*Andre Simon's Wines of the World* Serena Sutcliffe, 1981 Publisher description -- The contributors of Wines of the World have looked both at classic wines of long standing and at exciting newcomers to the top class. They recognize that wine-drinkers today want to know how their wines are made and from what grape varieties, the tastes they are likely to find and the styles of wine emerging from different soils and climates. Laws have changed, and some wines with them. Drinkers are less conservative, and this book also aims to point to lesser-known wines which are emerging from purely local appreciation.
