RJ Shavelson

Making Life Work Barney Hamady, 2010-02 It's no secret that on so many levels our world is getting worked. And so are we. So who or what is working you: difficult circumstances, difficult people, or some unbreakable bad habit? Are you getting worked by fear, poor health, family or financial problems? The fact is, everyone gets worked. And if you're not getting worked right now, it's a good bet someone you love is. Feel like blaming your surroundings? In the beginning, God placed Adam and Eve in a beautiful garden and told them to 'work it!' Instead, in their 'perfect' world, they got worked: by the serpent, by the Garden, and yes, even by their own choices.

Mathematica Theologica Richard R. Mata, 2017-06-08 Mathematica Theologica consists of a classical ontological argument in the genre of the likes of William Paley J. L. Mackie, and Thomas Aquinas. What sets the argument within Mathematica Theologica apart from the arguments given by the aforementioned classical philosophers, is the fact that Mathematica Theologica addresses every philosophical argument ever given, which is why Mathematica Theologica is The Universe Defined. If you can learn to connect informational puzzle pieces, then you can comprehend all of the content within Mathematica Theologica, because the content within Mathematica Theologica gives its own definitions, which are individual informational puzzle pieces that fit perfectly with all other informational puzzle pieces within Mathematica Theologica according to logical progression. Due to this, my knowledge as applied to your knowledge equals a knowledge that is more than the sum of its parts when applied.
