Album Rescue Series Tim Dalton,2015-10-16 This album rescue series book evolved from long debates with friends, family, and colleagues as to the merits of various unloved and mistreated albums. These discussions lead to committing our thoughts to paper and rescuing various albums that the press and general public considered to be far from exemplary of a particular artist. This book rights those wrongs. The album rescue series book is a contributive piece of work by music and media scholars, each of whom take a unique approach to rescuing an album they love. -- Taken from back cover.
