**Hitler's Religion** Richard Weikart, 2016-11-22 A book to challenge the status quo, spark a debate, and get people talking about the issues and questions we face as a country!

**HITLER'S NATIONAL SOCIALISM** Ian Tinny, Libertarian Literary Criticism, Relying on new revelations, this book reconstructs Adolf Hitler's semiosis, iconography, and goals. It shows that Hitler launched a form of National Socialism that is concealed by the mainstream media and its social media lackeys. They hide how Hitler was inspired by Germany's other infamous political philosopher, Karl Marx. Germany's two top white male racist socialists stay in vogue even though their policies remain a mystery to the multitudes. For example, the following facts (with credit to the archives of the swastikologist Dr. Rex Curry) will come as news to the huddled masses: 1. NEW SWASTIKA DISCOVERY: Hitler's symbol is the reason why Hitler renamed his political party from DAP to NSDAP - National Socialist German Workers Party - because he needed the word Socialist in his party's name so that Hitler could use swastikas as S-letter shaped logos for SOCIALIST as the party's emblem. The party's name had to fit in Hitler's socialist branding campaign that used the swastika and many other similar alphabetical symbols, including the "SS" and "SA" and "NSV" and "VW" etc. He was selling socialism by selling flags and related merchandise. It resembled the advertising campaign of the American socialist Francis Bellamy. 2. The term "swastika" never appears in the original Mein Kampf. There is no evidence that Hitler ever used the word "swastika." The symbol that Hitler did use was intended to represent "S"-letter shapes for "socialist." 3. NEW LENIN'S SWASTIKA REVELATION: Vladimir Lenin's swastika is exposed herein. The impact of Lenin's swastikas was reinforced at that time with additional swastikas on ruble money (paper currency). The swastika became a symbol of socialism under Lenin. It's influence upon Adolf Hitler is explained in this book. 4. Hitler altered his own signature to reflect his "S-shapes for socialism" logo branding. 5. Hitler and Marx were popular in the USA. Two famous American socialists (the cousins Edward Bellamy and Francis Bellamy) were heavily influenced by Marx. The American socialists returned the favor: Francis Bellamy created the "Pledge of Allegiance to the Flag" that produced Nazi salutes and Nazi behavior. The Bellamy cousins were American national socialists. 6. The classic military salute (to the brow) also contributed to the creation of the Nazi salute (with the right-arm extended stiffly). 7. The Bellamy cousins promoted socialist schools that imposed segregation by law and taught racism as official policy. 8. Hitler and his supporters self-identified as "socialists" by the very word in voluminous speeches

and writings. The term Socialist appears throughout Mein Kampf as a self-description by Hitler. 9. Hitler never called himself a Nazi. There was no "Nazi Germany." There was no "Nazi Party." Those terms are slang to hide how Hitler and his comrades self-identified: SOCIALIST. 10. Hitler never called himself a "Fascist." That term is misused to hide how Hitler and his comrades self-identified: SOCIALIST. 11. The term "Nazi" isn't in Mein Kampf nor in Triumph of the Will. 12. The term "Fascist" never appears in Mein Kampf as a self-description by Hitler. 13. Mussolini was a long-time socialist leader, with a socialist background, raised by socialists to be a socialist, and he joined socialists known as "fascio, fasci, and fascisti." 14. Fascism came from a socialist (e.g. Mussolini). Communism came from a socialist (e.g. Marx). Fascism and Communism came from socialists. 15. German socialists and Soviet socialists partnered for International Socialism in 1939. They launched WWII, invading Poland together, and continued onward from there, killing millions. Soviet socialism had signed on for Hitler's Holocaust. 16. After Hitler's death, Stalin continued the plan he had made with Hitler for Global Socialism. Stalin took over the same areas that Hitler had captured. He used the same facilities that Hitler had used. Hitler's Holocaust never ended. Stalin replaced Hitler.

**Hitler's Secret Book** Lin Xun, Micky Barnetti, Aunt Jemima, Many secrets revealed about Adolf Hitler, including - 1. NEW HITLER DISCOVERY: Hitler renamed his political party from DAP to NSDAP - National Socialist German Workers Party - because he needed the word Socialist in his party's name so that Hitler could use swastikas as S-letter shaped logos for SOCIALIST as the party's emblem. The party's name had to fit in Hitler's socialist branding campaign that used the swastika and many other similar alphabetical symbols, including the "SS" and "SA" and "NSV" and "VW" etc. He was selling socialism by selling flags and related merchandise (cf. Francis Bellamy). The "new discovery" part is that the public doesn't know that Hitler's use of the swastika as alphabetical symbolism is a reason why he changed the name of the party (adding the word "socialist"). The new discovery is also that it is additional proof that Hitler employed the swastika as alphabetical symbolism of "S"-letter shapes for his socialism. The discoveries are from the historian Dr. Rex Curry's work. 2. NEW SWASTIKA DISCOVERY: Vladimir Lenin's swastika is revealed herein. The impact of Lenin's swastikas was reinforced at that time with additional swastikas on ruble money (paper currency). The swastika became a symbol of socialism under Lenin. It's influence upon Adolf Hitler is explained in this book. 3. Hitler altered his own signature to reflect his "S-shapes for socialism" logo branding. 4. There is no evidence that Hitler ever used the word "swastika" in his life. 5. The term "swastika" never appears in the original Mein Kampf. 6. Hitler and his supporters self-identified as "socialists" by the very word in voluminous speeches and writings. The term Socialist appears throughout Hitler's book "Mein Kampf" as a self-description by Hitler. 7. Hitler never called himself a Nazi. There was no "Nazi Germany." There was no "Nazi Party." Those terms are slang to hide how Hitler and his comrades self-identified: SOCIALIST. 8. Hitler never called himself a "Fascist." That term is misused to hide how Hitler and his comrades self-identified: SOCIALIST. 9. The term "Nazi" isn't in Mein Kampf nor in Triumph of the

Will. 10. The term “Fascist” never appears in Mein Kampf as a self-description by Hitler. 11. Soviet socialists and German socialists partnered for International Socialism in 1939. They launched WWII, invading Poland together, and continued onward from there, killing millions. Soviet socialism had signed on for Hitler’s Holocaust. 12. After Hitler’s death, Stalin continued the plan he had made with Hitler for Global Socialism. Stalin took over the same areas that Hitler had captured. He used the same facilities that Hitler had used. Hitler’s Holocaust never ended. Stalin replaced Hitler. 13. Nazi salutes and Nazi behavior originated in the USA from the “Pledge of Allegiance to the Flag.” The pledge was written by an American National Socialist named Francis Bellamy. Francis Bellamy was the cousin of Edward Bellamy, another infamous American National Socialist. They worked together to promote their dogma in the USA. 14. The classic military salute (to the brow) also contributed to the creation of the Nazi salute (with the right-arm extended stiffly). 15. The Bellamy cousins promoted socialist schools that imposed segregation by law and taught racism as official policy. 16. Mussolini was a long-time socialist leader, with a socialist background, raised by socialists to be a socialist, and he joined socialists known as “fascio, fasci, and fascisti.” 17. Fascism came from a socialist (e.g. Mussolini). Communism came from a socialist (e.g. Marx). Fascism and Communism came from socialists. Hitler’s political philosophy continues to be admired by modern politicians. Bernie Sanders self-identifies the same as Hitler: SOCIALIST. Alexandria Ocasio Cortez self-identifies the same as Hitler too. They also admire Marx. Other politicians gladly adopt and repeat the same ideas even if they are too dishonest to admit that they are socialists. Every election witnesses Americans struggling to bring Germany’s past into the present. MSM polling reports that 70 percent of millennials say they would vote for a candidate who self-identifies the same as Hitler (2019 YouGov poll). According to another report, 60 percent of Millennials (age 24-39) support a “complete change of our economic system.” Hitler and Marx were anti-bourgeois and advocated revolution. Many people long for the same revolutions. The Deutschland’s two top germs continue to spread globally. China drooled over Marx the embarrassing video “Chinese President Xi Jinping delivers speech on anniversary of Marx’s birth” (2018). China is humiliated by the same old German who influenced Hitler. Of course, China has the largest population (billions) who self-identify the same as Hitler: SOCIALIST (the same way that Marx self-identified). China’s lethal attraction to Marx and Hitler was huge compared to the USA’s. That is why the books of Marx and Hitler were once considered too dangerous for the general public. But Mein Kampf was a bestseller as recently as 2017. Its popularity grows worldwide. It has always been one of Amazon’s better-selling book titles. Hitler and Marx are always trending on the internet. Germany’s two top white male racist political philosophers stay in vogue despite their stale policies. Ideas from the Deutschland duo are adored and repeated often on social media and by the mainstream media (MSM) in the USA. Hitler, Stalin, Mao, Mussolini, and other tyrants were influenced by propaganda in the USA, including the childish American socialists Francis Bellamy and Edward Bellamy. Both Bellamy cousins wanted government to take over all schools, to teach socialism to all youngsters worldwide. Francis Bellamy was the author of the

Pledge of Allegiance to the flag, the source of the infamous stiff-armed salute adopted later under German socialism and Adolf Hitler. Long before the Deutschland fad began, American schoolchildren were taught to chant in unison and perform the same salute each day in government schools that imposed segregation by law and taught racism as official policy. Anyone who rejected the ritual in the schools was persecuted. "America's Nazi salute" was often performed by public officials in the USA from 1892 through 1942. What happened to old photographs and films of the American Nazi salute performed by federal, state, county, and local officials? Those photos and films are rare because people don't want to know the truth about the government's past. TV, newspapers and other MSM will not show a historic photo or video of the early American straight-arm salute nor mention its history and impact worldwide.

**Adolf Hitler and the Third Reich in American Magazines, 1923-1939** Michael Zalampas, 1989

Hitler's Fate H. D. Baumann, 2008 Despite the historical consensus that Hitler killed himself at the end of World War II, there still linger many unanswered questions and doubts. In this well-researched book, Baumann, a survivor of World War II himself, paints a vivid picture of the last days of the German dictator Adolf Hitler, and provides answers to such compelling questions as: Was the Russian leader J. Stalin telling the truth when he told U.S. President Harry Truman and others that Hitler had escaped? Why was it that the Russians never found the corpses of Hitler or Eva Braun? If Hitler shot himself in the right temple (as is claimed), why do the Russians exhibit what is claimed to be Hitler's cranium, showing a bullet hole in the back of his head? Why did the Russians refuse to allow the Western Allies to see Hitler's presumed autopsy report? Why did the Russians exhibit the corpse of Hitler's double, believing it to be the real thing? What was the reason for the disagreement between the Russian military intelligence (SMERSH) and the Russian secret state police (NKVD) regarding Hitler? For what reason did Hitler's plane land in Barcelona, Spain, on April 27, 1945, three days before the alleged suicide? Why did three German submarines land at the coast of southern Argentina more than two months after the end of World War II? H. D. Baumann, an established author, exposes the rumors, politically-inspired falsehoods, criminal mischief, false leads, and conspiracies revolving around the last days of the most despised person of the twentieth century. His fascinating and cogent reconstruction of the closing scenes in the drama of the Third Reich gives us all the forensic detail needed to plant sufficient doubt in our minds that Trevor-Roper's and other accounts of Hitler's suicide may not be wholly accurate.

**Hitler** William Carr, 1978

Is Hitler In Heaven? Mike Cullison, 2009-03-30 Hitler believed in God, and the Bible says that if you believe in God, then you go to Heaven. So according to the Bible, Hitler is in Heaven. Hitler was a deeply religious and God fearing man, he believed in God, believed that Jesus Christ was the son of God, so how could Hitler not be in Heaven? The Bible doesn't say you go to hell if you kill 50 million people. God didn't create man, man created God, and Christianity was invented. The Bible is wrong, God is not an all powerful being that created the universe with the snap of his fingers, Jesus is not the son of God,

and Santa Clause is not real. The human race needs to start using their brains and ask the question why. Too many people in this world listen to anything anyone tells them. Technology is the only true religion and the path to a brighter future. This book explores the questions of humanity, religion, science, evolution, and the Universe.

**Theology of Hate** George Michael, 2009 Smith's rampage was the first many Americans had heard of this small, previously obscure organization. In this comprehensive history of the Creativity Movement, one of the most radical organizations in the history of the American far right, George Michael reminds us that some of the most dangerous radical elements in the United States are home grown.--Jacket.

Hitler's Table Talk Ian Tinny, Dead Writers Club, Micky Barnetti, 2020-06-22 Everyone has heard media descriptions of Nazism and Fascism in critiques of Adolf Hitler. But what did "Der Fuhrer" truly say when he talked? To find out, come inside Hitler's mouth; experience his twisted tongue; see what he said. This book examines the actual words of a man who came close to destroying the world. These revelations are indisputably authentic, raw, and fascinating. They are an unretouched look at the inner recesses of the mind of Hitler. This is a useful companion volume or study guide to Hitler's Mein Kampf, whereby what had been a vague plan suddenly was reality, almost to the disbelief of its author. Specific examination of Mein Kampf is made in chapter 9 of this book. If we are to discover the mind of Hitler, we must penetrate behind the thick curtains of superficial evidence which conceal it and the unreliable media intermediaries who have distorted it. Here is a startling expose' of the origin of Hitler's views on his enemies, his friends, his ambitions, his failures, and his goals. This book reveals those origins, including shocking practices he borrowed from the USA.

**Hitler, the Holocaust, and the Bible: A Scriptural Analysis of Anti-Semitism, National Socialism, and the Churches in Nazi Germany** Joseph Keysor, 2010-03 In this updated edition, author Joseph Keysor addresses the growing trend among secularists to label Hitler as a Christian and therefore attribute the atrocities of the second world war to the

Christian religion. Keysor does not settle for simply contrasting the Nazis' behavior with the Biblical record. He also examines the true sources of Nazi ideology which are anything but Christian: Wagner, Chamberlain, Haeckel, and Nietzsche, to name a few. Keysor does not shy away from discussing Christian anti-semitism (alleged and real) throughout history and discusses Martin Luther, medieval anti-semitism, and the behavior of the Roman Catholic church and other Christian denominations during the Holocaust in Germany. Joseph Keysor's well reasoned, well researched, and comprehensive defense of the Christian faith against modern accusations is a useful tool for scholars, pastors, and educators who are interested in the truth. Hitler and Christianity is a necessity in one's apologetics library, and secularists, skeptics, and atheists will be obliged to respond.

*Hitler's Storm Troopers* Wilfred von Oven, 2010 Wilfred von Oven's Nazism was linked with the career of Josef Goebbels, both as propaganda minister and as Nazi party regional leader of Berlin in the early 1930s. His experience was of the storm troopers - or SA - in Berlin, perhaps the most extreme of the SA branches. These memoirs offer an unapologetic defence of the SA.

**German Artists and Hitler's Mind** Wayne Andersen, 2007 Written in clear prose, Wayne Andersen's expansive text accounts for all of modern Germany's major artists -- the Impressionists Max Liebermann and Lovis Corinth, the Expressionists Edvard Munch, Ernst Ludwig Kirchner, Karl Schmidt-Rottluff, Erich Heckel, and Max Pechstein, the post-World War I George Grosz, Otto Dix, and Rudolf Schlichter, and the less classifiable Max Beckmann, Paula Modersohn-Becker, Kathe Kollwitz, Oskar Kokoschka, and Frans Marc. Theatre and cabaret life are treated in equal measure to the visual arts, with rich coverage of Ibsen's *Ghosts*, Brecht's *The Jungle of Cities*, and the prototype of modern filmmaking, *The Cabinet of Dr Caligari*. Andersen assigns his challenging lines of attack to radical issues that established in Germany the essential first wave of twentieth-century avant-garde art and culture. Insisting that German art is masculine and prone to violence, he formulates a compelling explanation for how artists and defensive art critics convert violence into art as a pretence to mirroring society. He associates Lustmord (sex-murder) imagery in German art, theatre, and cabaret entertainment with the sexuality of war. He sees Germania's primal barbarism in German painting infused with the rise of

Germany's Nacktkultur (nudist cults). A desensitising nakedness replaces sublimated nudity. The innocent nakedness of youth offers an opportunity for cultural renewal and a symbol of physical power.
