Journalism, Satire, and Censorship in Mexico Paul Gillingham, Michael Lettieri, Benjamin T. Smith, 2018-12-15 Since the 2000 elections toppled the PRI, over 150 Mexican journalists have been murdered. Failed assassinations and threats have silenced thousands more. Such high levels of violence and corruption question one of the fundamental assumptions of modern societies, that democracy and press freedom are inextricably intertwined. In this collection historians, media experts, political scientists, cartoonists, and journalists reconsider censorship, state-press relations, news coverage, and readership to retell the history of Mexico's press.

Georgetown Journal of International Affairs, Summer/Fall 2014 Medha Raj, Warren Ryan, 2014-09-08 This issue of the Georgetown Journal of International Affairs focuses on the topic of Destabilizing Demographics, exploring the opportunities and challenges presented by dynamic population patterns and structures. Demographic shifts affect multiple facets of international affairs, impacting economies, modifying politics, and reshaping the fabric of our societies. These changes could have catastrophic international consequences if ignored or evaded. This edition concludes with articles regarding decidedly twenty-first century concerns: communication, integration, and globalization. The Georgetown Journal of International Affairs is the official publication of the Edmund A. Walsh School of Foreign Service at Georgetown University. Each issue of the journal provides readers with a diverse array of timely, peer-reviewed content penned by top policymakers, business leaders, and academic luminaries.

Homo criminalis Paz Velasco de la Fuente, 2021-03-17 La delincuencia y sobre todo los crímenes violentos tienen una presencia diaria en nuestras vidas porque revelan la sociedad en la que vivimos. A través de los medios de comunicación, el ciberespacio y las redes sociales vemos las imágenes de las víctimas, la escena del crimen, el desarrollo de la investigación policial, las declaraciones de los investigados, las sentencias..., y así se nos ofrece el crimen desde múltiples perspectivas. Si bien muchos delitos siguen siendo los mismos que antaño, otros son absolutamente nuevos. Lacassagne sentenció que «cada sociedad tiene la delincuencia que se merece», y quizá estuviera en lo cierto, pues el avance como especie y colectividad ha creado nuevas formas de criminalidad y delincuencia tan diversas como: los copycat killers, la agresión sexual grupal, el sicariato femenino, la misoginia online de los incels, la cibercriminalidad social..., temas inquietantes de los que se ocupa este sorprendente libro, un análisis actual de la agresión humana y la violencia.

Dying for the Truth Blog del Narco,2013-04-16 What is the value of telling the truth? For independent blog reporters in the midst of the Mexican Drug War, it's as important as their very lives, which are threatened on a daily basis. Blog del Narco is a heavily visited website, both in Mexico and the rest of North America, and it reveals the horrible savagery of the drug cartels. More than this, it also speaks of corruption and violence from the government itself. Many journalists in Mexico have been killed and silenced. Blog del Narco is not run by professional journalists, but it's the only forum for the true story of the violent drug war. *Dying for the Truth* is the first and only book release that contains both text and images, many of them gruesome, from this vital public forum. This book contains both the original Spanish-language posts in addition to their English translations. Truth is risky, and sometimes it's also harsh. Here is the reality of the Mexican Drug War, created in part by American demand for the products controlled by the cartels and their government collaborators. The Blog del Narco authors live anonymously and under threat in Mexico and aspire to relocate to the United States.

El espectáculo de la violencia en tiempos globales Martha Rebeca Herrera Bautista,Amaceli Lara Méndez,2018

Historia y violencia en América Latina Elena Rosauo,2017 Un importante número de artistas en las últimas décadas abordan la violencia en América Latina como un fenómeno ligado a la historia y a la política de la región. Esta violencia, en algunos momentos, llega a entroncar en ciertas genealogías de dominación colonial, y tiene que ver, en cualquier caso, con las enormes desigualdades económicas y sociales que aún rigen el continente. Este libro propone una cartografía crítica de las prácticas artísticas que, entre 1992 y 2012, han tratado la violencia política ligada a la historia, pasada y presente, de América Latina. En este sentido, toma el análisis de las operaciones o estrategias formales utilizadas en la creación de las obras como uno de los aspectos más relevantes para la reflexión en torno a la representación de la violencia. Se abordan, también, las fuentes iconográficas, la recepción crítica de las obras y su interpretación. La metodología seguida incluye criterios que atienden a la naturaleza nacional/transnacional de las obras, su visibilidad y el reconocimiento de las mismas en el sistema del arte internacional, así como a la interdisciplinariedad de las prácticas artísticas y sus interacciones con el activismo político. Por otro lado, el análisis crítico de las obras permite proponer conceptos innovadores para el estudio de las estrategias formales en las prácticas artísticas contemporáneas, que dan cuenta de procesos de apropiación, traslación y alegorización de tradiciones iconográficas y operaciones de materialización/desmaterialización de objetos, espacios y cuerpos.--Back cover.

Tecnología y participación ciudadana en la construcción democrática ,2011

Technology and Citizen Participation in the Construction of Democracy ,2012 As we live in an age of technological acceleration this book is very much of its time. Its ten essays, written from different outlooks, discuss how technologies, social networking and, in general, the Web 2.0 platforms that are applied and used when dealing with electoral and participatory democracy. The publication's background, its essential component, points to the ever-increasing ability of citizens to change their situations when they have better access to information. This edition is part of the work carried out at the international seminar Technology and Citizen Participation in the Construction of Democracy, co-organized by IEPC Jalisco and UNDP Mexico. It is displayed as a logbook, an exercise in reflection and a comprehensive study about electronic democracy and how it is related to citizenship building and citizen participation.--P. Narcos Over the Border Robert J. Bunker,2011 The book examines the drug wars taking place in Mexico between competing gangs, cartels, and mercenary factions; the narco-violence and terrorism increasingly crossing the border into the United States, and its interrelationship with domestic prison and street gangs. This book was published as a special issue of Small Wars and Insurgencies.

Narcocultura de norte a sur Ainhoa Vásquez Mejías,2017 Narcocultura de norte a sur es un libro con miradas interdisciplinarias e internacionales en el tema del narcotráfico. Los comienzos en el narcocorrido; las influencias de Hollywood en la narcoliteratura; la transnacionalización de una industria que se ha expandido desde el Cono Sur a Norteamérica; el rol que han asumido los intelectuales frente a esta problemática y el boom de las narcoseries producidas en Estados Unidos, son algunas de las líneas que se abordan. Este libro no pretende otorgar respuestas ni soluciones, sino abrir el debate frente a las complejas aristas de un negocio que ha implicado -tanto en lo social como en lo cultural- a niños, jóvenes, mujeres, a la población mexicana y, actualmente, a casi todo el continente americano. Estamos frente a un texto clave para los investigadores del rubro, pero también lo es para todo aquel que quiera adentrarse en este fenómeno cultural que recién está empezando.--Del editor.
