Adaptations, Versions and Perversions in Modern British Drama Ignacio Ramos Gay,2014-10-02 This book aims to explore which plays were deemed 'suitable' to be reworked for foreign or local stages; what transformations – linguistic, semiotic, theatrical – were undertaken so as to accommodate international audiences; how national literary traditions are forged, altered, and diluted by means of transnational adapting techniques; and, finally, to what extent the categorical boundaries between original plays and adaptations may be blurred on the account of such adjusting textual strategies. It brings together ten articles that scrutinise the linguistic, social, political and theatrical complexities inherent in the intercultural transference of plays. The approaches presented by the different contributors investigate modern British theatre as an instance of diachronic and synchronic transnational adaptations based upon a myriad of influences originating in, and projected upon, other national dramatic traditions. These traditions, rooted in relatively distant geographies and epochs, are traced so as to illustrate the split between the state-imposed identity and personal, subjective identity caused by cultural negotiations of the self in an age of globalism. International frontiers are thus pointed at in order to claim the need to be transcended in the process of cultural re-appropriation associated with theatre performance for international audiences.

The Commercial Theater Institute Guide to Producing Plays and Musicals Ben Hodges,Frederic B. Vogel,2007-01-01 Now in its 25th year, the Commercial Theater Institute sponsors an annual intensive program in New York for individuals interested in producing or investing in the theatre that attracts people from all over the world. The top working theatre professionals offer hard, factual information to those interested in producing for Broadway, Off-Broadway, Off-Off-Broadway, anywhere in North America, as well as in the United Kingdom. The Commercial Theater Institute Guide to Producing Plays and Musicals now collects for the first time the cream of the crop of that advice, from the noted theatre professionals who participate in the program, in their own words. Interviews, contributions, and a resource directory are included from 30 theatre professionals who have won a total of 45 Tony Awards. Agents, directors, production designers, general managers, fundraisers, marketing directors, producers, and theatrical attorneys all offer invaluable advice in a book that will be the definitive resource in its field.

Border Crossings Lauren Clark,Colin Younger,2013-11-13 Borderlands, boundaries and frontiers are crucibles for diverse

cultures and multiple alternative histories. Nowhere is this truer than in the debateable lands between nation states in what is commonly known as the British Isles. This collection takes the reader on an imaginative journey inside the borders, offering a fresh perspective on the liminality of these porous and contested terrains and the liminal peoples therein. Implicitly or explicitly, the contributors to this volume, in one way or another acknowledge that the term 'borderland' is imprecise, ambiguous and never neutral, and due to its liminal status, a crucible for multiple and competing identities. As the essays in this collection show, these borders don't have to be geographical, but can extend to any cultural, psychic or social terrain which exists beyond or between accepted categories, power structures, nations or states. This collection concerns itself with Borders Theory in its multifarious manifestations from pre-history to the present day. Border Crossings draws together a number of key researchers in their respective fields and enables a dialogue between different disciplines and theoreticians. More generally, in its disciplinary and theoretical scope, the collection links with a number of other works, whilst its focus on England, Ireland and Scotland maintains its distinctiveness and addresses an area of comparative critical neglect.

The Shakespearean International Yearbook Alexa Alice Joubin, Natalia Khomenko, Katherine Schaap Williams, 2024-04-18 The Shakespearean International Yearbook surveys the present state of Shakespeare studies in global contexts, addressing issues that are fundamental to our interpretive encounter with Shakespeare's work and his time. Contributions are solicited from scholars across the field and from both hemispheres of the globe who represent diverse career stages and linguistic traditions. Both new and ongoing trends are examined in comparative contexts, and emerging voices in different cultural contexts are featured alongside established scholarship. Each volume features a collection of articles that focus on a theme curated by a specialist Guest Editor, along with coverage of the current state of the field in other aspects. An essential reference tool for scholars of early modern literature and culture, this annual publication captures, from year to year, current and developing thought in global Shakespeare scholarship and performance practice worldwide.

The Lieutenant of Inishmore Martin McDonagh, 2008-04-25 A farcical look at political violence as it's played out during the Troubles in Northern Ireland against the drab backdrop of a bare, rustic Irish cottage and unending boredom in an inhospitable environment in which a mutilated cat sets off a murderous cycle of revenge. Wee Thomas was a friendly cat. He would always say hello to you were you to see him sitting on a wall. (Pause.) He won't be saying hello no more, God bless him. Not with that lump of a brain gone. Who knocked Wee Thomas over on the lonely road on the island of Inishmore, and was it an accident? Mad Pádraig will want to know when he gets back from a stint of torture and chip shop bombing in Northern Ireland: he loves that cat more than life itself.

The Theatre of Martin McDonagh Lilian Chambers, Eamonn Jordan, 2006 With such plays as *The Beauty Queen* (1996),

The Cripple of Inishmaan (1997), The Lonesome West (1997), A Skull in Connemara (1997), The Lieutenant of Inishmore (2001), and The Pillowman (2003) Martin McDonagh has made a huge reputation for himself internationally, winning multiple awards for his work and enjoying universal critical acclaim. Most recently, he won an Oscar for his short film Six Shooter (2006). This collection of essays is a vital and significant response to the many challenges set by McDonagh for those involved in the production and reception of his work. The volume brings together critics and commentators from around the world, who assess the work from a diverse range of often provocative approaches. What is not surprising is the focus and commitment of the engagement, given the controversial and still whether for or against, this is an essential read for all who wish to enter the complex debate about the Theatre of Martin McDonagh.
