Animal Tales from the Caribbean George List, 2017-09-11 Traditional stories from the northern Colombian coast, in both English and Spanish. These twenty-one animal tales from the Colombian Caribbean coast represent a sampling of the traditional stories that are told during all-night funerary wakes. The tales are told in the semi-sacred space of the patio (backyard) of homes as part of the funerary ritual that includes other aesthetic and expressive practices such as jokes, song games, board games, and prayer. In this volume these stories are situated within their performance contexts and represent a highly ritualized corpus of oral knowledge that for centuries has been preserved and cultivated by African-descendant populations in the Americas. Ethnomusicologist George List collected these tales throughout his decades-long fieldwork among the rural costeños, a chiefly African-descendent population, in the mid-twentieth century and, with the help of a research team, transcribed and translated them into English before his death in 2008. In this volume, John Holmes McDowell and Juan Sebastián Rojas E. have worked to bring this previously unpublished manuscript to light, providing commentary on the transcriptions and translations, additional cultural context through a new introduction, and further typological and cultural analysis by Hasan M. El-Shamy. Supplementing the transcribed and translated texts are links to the original Spanish recordings of the stories, allowing readers to follow along and experience the traditional telling of the tales for themselves.

Cholombianos ,2014 They had no medium of expression, so they had to make it up; they had no look, so they created it with gallons of hair gel and hours of toiling meticulously over their escapularios. They don't imitate anyone because they never had [i.e., had] anyone to imitate and they created their fascinating code from scratch. All from a güiro they heard on the radio that was so catchy that it was impossible not to follow its rhythm and let yourself go wherever it took you. And it

took them underneath bridges, to the dance halls, and into the streets of Monterrey's roughest neighborhoods, where they stand out from everyone else thanks to their unmistakable way of dressing and dancing--P. [4] of cover.
