

Smbolo De La Pachamama

Michael Hoelscher

Tierra encantada Manuel María Marzal, 2002 Este ambicioso tratado sobre el fenómeno religioso en América Latina es producto de una larga docencia universitaria y de investigaciones realizadas sobre el terreno en varios países. Aunque su enfoque es básicamente antropológico, incluye también una dimensión interdisciplinar y pretende ser útil a todos los estudiosos del hecho religioso. Consta de dos partes independientes. La primera es un análisis general del fenómeno religioso, en el que se exponen conceptos y teorías sobre el mismo: la religión y su especificidad, mito y rito, experiencia y éxtasis, ética y política, sincretismo, secularización, eclecticismo, agnosticismo e increencia. A la luz de dichos conceptos y teorías, en la segunda parte se analiza el complejo panorama religioso de América Latina a través de casos concretos. Se profundiza sobre todo en el catolicismo mayoritario, así como en el creciente evangelismo, sin olvidar las minorías religiosas viejas y nuevas, autóctonas e importadas.

El símbolo final Fresia Castro, 2013 ¿Qué relación puede haber entre la historia ancestral del continente americano, un programa estelar y la activación de circuitos electrónicos en el ser-energía que es el hombre? Si seguimos las pistas que se encuentran en este libro descubrirás la importancia de haber nacido en este rincón del mundo y el rol que nos corresponde jugar en este tiempo, como herederos de un pasado grandioso y enigmático, que comienza a entregar su información como si hubiera un acuerdo más allá del tiempo y del espacio.

Gender and Modernity in Andean Bolivia Marcia Stephenson,2010-07-05 In Andean Bolivia, racial and cultural differences are most visibly marked on women, who often still wear native dress and speak an indigenous language rather than Spanish. In this study of modernity in Bolivia, Marcia Stephenson explores how the state's desire for a racially and culturally homogenous society has been deployed through images of womanhood that promote the notion of an idealized, acculturated female body. Stephenson engages a variety of texts—critical essays, novels, indigenous testimonials, education manuals, self-help pamphlets, and position papers of diverse women's organizations—to analyze how the interlocking tropes of fashion, motherhood, domestication, hygiene, and hunger are used as tools for the production of dominant, racialized ideologies of womanhood. At the same time, she also uncovers long-standing patterns of resistance to the modernizing impulse, especially in the large-scale mobilization of indigenous peoples who have made it clear that they will negotiate the terms of modernity, but always as Indians.
