

Goodbye To All That Joan Didion

Becky Wendling Kirschner

Goodbye to All That Sari Botton, 2013-10-08 In 1967, Joan Didion wrote an essay called *Goodbye to All That*, a work of such candid and penetrating prose that it soon became the gold standard for personal essays. Like no other story before it, Didion's tale of loving and leaving New York captured the mesmerizing allure Manhattan has always had for writers, poets, and wandering spirits. In this captivating collection, 28 writers take up Didion's literary legacy by sharing their own New York stories. Their essays often begin as love stories do, with the passion of something newly discovered—the crush of subway crowds, the streets filled with manic energy, and the sudden, unblinking certainty that this is the only place on Earth where one can become exactly who she is meant to be. They also share the grief that comes like a gut-punch, when the metropolis loses its magic and the pressures of New York's frenetic life wear thin on even the most fervent dwellers. As friends move away, rents soar, and love—still—remains just out of reach, each writer's goodbye to New York is singular and universal, like New York itself. With Cheryl Strayed, Dani Shapiro, Emma Straub, Ann Hood, and more.

Empire City Kenneth T. Jackson, David S. Dunbar, 2002 This major anthology brings together the best literary writing about New York—from O. Henry, Theodore Dreiser, F. Scott Fitzgerald, and John Steinbeck to Paul Auster and James Baldwin.

The Barbizon Paulina Bren, 2021-03-02 A “captivating portrait” (The Wall Street Journal), both “poignant and intriguing” (The New Republic): from award-winning author Paulina Bren comes the remarkable history of New York's most famous residential hotel and the women who stayed there, including Grace Kelly, Sylvia Plath, and Joan Didion. Welcome to New York's legendary hotel for women, the Barbizon. Liberated after WWI from home and hearth, women flocked to New York City during the Roaring Twenties. But even as women's residential hotels became the fashion, the Barbizon stood out; it was designed for young women with artistic aspirations, and included soaring art studios and soundproofed practice rooms. More importantly still, with no men allowed beyond the lobby, the Barbizon signaled respectability, a place where a young woman of a certain class could feel at home. But as the stock market crashed and the Great Depression set in, the clientele changed, though women's ambitions did not; the Barbizon Hotel became the go-to destination for any young American woman with a dream to be something more. While Sylvia Plath most famously fictionalized her time there in *The Bell Jar*, the Barbizon was also where Titanic survivor Molly Brown sang her last aria; where Grace Kelly danced topless in the hallways; where Joan

Didion got her first taste of Manhattan; and where both Ali MacGraw and Jaclyn Smith found their calling as actresses. Students of the prestigious Katharine Gibbs Secretarial School had three floors to themselves, Eileen Ford used the hotel as a guest house for her youngest models, and Mademoiselle magazine boarded its summer interns there, including a young designer named Betsey Johnson. The first ever history of this extraordinary hotel, and of the women who arrived in New York City alone from “elsewhere” with a suitcase and a dream, *The Barbizon* offers readers a multilayered history of New York City in the 20th century, and of the generations of American women torn between their desire for independence and their looming social expiration date. By providing women a room of their own, the Barbizon was the hotel that set them free.

Notes from No Man's Land Eula Biss, 2011-03-01 Winner of the National Book Critics Circle Award for Criticism Winner of the Graywolf Press Nonfiction Prize A frank and fascinating exploration of race and racial identity *Notes from No Man's Land: American Essays* begins with a series of lynchings and ends with a series of apologies. Eula Biss explores race in America and her response to the topic is informed by the experiences chronicled in these essays -- teaching in a Harlem school on the morning of 9/11, reporting for an African American newspaper in San Diego, watching the aftermath of Katrina from a college town in Iowa, and settling in Chicago's most diverse neighborhood. As Biss moves across the country from New York to California to the Midwest, her essays move across time from biblical Babylon to the freedman's schools of Reconstruction to a Jim Crow mining town to post-war white flight. She brings an eclectic education to the page, drawing variously on the Eagles, Laura Ingalls Wilder, James Baldwin, Alexander Graham Bell, Joan Didion, religious pamphlets, and reality television shows. These spare, sometimes lyric essays explore the legacy of race in America, artfully revealing in intimate detail how families, schools, and neighborhoods participate in preserving racial privilege. Faced with a disturbing past and an unsettling present, Biss still remains hopeful about the possibilities of American diversity, not the sun-shininess of it, or the quota-making politics of it, but the real complexity of it.

The Writer's Style Paul Butler, 2018-12-21 Designed to help all writers learn to use style as a rhetorical tool, taking into account audience, purpose, context, and occasion, *The Writer's Style* is not only a style guide for a new generation but a new generation of style guide. The book helps writers learn new strategies inductively, by looking at firsthand examples of how they operate rhetorically, as well as deductively, through careful explanations in the text. The work focuses on invention, allowing writers to develop their own style as they analyze writing from varied genres. In a departure from the deficiency model associated with other commonly used style guides, author Paul Butler encourages writers to see style as a malleable device to use for their own purposes, rather than a domain of rules or privilege. He encourages writing instructors to present style as a practical, accessible, and rhetorical tool, working with models that connect to a broad range of writing situations—including traditional texts like essays, newspaper articles, and creative nonfiction as well as digital texts in the form of tweets, Facebook postings, texts, email, visual rhetoric, YouTube, and others. Though designed for use in first-year

composition courses in which students are learning to write for various audiences, purposes, and contexts, *The Writer's Style* is a richly layered work that will serve anyone considering how style applies to their professional, personal, creative, or academic writing.

Lee Lozano Jo Applin, 2018-01-01 An illuminating study of an overlooked artist from the 1960s whose work has recently returned to the limelight This is the first in-depth study of the idiosyncratic ten-year career of Lee Lozano (1930-1999), assuring this important artist a key place in histories of post-war art. The book charts the entirety of Lozano's production in 1960s New York, from her raucous drawings and paintings depicting broken tools, genitalia, and other body parts to the final exhibition of her spectacular series of abstract Wave Paintings at the Whitney Museum of American Art in 1970. Highly regarded at the time, Lozano is now perhaps best known for *Dropout Piece* (1970), a conceptual artwork and dramatic gesture with which she quit the art world. Shortly afterwards she announced she would have no further contact with other women. Her dropout and boycott of women lasted until her death, by which time she was all but forgotten. This book tackles head-on the challenges that Lozano poses to art history--and especially to feminist art history--attending to her failures as well as her successes, and arguing that through dead ends and impasses she struggled to forge an alternative mode of living. *Lee Lozano: Not Working* looks for the means to think about complex figures like Lozano whose radical, politically ambiguous gestures test our assumptions about feminism and the right way to live and work.

The Critical Response to Joan Didion Sharon Felton, 1994 Joan Didion is a major contemporary American novelist and journalist whose works have popular appeal and are widely studied from a variety of literary perspectives as well as for philosophical, psychological, and political insights into the times and topics with which they deal. This volume collects an extensive range of critical commentary, both reviews and scholarly examinations, including newly commissioned essays, covering the entire canon: four works of fiction and five of nonfiction published between 1963 and 1992. Individually, the selections explore diverse critical approaches to Didion's canon; collectively, they establish a critical map that will serve as a guide to future scholarship. A substantive introduction assesses the canon and the critical reaction to it. Other features include a brief chronology of Didion's accomplishments, a bibliography, and contributors and subject indexes.

Discovery to Discourse Becky Wendling Kirschner, 1983

Dispatches from a Not-so-perfect Life Faulkner Fox, 2003 When Faulkner Fox's essay on motherhood, *What I Learned from Losing My Mind*, appeared on Salon.com, her candid, irreverent wrangling with the perplexing issues facing modern moms struck such a chord with thousands of women around the nation that Salon re-ran the piece twice. In *Dispatches from a Not-So-Perfect Life*, Fox tackles head-on the dirty little secret that there's a whole universe of women out there who are quietly conflicted about the roles they are asked to play as spouses and mothers, even when they ostensibly have it all. In her wise, intimate, and poetic voice, Fox chronicles the barbed negotiations between women and their partners over housework and childcare; the corrosive sleep-deprivation that can lead to depression; the internal conflicts over career ambition versus the desire to be super-mom; and the oppressively unrealistic expectations with which even the most energetic moms have to deal. Part memoir, part parenting book, part cultural analysis, Fox's unforgettable narrative crackles with passion, humor, and truth.

Tell It Slant : Writing and Shaping Creative Nonfiction Brenda Miller, Suzanne Paola, 2004-09-16 Creative nonfiction is the fastest-growing segment in the writing market. Yet, the majority of writing guides are geared toward poetry and fiction writers. *Tell It Slant* fills the gap. Designed for aspiring nonfiction writers, this much-needed reference provides practical guidance, writing exercises, and a detailed discussion of the range of subcategories that make up the genre, including memoir, travel writing, investigative reporting, and more.

Who's Afraid of Tom Wolfe? Marc Weingarten, 2005 The list of classic works of New Journalism goes on and on: *In Cold Blood*, *The Right Stuff*, *Armies of the Night*, *Dispatches*, *Fear and Loathing in Las Vegas*, *Hiroshima*, *Slouching Towards Bethlehem*: not only are they all still in print after 40 years, but also as accepted classics. Their authors - Truman Capote, Tom Wolfe, Michael Herr, Joan Didion, Norman Mailer - are also acknowledged as some of America's greatest twentieth-century writers. But they wrote non-fiction, not novels, about big subjects like Vietnam, the Hippie culture, notorious murders, the space programme. And the then revolutionary new brand of non-fiction they pioneered - narrative and novelistic, yet documentary and often with a spaced-out, forensic detachment - has now become so much part of the mainstream that we can read books like *Midnight in the Garden of Good and Evil* without realising their debt to the early New Journalists of the sixties. Marc Weingarten's book tells for the first time how they pushed reportage beyond its narrow

limits and changed the literary culture, and the fascinating stories behind the research and writing of books such as in Cold Blood.
