History of the Incas and the Execution of the Inca Tupac Amaru Pedro Sarmiento De Gamboa,2007-11-01 Spanish explorer and historian PEDRO SARMIENTO DE GAMBOA (1532-1592) spent more than twenty years in Peru. During that time he collected what was, at the time of its writing in 1572, the most accurate history of Incan civilization. De Gamboa personally interviewed many Incas around Cuzco in order to hear the songs and stories of their ancestors. This history was not gathered without an ulterior motive, however. De Gamboa aimed to show that the Inca were cruel tyrants who had usurped the land they were living on when the Spaniards found them. By showing that the Inca deserved the treatment they got from the Spanish crown, De Gamboa hoped to save his country's reputation on the world stage. Scholars and amateur historians will find here fascinating Incan mythology as well as thorough explanations of Incan society. This replica of a 1907 British edition also includes *The Execution of the Inca Tupac Amaru*, by the 16th-century Spaniard CAPTAIN BALTASAR DE OCAMPO.

History of the Incas, by Pedro Sarmiento de Gamboa, and the Execution of the Inca Tupac Amaru, by Captain Baltasar de Ocampo Sir Clements Markham,2017-05-15 Translated from the original manuscript in the Library of the University at Goettingen (Col. ms. hist. 809) as published by R. Pietschmann in *Abhandlungen d. K. Gesellschaft d. Wiss. zu Goettingen. Philol. Hist. Kl., N.F., Bd. VI, no. 4* (1906). The second part of the author's *Historia indica*; a first part (*Historia natural destas tierras*) and a third which was to contain the history of the conquest until 1572 were projected, but apparently never completed. The first text was dedicated to Philip II in 1572; the second was written in 1610. The edition includes a bibliography of Peru, pp. 341-58. Pagination of this and the Supplement is continuous. The Supplement is another eye-witness account. Internally stated to have been issued as a separate item, yet in fact bound within the previous item. This is a new print-on-demand hardback edition of the volume first published in 1907.

History of the Incas Pedro Sarmiento de Gamboa,2012-04-30 Primary source of information on pre-Conquest Incan history, traditions and chronology. Full details of ceremonies, festivals, and religious beliefs, origin of the Incas, arrival of the Spaniards, much more. 2 maps. Bibliography.

Mexican Political Biographies, 1884-1934 Roderic Ai Camp,2014-11-06 Here is an authoritative reference work that

makes biographies of prominent Mexican national politicians from the period 1884-1934 available in English. Like the author's biographical directory for the years 1935-2009, it draws on many years of research in Mexico and the United States and seeks not only to provide accurate biographical information about each entry but also, where possible and appropriate, to connect these politicians to more recent leadership generations. Thus, Mexican Political Biographies, 1884-1934 not only is a useful historical source but also provides additional information on the family backgrounds of many contemporary figures. The work includes those figures who have held specific posts at the national level or who have served as state governors. Each biographical entry contains the following information: date of birth, birthplace, education, elective political office, political party positions, appointive governmental posts at all levels, group activities, nongovernmental positions and professions, relatives, mentors and important friends, military experience, unusual career activities, and published biographical sources. Another unique feature of the directory is appendixes with complete lists of the names and dates of cabinet members, supreme court justices, senators, deputies, selected ambassadors, and party leaders.

The Making of Criminal Law Aniceto Masferrer, 2025-11-12 The separation of powers produced by the Enlightenment period reinforced the myth of the "perfection of the law", with criminal law being dependent on the principle of legality. Demonstrating that this principle has not fundamentally altered judges' methods of interpretation and decision-making, this collective volume explores the role of case law in the making of modern criminal law from the late 19th century to the end of the 20th century. It enables us to gauge the influence of case law developed and to assess the extent to which it contributed to major criminal law decisions and the emergence of model criminal codes. The book takes a comparative view across various European and American jurisdictions and offers an overview of European civil law traditions along with comparisons from the Americas. The focus is on Western legal historiography, which has hitherto been notably under-researched. The chronological point of departure is marked by the creation of the Supreme Court and the cassation in each jurisdiction. Each chapter contains a short introduction to the role of jurisprudence in the making of criminal law from the 19th century onwards in that jurisdiction, followed by an exploration of the contribution of the legal doctrine of the Supreme Court in the making or development of a particular criminal offence or institution. The book will be of interest to scholars and historians working or teaching in the areas of legal history, comparative legal history, criminal law and comparative law. It will also be of use to scholars interested in the study of law in different socio-cultural contexts.
