Summary of Susan Forward & Craig Buck's Toxic Parents Everest Media,2022-03-27T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 The ancient Greeks had a problem. The gods looked down from their ethereal playground atop Mount Olympus and passed judgment on everything the Greeks were up to. And if the gods weren't pleased, they were swift to punish. They didn't have to be kind; they didn't have to be just; they didn't even

have to be right. #2 Our culture and religions all agree that the omnipotence of parental authority is acceptable, and it's taboo to assertively confront our parents. The fear of being struck by lightning becomes deeply ingrained and grows with the child. #3 As a child's self-esteem is undermined, his dependence on his parents grows, and with it his need to believe that they are there to protect and provide. These beliefs keep the faith alive, allowing you to avoid facing the painful truth that your parents actually betrayed you when you were most vulnerable. #4 Sandy, a 28-year-old woman, was extremely depressed when she first came to see me. She told me that she was unhappy with everything in her life. She had been a floral designer for several years at a prestigious shop, but she was convinced that she wasn't smart enough to succeed.

Filled with compelling case histories, *Mothers Who Can't Love* outlines the self-help techniques Forward has developed to transform the lives of her clients, showing women how to overcome the pain of childhood and how to act in their own best interests. Intersecting Realities Hak Joon Lee, 2018-11-13 Experiencing racial marginalization in society and pressures for success in family, Asian American Christian young adults must negotiate being socially underpowered, culturally dissonant, and politically marginal. To avoid misunderstandings and conflicts within and without their communities, more often than not they hide their true thoughts and emotions and hesitate to engage in authentic conversations outside their very close-knit circle of friends. In addition, these young adults might not find their church or Christian fellowship to be a safe and hospitable place to openly struggle with all of these sorts of questions, all the while lacking adequate vocabulary or resources to organize their thoughts. This book responds to these spiritual-moral struggles of Asian American young people by theologically addressing the issues that most intimately and immediately affect Asian American youths' sense of identity—God, race, family, sex, gender, friendship, money, vocation, the model minority myth, and community— uniquely and consistently from the contexts of Asian American young adult life. Its goal is to help young Asian Americans develop a healthy, balanced, organic sense of identity grounded in a fresh and deeper understanding of the Christian faith.

Toxic Parents Susan Courage, 2020-08-18 The one thing you have to remember if you are dealing with either a toxic sibling, or a parent, or both is that, in the end, they are narcissists. That means they are in it for themselves, that they want and need to see themselves as your superior and that they will do some evil things to you to maintain that illusion. It's simply who and what they are, and you cannot change them. On the other hand, you can change yourself. Remember that all relationships are optional, even family relationships. Sure, you have a biological tie with the narcissist who expelled you from their birth canal, as you do with the sibling that took that journey either before or after you. Still, all that is simply an accident of biology, and it doesn't mean you have to put up with their abuses. You are free to set the parameters of your life, and with that comes the option of dropping your abusive family member. This book covers: Toxic Parents Narcissistic Parents Can There Be A Perfect Parent? How Can A Toxic Parent Affect Your Life Relationships With Alcoholic Parents How To Process A Verbal Abuser How To Process Physical Abuser And Much More. Your goal, in the end, is to be able to love yourself for who you are, your children for their beautiful, separate, authentic selves, and to provide for them all the things that your parents could not give you. You want to be mindful of your child and separate your needs and desires from theirs, focusing on

them and not on yourself. Doing these things, turning away from your ego to concentrate on your child's needs, will allow you to break the generational cycle of narcissistic abuse. Click Buy Now!

Emotional Blackmail Susan Forward, Donna Frazier, 1998-03-04 If you really loved me... After all I've done for you... How can you be so selfish... Do any of the above sound familiar? They're all examples of emotional blackmail, a powerful form of manipulation in which people close to us threaten to punish us for not doing what they want. Emotional blackmailers know how much we value our relationships with them. They know our vulnerabilities and our deepest secrets. They are our mothers, our partners, our bosses and coworkers, our friends and our lovers. And no matter how much they care about us, they use this intimate knowledge to give themselves the payoff they want: our compliance. Susan Forward knows what pushes our hot buttons. Just as John Gray illuminates the communications gap between the sexes in *Men Are from Mars*,

Women Are from Venus, and Harriet Lerner describes an intricate dynamic in The Dance of Anger, so Susan Forward presents the anatomy of a relationship damaged by manipulation, and gives readers an arsenal of tools to fight back. In her clear, no-nonsense style, Forward provides powerful, practical strategies for blackmail targets, including checklists, practice scenarios and concrete communications techniques that will strengthen relationships and break the blackmail cycle for good.
