International Handbook of Emotions in Education Reinhard Pekrun,Lisa Linnenbrink-Garcia,2014-04-16 For more than a decade, there has been growing interest and research on the pivotal role of emotions in educational settings. This ground-breaking handbook is the first to highlight this emerging field of research and to describe in detail the ways in which emotions affect learning and instruction in the classroom as well as students' and teachers' development and well-being. Informed by research from a number of related fields, the handbook includes four sections. Section I focuses on fundamental principles of emotion, including the interplay among emotion, cognition, and motivation, the regulation of emotion, and emotional intelligence. Section II examines emotions and emotion regulation in classroom settings, addressing specific emotions (enjoyment, interest, curiosity, pride, anxiety, confusion, shame, and boredom) as well as social-emotional learning programs. Section III highlights research on emotions in academic content domains (mathematics, science, and reading/writing), contextual factors (classroom, family, and culture), and teacher emotions. The final section examines the various methodological approaches to studying emotions in educational settings. With work from leading international experts across disciplines, this book synthesizes the latest research on emotions in education.

They Shouldn't Have Killed His Dog Edward Gross,Mark A. Altman,2022-07-19 There have been iconic moments in the action movie genre over the years, but nothing has come close to matching the kinetic, balletic gun-fu of the John Wick films. In *They Shouldn't Have Killed His Dog: The Complete Uncensored Ass-Kicking Oral History of John Wick, Gun-Fu and The New Age of Action*, bestselling authors Mark A. Altman and Edward Gross take you behind the scenes of a franchise that includes three films with more on the way, while exploring the action classics that led to John Wick as well as the films it inspired, like *Atomic Blonde*. They bring you right into the middle of the action of the John Wick films, detailing how the seemingly impossible was achieved through exclusive interviews with the cast, writers, directors, producers, stuntmen, fight choreographers, cinematographers, studio executives, editors, critics, and more. Together, they break down key action sequences while also providing a look back at the road the action genre has taken that led to John Wick, and a look at the character itself, an anti-hero who carries on the grand tradition of Clint Eastwood's *Man with No Name*, but with a twist — and a never-ending supply of ammo — while showcasing the enduring appeal of the action movie as well as John Wick's unique reinvention of the genre.

John Wick Eddie Patterson,2020-07-04 After John Wick loses his wife Helen to a terminal illness, he receives a beagle puppy named Daisy from her to help him cope with his grief. Despite John's almost stoic demeanor, he bonds with the puppy and they spend their day driving around in his vintage 1969 Ford Mustang Mach 1. At a gas station, he encounters a trio of Russian gangsters whose leader Iosef insists on buying his car, but John repeatedly states that it is not for sale. Frustrated, the mobsters learn where John's home is, knock him unconscious, steal his car, and kill Daisy.
