The Seven Spiritual Laws of Success (EasyRead Large Bold Edition) Deepak Chopra, 2018 Deepak Chopra's #1 bestselling audio offers life-altering guidance on the attainment of success, distilled into seven simple, powerful principles that you can easily apply to your life.

The Seven Spiritual Laws for Parents Deepak Chopra, M.D., 2006-03-28 The Seven Spiritual Laws of Success was a phenomenon that touched millions of lives. Its author, Deepak Chopra, received thousands of letters from parents who expressed the desire to convey the principles they had learned to their children, along with questions about how to do so. The Seven Spiritual Laws for Parents is Dr. Chopra's answer to those parents who wish to raise children with values that satisfy spiritual needs as well as create the experience of abundance. Exploring specific ways to practice the Seven Spiritual Laws as a family, Chopra explains how to convey these laws to children, and how to embody them in age-specific activities each day. The Seven Spiritual Laws for Parents moves us beyond a focus on private triumphs and failures to experience the spiritual nature of communion with family, to share with those closest to us the infinite riches of innocence and love. The deepest nurturing you can give your child is spiritual nurturing. There are seven simple sayings that can have a profound impact on your child's life. • Everything is possible. • If you want to get something, give something. • When you make a choice, you change the future. • Don't say no—go with the flow. • Every time you wish or want, you plant a seed. • Enjoy the journey. • You are here for a reason. Raised with these insights, every child can obtain the success that comes from having the most valuable skills anyone can possess: the ability to love and have compassion, and the capacity to feel joy and spread it to others. In this essential work for every parent, Deepak Chopra reflects on his experiences as a father as well as his own spiritual journey and offers profound and practical ways for sharing these principles with your children. Coaching to "The Seven Spiritual Laws of Success" to Chopra Dr. Lutz Knoche,2017-05-17 Scientists, physicians and spiritual personalities are coming to the public with the message of initiating a new development of consciousness that connects science and spirituality with ever greater, more frequent and convincing results. In physics, especially in quantum physics, the boundaries between these two areas are often no longer clear. Quantum physics has demonstrated how consciousness can change. Now this knowledge must also be used in a targeted manner. To have success is to realize wishes with very specific intentions. Chopra, in his book The Seven Spiritual Laws of Success, now shows the way everyone can realize their desires and intentions without difficulty, with consciousness. I will therefore try to describe and comment on these laws so that it is easier for people to implement them. But does not relieve anyone of the discipline of working and apply on a regular basis.

Sample Book Insights: #1 The practice of yoga provides many physical benefits, but its core is the integration of all the layers of life. It is a science of balanced living, a path for realizing full human potential. #2 The Seven Spiritual Laws of Yoga program will raise your level of physical vitality, clear emotional blockages from your heart, and awaken your joyfulness and enthusiasm for life. #3 The Western scientific model of a person is primarily physical, and it focuses on the material aspect of life. However, this approach can be extremely effective

in the short term relief of symptoms. It rarely promotes a deeper understanding of life, and the side effects of medications are often limiting. #4 The game of hide-and-seek that spirit plays with us is the process of uncovering the layers that mask our essential unbounded nature. These layers are called koshas, and they are divided into three primary divisions: a physical body, a subtle body, and a causal body.
