea? *How can she invite a proposal without saying a word? More than a self-help manual, this is a life skills handbook that both men and women can relate to, whether single, newly courting, recently separated or ready to embark on the next level of commitment in a current relationship. Why Men Marry Bitches will reveal how to set healthy boundaries, embrace your independence and take charge of your own happiness, so that you exude the kind of sexy confidence that will win his heart and get the love, respect, and loving relationship you deserve.

Books and Beyond Kenneth Womack,2008-10-30 There's a strong interest in reading for pleasure or self-improvement in America, as shown by the popularity of Harry Potter, and book clubs, including Oprah Winfrey's. Although recent government reports show a decline in recreational reading, the same reports show a strong correlation between interest in reading and academic achievement. This set provides a snapshot of the current state of popular American literature, including various types and genres. The volume presents alphabetically arranged entries on more than 70 diverse literary categories, such as cyberpunk, fantasy literature, flash fiction, GLBTQ literature, graphic novels, manga and anime, and zines. Each entry is written by an expert contributor and provides a definition of the genre, an overview of its history, a look at trends and themes, a discussion of how the literary form engages contemporary issues, a review of the genre's reception, a discussion of

authors and works, and suggestions for further reading. Sidebars provide fascinating details, and the set closes with a selected, general bibliography. Reading in America for pleasure and knowledge continues to be popular, even while other media compete for attention. While students continue to read many of the standard classics, new genres have emerged. These have captured the attention of general readers and are also playing a critical role in the language arts classroom. This book maps the state of popular literature and reading in America today, including the growth of new genres, such as cyberpunk, zines, flash fiction, GLBTQ literature, and other topics. Each entry is written by an expert contributor and provides a definition of the genre, an overview of its history, a look at trends and themes, a discussion of how the literary form engages contemporary issues, a review of the genre's critical reception, a discussion of authors and works, and suggestions for further reading. Sidebars provide fascinating details, and the set closes with a selected, general bibliography. Students will find this book a valuable guide to what they're reading today and will appreciate its illumination of popular culture and contemporary social issues.
