Buttception Chuck Tingle,2015-04-09 Chuck Tingle, a writer who defined a generation with his sensual brand of homoerotic thriller, is back with a three-book collection that has been heralded by Death And Taxes Magazine as a transhumanist masterpiece.What begins as the simple story of a man's true love for a gay unicorn sailor quickly evolves into something else entirely, each tale pulling farther and farther out to reveal a breathtaking glimpse at the greatest author of our time. Like a butt within a butt within butt, this trilogy will have your perception of time and space turned completely upside down in total buttception. Welcome to the future of literature.ANALLY YOURS, THE UNICORN SAILOROut for a stroll after breaking up with his girlfriend, Tuck never could have imagined that he would meet the love of his life in the form of a gay unicorn sailor named Hunter, but that's exactly what happens. The two share a romantic evening until it's revealed that Hunter is about to embark on a year long sail around the world. However, their love remains strong in a series of explicit letters. But Hunter is planning something that will redefine the meaning of love between a man and a unicorn. Soon Tuck finds himself whisked away to the Bahamas on a private helicopter for a hardcore, anal surprise that will have your jaw on the floor. POUNDED IN THE BUTT BY MY OWN BUTTKirk is a scientific researcher on the leading edge of cloning technology, but his team has reached a standstill. In an effort to stabilize rapid clone growth, researchers have been taking DNA from various parts of their bodies and combining it with small amounts of animal DNA. But when the scientists combine samples from Kirk's butt, brain, and a hawk, the resulting effect is a handsome, living ass who immediately sweeps Kirk off of his feet over a candlelit dinner for two. Kirk has finally found a lover that truly understands him at his very core... his own gay ass! POUNDED IN THE BUTT BY MY BOOK POUNDED IN THE BUTT BY MY OWN BUTTBuck Trungle is a world famous writer who is sick and tired of living in the shadow of his own books. But when his most recent novel, Pounded In The Butt By My Own Butt contacts him out of the blue and threatens a lawsuit, it's a fear that Buck must now face head on. Buck's novel is looking to collect royalties on sales of himself, and Buck's lawyer is urging the writer to settle out of court, but when author and book finally meet face-to-face things take a turn for the erotic. Soon enough, Buck is selling himself to seal the deal with this sentient novel, but can he give his ass away without giving a piece of his heart, as well?

Do you want to be able to put on shorts or a bikini and not think twice about what your rear looks like in them? If you are a woman, then you probably answered yes to both of those questions. Having a great looking toosh can do a makeover on a woman's self-esteem. She feels fit, young, and ready for anything. If you think that fantastic looking butts can only be found on the backsides of women like Jennifer Lopez or Beyoncé, then you just do not understand how they got theirs in the first place. The Key to a Shapelier Booty It is true that genetics will play a large role on how your butt turns out, but it does not have to stop there. If you want your butt to be thicker, firmer, or even perkier, then the key to achieving this can be found within Rachel Howe's illustrated workout guide. He or she has put together a 5 tip workout plan that holds all the secrets you will ever need to get your butt in the best shape of your life. This guide combines power moves, plyometric training, and weight exercises to make sure that your butt is constantly in a workout rotation. These exercises include, Jumping Bouncing Squats Lunges Combinations of exercises and with the additional benefit of using barbells and dumbbells How Will These Exercises Impact Your Butt Size and Shape? As Rachel demonstrates women like Beyoncé have great derrieres because they are dancers. Dancing creates a series of power moves that are constantly impacting different areas of the butt. This means that their butt muscles or glutes are never reaching a leveling off point, but are instead getting different focuses of intensity so they will continue to tighten and increase in size to be able to handle the workouts applied on them. Power moves in

combination with plyometric training is the top way to create a diverse workout for your butt. This means that it will be applied 3 times a week, but different intense methods will be used each time. Rachel works with you to build a starting workout that will rotate which muscles in your butt along with your thigh muscles, calves, knees, and ankles are being impacted. She will help you build up the strength in your butt in 21 days, after that you will have all the knowledge necessary to build onto your butt workout routine all on your own. Save Money on Trainers and Gym Memberships Any of these exercises can be done inside a gym, but more importantly you can do them from inside your own home. Also, if you start feeling cramped in your house, feel free to take this workout on the road. These exercises and tips do wonders for your butt when performed outside using natural obstacles.
