**Unveiling Bleisure Travellers** Pooja Khanna,Tanveer Kajla,Nripendra Singh,2025-10-28 The central focus of this exploration lies in the intelligent utilization of big data to understand consumer behavior and actively engage and enhance their social experiences.

**Intermarriage and the Friendship of Peoples** Adrienne Edgar,2022-05-15 Co-winner of the Central Eurasian Studies Society's prize for best book in History and the Humanities in 2022 and 2023, and winner of the The Joseph Rothschild Prize in Nationalism and Ethnic Studies of the Association for the Study of Nationalities *Intermarriage and the Friendship of Peoples* examines the racialization of identities and its impact on mixed couples and families in Soviet Central Asia. In marked contrast to its Cold War rivals, the Soviet Union celebrated mixed marriages among its diverse ethnic groups as a sign of the unbreakable friendship of peoples and the imminent emergence of a single Soviet people. Yet the official Soviet view of ethnic nationality became increasingly primordial and even racialized in the USSR's final decades. In this context, Adrienne Edgar argues, mixed families and individuals found it impossible to transcend ethnicity, fully embrace their complex identities, and become simply Soviet. Looking back on their lives in the Soviet Union, ethnically mixed people often reported that the official nationality in their identity documents did not match their subjective feelings of identity, that they were unable to speak their own native language, and that their ambiguous physical appearance prevented them from claiming the nationality with which they most identified. In all these ways, mixed couples and families were acutely and painfully affected by the growth of ethnic primordialism and by the tensions between the national and supranational projects in the Soviet Union. *Intermarriage and the Friendship of Peoples* is based on more than eighty in-depth oral history interviews with members of mixed families in Kazakhstan and Tajikistan, along with published and unpublished Soviet documents, scholarly and popular articles from the Soviet press, memoirs and films, and interviews with Soviet-era sociologists and ethnographers.

Central Asia in the Era of Sovereignty Daniel L. Burghart,Theresa Sabonis-Helf,2018-03-16 After twenty-five years of independence, there is little doubt that the five Central Asian states will persist as sovereign, independent states. They increasingly differ from each other, and are making their way in global politics. No longer connected only to Russia, they are now connected in important ways to Afghanistan, South Asia, China, Iran, and each other. This volume covers a wide range of

issues and presents the work of emerging scholars authors well-known for their expertise in the region. The first part addresses social issues. Covering a wide range from HIV/AIDs to social media, the rebirth of Islam, outmigration, and problematic borders, this section follows two main currents: political development in the region and states' responses to transboundary challenges. The second part, addressing economics and security, provides analyses of new infrastructure, informal economies (from bazaars to criminal networks), energy development, the role of enclaves in the Ferghana Valley, and the development of the states' military structures. This section illuminates the interactions between economic developments and security, and the forces that could undermine both. The final part, comprised of five case studies, offers a "deeper dive" into a specific factor that matters in the development of each Central Asian state. These cases include Kazakhstan's foreign policy identity, Kyrgyzstan's domestic politics, Tajikistan's pursuit of hydropower, foreign direct investment in Turkmenistan, and the perception of everyday corruption in Uzbekistan.

*Migration* Leonore Loeb Adler,Uwe P. Gielen,2003-05-30 Adler and Gielen developed this volume to add the voices of a prominent international group of cross-culturally oriented psychologists to the worldwide debate on migration. Contributors to the book analyze worldwide configurations of migration, fundamental psychosocial factors involved in immigration and emigration, and patterns of migration from and to 16 nations and regions around the globe. The richly varied contributions focus on immigration to the United States from areas as varied as Mexico, the Caribbean, and Ireland, migrations in Colombia, immigrant families in Germany, Poland, and Norway, and migration from and into Japan, South Africa, Egypt, Israel, Australia, and the Phillippines. Of particular interest to scholars, students, and other researchers involved with migration, ethnic groups, and international psychology.

Revivals, Nationalism, and Linguistic Discrimination Kara Fleming,Umberto Ansaldo,2019-12-06 Is linguistic revival beneficiary to the plight of newly emerging, peripheral or even 'threatened' cultures? Or is it a smokescreen that hides the vestiges of ethnocentric ideologies, which ultimately create a hegemonic relationship? This book takes a critical look at revival exercises of special historical and geopolitical significance, and argues that a critical and cautious approach to revival movements is necessary. The cases of Sinhala, Kazakh, Mongolian, Catalan, and even Hong Kong Cantonese show that it is not through linguistic revival, but rather through political representation and economic development, that the peoples in question achieve competitiveness and equality amongst their neighbors. On the other hand, linguistic revival in these and other contexts can, and has been, used to support nationalist or ethnocentric agendas, to the detriment of other groups, recreating the same dynamics that generated the argument for revival in the first place. This book argues that respect for linguistic and other diversity, multilingualism and multiculturalism, is not compatible with linguistic revival that mirrors nation-building and essentializing identity construction.
