The Encyclopedia of the Korean War Spencer C. Tucker, Paul G. Pierpaoli Jr., 2010-04-09 A multidimensional, multidisciplinary work on one of the least understood but most important conflicts in modern history. A cornerstone work in ABC-CLIO's distinguished list of reference works on military history, *The Encyclopedia of the Korean War: A Political, Social, and Military History* is a comprehensive resource on the confrontation that became the first shooting war of the Cold War, the first limited conflict of the Atomic Age, and the war that led to a dramatic escalation of the national security state while foreshadowing U.S. involvement in Vietnam. *Encyclopedia of the Korean War* offers complete coverage of strategies, weapon systems, and clashes that marked the course of events on the battlefield. But this authoritative, multidisciplinary work expands beyond the military perspective to portray the overall culture of the era, addressing a variety of political, economic, social, and popular culture topics as well. Incorporating a wealth of recent research, the new edition adds more than 130 entries and updated coverage throughout, plus more bibliographic listings, an expanded historiographical essay, and a documents volume.

The Book of Proverbs, Chapters 15-31 Bruce K. Waltke,2005-03-15 Students of the Bible cannot go wrong in investing in Bruce Waltke's two volume commentary on The Book of Proverbs. First, Dr. Waltke is a superb scholar of the Hebrew language. Each passage is freshly translated by the author - this is not a recopied translation from a translation you can buy at a book store. Each translated passage is followed by translation notes. Second, Dr. Waltke has a warm spirituality which is conveyed on every page of this commentary. Third, the commentary can be used by Bible students who have not studied the Hebrew Language. Obviously, a person who has studied biblical Hebrew would gain more from the text, however, it is not necessary for a reader to have a knowledge of the language to benefit greatly from this text. Fourth, this commentary is fruit of years of teaching the Book of Proverbs to seminary students. Clearly, Dr. Waltke loves The Book of the Proverbs! Fourth, very few Bible commentaries lend themselves to devotional reading. Dr. Waltke has written a book which any person who wishes to deepen their understanding of Old Testament wisdom literature would benefit. More than this, anyone who wishes to have his or heart warmed by this ancient wisdom will find this available through reading Dr. Waltke's two volume commentary on The Book of Proverbs.
