Enola Holmes: The Case of the Left-Handed Lady Nancy Springer, 2008-05-15 Enola Holmes is hiding from the world's most famous detective—her own brother, Sherlock Holmes. But when she discovers a hidden cache of bold, brilliant charcoal drawings, she can't help but venture out to find who drew them: young Lady Cecily, who has disappeared from her bedroom without a trace. Braving midnight streets where murderers roam, Enola must unravel the clues—a leaning ladder, a shifty-eyed sales clerk, political pamphlets—but in order to save Lady Cecily from a powerful villain, Enola risks revealing more than she should . . . In her follow-up to *The Case of the Missing Marquess*, which received four starred reviews, two-time Edgar Award winner Nancy Springer brings us back to the danger and intrigue of Victorian London as she continues the adventures of one of the wittiest and most exciting new heroines in today's literature.

Detective Fiction for Young Readers Chris McGee, 2024-09-18 Detective Fiction for Young Readers is an examination of contemporary mystery stories for children and young adults. This volume explores how the conventions, rules, and expectations of adult mystery fiction have filtered down, so to speak, especially in the past several decades, to writing for younger readers. The book is organized into three sections that explore the whodunit, the hardboiled, and the metaphysical styles of mystery fiction. Furthermore, this text analyzes how each style has been adapted for a younger audience, acknowledging and exploring representative novels most in keeping with that style. This volume is ideal for students, academics, and readers interested in children's mystery fiction that adheres to formulas made popular after the golden age of classic detective fiction.
