The Newbie Author's Survival Guide A.K. Taylor, 2016-11 After crash landing into self publishing with nothing but the clothes she had on, author AK Taylor fought for survival with trying to market her books on a small budget. After two years of trial and error, reworking, refining, and reaching out, she has created the first survival guide for book marketing compiled of great tools and resources that can be used by any author during the rough times. Comparing the book marketing wilderness with the real wilderness is how Taylor viewed the publishing world around her. Growing up in the woods and learning survival skills has given her this unique viewpoint for a different kind of world. When she started her search for information, a book marketing survival guide didn't exist—until now. Short: Have you ever been lost in the wilderness? Being lost in the wilderness is more dangerous and scarier than being lost anywhere else and more things can happen. Book marketing is just like being lost in the real wilderness with pitfalls, dangerous plants and animals, and knowing what is needed to survive during the rough times. Using outdoor survival skills and applying them to book marketing, AK Taylor has created the first survival guide for book marketing on a small budget.

Gestures of Concern Chris Ingraham, 2020-07-27 In *Gestures of Concern* Chris Ingraham shows that while gestures such as sending a "Get Well" card may not be instrumentally effective, they do exert an intrinsically affective force on a field of social relations. From liking, sharing, posting, or swiping to watching a TED Talk or wearing an "I Voted" sticker, such gestures operate as much through affective registers as they do through overt symbolic action. Ingraham demonstrates that gestures of concern are central to establishing the necessary conditions for larger social or political change because they give the everyday aesthetic and rhetorical practices of public life the capacity to attain some socially legible momentum. Rather than supporting the notion that vociferous public communication is the best means for political and social change,

Ingraham advances the idea that concerned gestures can help to build the affective communities that orient us to one another with an imaginable future in mind. Ultimately, he shows how acts that many may consider trivial or banal are integral to establishing those background conditions capable of fostering more inclusive social or political change.

Folk Around and Find Out Penny Reid, 2022-10-18 He needs to get her out of his system. Just once... Hank Weller doesn't help people. He leaves that do-gooder nonsense to his best friend, Beau Winston. Hank does what he wants, when he wants, with whomever he wants—and Hank does not want to hire Charlotte Mitchell to be an exotic dancer at his club, The Pink Pony. Sure, he can't help noticing the dips and curves of her, how shrewd, smart, and funny she is, the fire in her hazel eyes. He's always noticed. She'd probably draw a crowd and entice the regulars. But after Charlotte's messy, public divorce made Hank's club out to be the culprit—and made her the single mother of four kids—he doesn't need or want any additional bad press courtesy of Charlotte Mitchell. Or the distraction. Unfortunately for him, the town's prettiest charity case doesn't seem to understand the meaning of the words nope, no, and never. Charlotte Mitchell doesn't much like Hank Weller. Once upon a time, she used to. Years ago, she liked him a whole heckofalot despite other folks in town labeling him as “eccentric” and “nonconformist,” which were polite southern alternatives to “filthy rich” and “self-centered douchebag.” Her opinion of him changed dramatically after he volunteered to be her date to junior prom and then promptly stood her up. They haven't so much as acknowledged each other in over a decade. But a sudden family emergency means Charlotte needs access to Hank's club ASAP. Unfortunately for her, the narcissistic fancy-pants doesn't seem to understand the meaning of the words help, generosity, and compassion. But he's about to find himself schooled. Charlotte is going to teach Hank a lesson once and for all about basic human decency, whether he likes it or not. Spoiler alert. . . he likes it. □ ‘Folk Around and Find Out’ is the second book in the Good Folk series and is a full-length, small town, contemporary romantic comedy novel.

Beef Cake Smartypants Romance, Jiffy Kate, 2020-03-17 If opposites do actually attract, then Gunnar Erickson and Frankie Reeves take the cake. Frankie Reeves is complicated, even though she won't admit it. She fills her days working as an ER nurse, taking care of her mom, and searching for the father she never knew. Anything else has no place in her perfectly compartmentalized, purposefully simple life. Attachments? No thank you. She has no time for that. Gunnar Erickson recently moved to Green Valley to train at Viking MMA with his brother Cage. Being the youngest of the Erickson clan, he's always felt like he has something to prove, and now that he's finished with college, it's his time to shine. But before he can step into the ring, a freak accident sends him to the ER and into the care of one Frankie Reeves. While he's immediately smitten, she pretends to be unfazed by this six-foot-three, two hundred and thirty-pound beef cake. Gunnar sets out to prove to Frankie that, not only does she like him more than she wants to admit, but he's not the uneducated, brute she assumes he is. To Frankie, he's the worst kind of complication, but that doesn't make it easy to stay away. 'Beef Cake' is a full-length contemporary romance, can be read as a standalone, and is book #4 in the Donner Bakery series, Green Valley World, Penny Reid Book Universe.
