**Indo-Mozambicans in Maputo, 1947-1992** Nafeesah Allen,2022-11-01 This book explores the experiences of 'Indo-Mozambicans,' citizens and residents of Mozambique who can trace their origins to the Indian subcontinent, a region affected by competing colonialisms during the twentieth century. Drawing from ethnographic interviews, the author illustrates why migration developed as both an identity marker and a survival tool for Indo-Mozambicans living in Maputo, in response to the series of independence movements and prolonged period of geo-political uncertainty that extended from 1947 to 1992. A unique examination of post-colonialism, the book argues that four pivotal moments in history forced migratory patterns and ethnic identity formations to emerge among Indo-Mozambicans, namely, the end of the British empire in India and the subsequent partition of India and Pakistan in 1947; the end of the Portuguese empire in India, with the annexation of Goa, Daman and Diu in 1961; the independence of Mozambique from Portugal in 1975; and the civil war of Mozambique from 1977 to 1992. Framing these historical markers as trigger points for shifts in migration and identity formation, this book demonstrates the layered experiences of people subject to Portuguese colonialism and highlights the important perspective of those 'left behind' in migration studies.

*A Wedding in Willow Valley* Joan Elliott Pickart,2011-10-17 SHE'D LEFT HER HEART IN WILLOW VALLEY Laurel Windsong had thought leaving Willow Valley—and her first love, Ben Skeeter—would be the hardest thing she'd ever done. But returning home ten years later proved much more difficult. Rumors swirled around the small town about why she'd come home, if she'd returned for good and whether she and Ben would give in to the undeniable sparks that still flew between them. But she had secrets in her past, demons she needed to conquer, before she'd be able to give Ben her heart. Would he wait for her, or had she lost the only man she'd ever truly loved?

**SHE IS STILL BREATHING...** Sagar Allone,2021-08-12 Ignoring Earth, the stars shone in the rays of the sun with cosmic pride. Dancing in the clouds, the moon boasted over himself, and in the empty space of the universe, the sound and motion of all planets echoed through time. On this hell of Earth we call the world; A 5-year old girl lived her entire life behind a wall of brick and stone. Her little red backpack was the only thing she owned as she stood before that wall from which she desired to gain her freedom. She took one bold step towards the wall and a new life she dreamed of, ripping through the silence of the night, and break free from the stone nest that was her prison. She had not decided on a whim to escape from

the orphanage, in fact, it had been months she was planning to break free. And despite the length of her planning, fear held her back, until of course, she took that one bold step to freedom and the rest of her life. Where did she come from and where did she want to go? Her past life had raised many questions in her heart which she had yet to find.

**Settling In** Lonnie Magee, 2006-12 Lonnie Magee is fast becoming one of America's best western authors. In the first of the Tallgrass Trilogy, *The Drive*, James Howard kept the family ranch in Texas going while his father was away fighting the War Between the States. When his father returned, it was to a parched and bleak land with cattle selling only for the hides. The adventures along this early cattle drive and the Howard family's introduction to the tallgrass, has many readers eager to follow this family in their new adventures. *Settling In* continues with James and his new Indian wife, as well as his friends and neighbors, fighting more than just outlaws in order to keep their cattle ranch growing. So, sit back, get comfortable and follow the *Settling In* process for the Howard family . in the Tallgrass.

**Spoken Discourse** Rodney Jones, 2016-07-28 This book provides an overview of current theories of and methods for analysing spoken discourse. It includes discussions of both the more traditional approaches of pragmatics, conversation analysis, interactional sociolinguistics, linguistic anthropology and critical discourse analysis, and more recently developed approaches such as multimodal discourse analysis and critical sociolinguistics. Rather than treating these perspectives as mutually exclusive, the book introduces a framework based on principles from mediated discourse analysis in which different approaches to spoken discourse are seen as complementing and informing one another. In this framework, spoken discourse is seen as mediated through a complex collection of technological, semiotic and cultural tools which enable and constrain people's ability to engage in different kinds of social actions, enact different kinds of social identities and form different kinds of social relationships. A major focus of the volume is on the way technological tools like telephones, broadcast media, digital technologies are changing the way people communicate with spoken language. The book is suitable for use as a textbook in advanced courses in discourse analysis and language in social interaction, and will also be of interest to scholars in a variety of fields including linguistics, sociology, media studies and anthropology.

Hit Refresh Satya Nadella,Greg Shaw,Jill Tracie Nichols,2017-09-26 “At the core, Hit Refresh, is about us humans and the unique quality we call empathy, which will become ever more valuable in a world where the torrent of technology will disrupt the status quo like never before.” – Satya Nadella from Hit Refresh “Satya has charted a course for making the most of the opportunities created by technology while also facing up to the hard questions.” – Bill Gates from the Foreword of Hit Refresh The New York Times bestseller Hit Refresh is about individual change, about the transformation happening inside of Microsoft and the technology that will soon impact all of our lives—the arrival of the most exciting and disruptive wave of technology humankind has experienced: artificial intelligence, mixed reality, and quantum computing. It’s about how people, organizations, and societies can and must transform and “hit refresh” in their persistent quest for new energy, new ideas, and continued relevance and renewal. Microsoft’s CEO tells the inside story of the company’s continuing transformation, tracing his own personal journey from a childhood in India to leading some of the most significant technological changes in the digital era. Satya Nadella explores a fascinating childhood before immigrating to the U.S. and how he learned to lead along the way. He then shares his meditations as a sitting CEO—one who is mostly unknown following the brainy Bill Gates and energetic Steve Ballmer. He tells the inside story of how a company rediscovered its soul—transforming everything from culture to their fiercely competitive landscape and industry partnerships. As much a humanist as engineer and executive, Nadella concludes with his vision for the coming wave of technology and by exploring the potential impact to society and delivering call to action for world leaders. “Ideas excite me,” Nadella explains. “Empathy grounds and centers me.” Hit Refresh is a set of reflections, meditations, and recommendations presented as algorithms from a principled, deliberative leader searching for improvement—for himself, for a storied company, and for society.
