

# Killing Me Softly On Piano

**Pamela Dear**

*Anatomy of 55 More Songs* Marc Myers, 2022-12-06 NEW AND EXPANDED EDITION, NOW WITH 58 SONGS Following his 2016 smash hit *Anatomy of a Song*, acclaimed music journalist Marc Myers collects fifty-five new oral histories of iconic songs from his popular Wall Street Journal column Songs that sell the most copies become hits, but some of those hits become something more—iconic recordings that not only inspire a generation but also change the direction of music. In *Anatomy of 55 More Songs*, based on his column for the Wall Street Journal, music journalist and historian Marc Myers tells the story behind fifty-five rock, pop, R&B, country, and soul-gospel hits through intimate interviews with the artists who wrote and recorded them. Part oral history, part musical analysis, *Anatomy of 55 More Songs* ranges from Creedence Clearwater Revival's "Bad Moon Rising" to Dionne Warwick's "Walk On By," The Beach Boys' "Good Vibrations," and Black Sabbath's "Paranoid." Bernie Taupin recalls how he wrote the lyrics to Elton John's "Rocket Man;" Joan Jett remembers channeling her rage against how she had been unfairly labeled and treated as a female rocker into "Bad Reputation;" and Ozzy Osbourne, Elvis Costello, Bob Weir, Sheryl Crow, Alice Cooper, Roberta Flack, John Mellencamp, Keith Richards, Carly Simon, and many others reveal the emotions and technique behind their major works. This new, expanded edition of the book features three new songs: "Go Your Own Way" by Fleetwood Mac, "Why Can't We Be Friends?" by War, and "Come On Eileen" by Dexys Midnight Runners. Through an absorbing chronological, song-by-song analysis of the most memorable post-war hits, *Anatomy of 55 More Songs* provides a sweeping look at the evolution of pop music between 1964 and today. This book will change how you listen to music and evaluate the artists who create it.

**The 10 Rules of Rock and Roll** Professor Robert Forster, PT, 2011-11-01 In his first book *The 10 Rules of Rock and Roll* Australian singer-songwriter Robert Forster takes readers on an idiosyncratic journey through the past and present of popular music from Bob Dylan to Cat Power from AC/DC to Nana Mouskouri from The Saints to Franz Ferdinand. With thirty-years experience as a recording artist/performer and an undimmed love of popular music Forster's observations about his fellow artists balance the enthusiasm of a fan with an insider's authority. He is that rare thing a musician who can write about music and he brings to this collection of critical essays the erudition wit and craft of his songwriting.

**Hell's Kitchen** Alicia Keys, Lise Funderburg, 2025-11-11 A stunning behind-the-scenes look into Alicia Keys' hit Broadway musical, *Hell's Kitchen*, featuring never-before-seen photographs, exclusive interviews, and insights from Keys herself. *Hell's*

Kitchen debuted on Broadway in 2024—and the show has been electrifying audiences ever since. With plenty of awards attention, the musical has drawn sold-out crowds to the Shubert Theatre for Alicia Keys' relatable, raw and refreshingly fun production that shows us where dreams begin. Based on Keys' own experiences of growing up in New York City's Hell's Kitchen neighborhood, your journey starts with Ali, a 17-year-old girl full of fire, searching for freedom, passion, and her place in the world. Along the way, you'll meet the musical mentor who changes her life, her dynamic family, and the neighborhood that helps her grow. It's a celebration of finding yourself, your purpose, and the people who lift you up. The music—a mix of Keys' classics and new songs written exclusively for the show—is brought to life through exhilarating choreography. It's a soundtrack of rebellion, life, and love that speaks to you no matter where you're from, where you've been, or where you're going. The Hell's Kitchen book shares an intimate look inside the show's creation, from the first spark of an idea through the musical's thirteen-year journey to Broadway, where it continues to thrill audiences today. The book includes exclusive interviews with key cast and creative team members; first-person notes from Keys on her original songs; stunning stage photography and behind-the-scenes images; insights into costume creation, set design, choreography, and casting; and much more. This beautiful tribute answers every burning question a fan of the musical may have. Ultimately, it's a triumphant celebration of Alicia Keys and New York City.

*Encyclopedia of Great Popular Song Recordings* Steve Sullivan, 2013-10-04 From John Philip Sousa to Green Day, from Scott Joplin to Kanye West, from Stephen Foster to Coldplay, *The Encyclopedia of Great Popular Song Recordings, Volumes 1 and 2* covers the vast scope of its subject with virtually unprecedented breadth and depth. Approximately 1,000 key song recordings from 1889 to the present are explored in full, unveiling the stories behind the songs, the recordings, the performers, and the songwriters. Beginning the journey in the era of Victorian parlor balladry, brass bands, and ragtime with the advent of the record industry, readers witness the birth of the blues and the dawn of jazz in the 1910s and the emergence of country music on record and the shift from acoustic to electrical recording in the 1920s. The odyssey continues through the Swing Era of the 1930s; rhythm & blues, bluegrass, and bebop in the 1940s; the rock & roll revolution of the 1950s; modern soul, the British invasion, and the folk-rock movement of the 1960s; and finally into the modern era through the musical streams of disco, punk, grunge, hip-hop, and contemporary dance-pop. Sullivan, however, also takes critical detours by extending the coverage to genres neglected in pop music histories, from ethnic and world music, the gospel recording of both black and white artists, and lesser-known traditional folk tunes that reach back hundreds of years. This book is ideal for anyone who truly loves popular music in all of its glorious variety, and anyone wishing to learn more about the roots of virtually all the music we hear today. Popular music fans, as well as scholars of recording history and technology and students of the intersections between music and cultural history will all find this book to be informative and interesting.
