The First Light of Dawn - II Feyre, 2022-09-20 A perfectly contrasting pair of twins. Two sides of a coin - Incomplete without each other, and yet worlds apart. Violet Muriel Bellisario - an ideal daughter, ideal friend, ideal student? Check. A competitive bibliophile? Check. Label: #miss goodie two shoes, #nerd Silver Avalana Bellisario - a rebellious, silver-haired disappointment? Check. An unconventional dream to conquer the world with photography? Check. Label: #miscreant, #rebel Violet and Silver have their differences, but they couldn't possibly love each other more. Their life isn't picture-perfect, just like any other life in the elite Crimson Creek University. But then what made turned their clichéd college life into something straight out of a drama novel? Silver's love to explore the world led her to Mt. Fuji, one of the most enchanting places to exist. Accompanied by her 'best friends' Erica and Aubrey, her loving boyfriend Derek, and his fuckboy best friend Jake, nothing could've possibly gone wrong for Silver amidst that surreal landscape. But nothing in the world is as beautiful as it appears to be. An innocent introduction to the eerie suicide forests and a cocky dare is thrown into the equation, and suddenly Silver's life is at stake. That's when things start skyrocketing downhill. Add a new transfer girl Ava Murphy (#newgirl), and the mysterious and dark Danny Castellán (#mysteryman) into the picture, both with histories of their own. And when all of this throws this unconventional group of friends right into the world of crime lords and voodoo dolls, only the fittest is expected to survive.....

The Oxford English Dictionary Oxford University Press,1989 The Oxford English Dictionary is the ultimate authority on the usage and meaning of English words and phrases, and a fascinating guide to the evolution of our language. It traces the usage, meaning and history of words from 1150 AD to the present day. No dictionary of any language approaches the OED in thoroughness, authority, and wealth of linguistic information. The OED defines over half a million words, and includes almost 2.4 million illustrative quotations, providing an invaluable record of English throughout the centuries. The 20-volume Oxford English Dictionary is the accepted authority on the evolution of the English language over the last millennium. It is an unsurpassed guide to the meaning, history, and pronunciation of over half a million words, both present and past. The OED has a unique historical focus. Accompanying each definition is a chronologically arranged group of quotations that trace the usage of words, and show the contexts in which they can be used. The quotations are drawn from a huge variety of international sources - literary, scholarly, technical, popular - and represent authors as disparate as Geoffrey Chaucer and Erica Jong, William Shakespeare and Raymond Chandler, Charles Darwin and John Le Carré. In all, nearly 2.5 million quotations can be found in the OED . Other features distinguishing the entries in the Dictionary are authoritative definitions of over 500,000 words; detailed information on pronunciation using the International Phonetic Alphabet; listings of variant spellings used throughout each word's history; extensive treatment of etymology; and details of area of usage and of any regional characteristics (including geographical origins).
