Once Upon a Potty (Boy) Alona Frankel,2001-01-01 With over two million books sold, *Once Upon a Potty Boy* and *Once Upon a Potty Girl* are widely recognized as premier picture books about potty training.

Once Upon a Potty -- Boy -- Sound Book Alona Frankel,2021 The all-time favorite, now with sound button technology. There are 28.9 million children under the age of five in the U.S. and all of them will need to be toilet trained. This classic book has already helped millions of parents get their children through a life milestone with ease and some entertainment too. With *Once Upon a Potty*, a parent reads the book to their child or allows the child to read it while on the potty. Not surprisingly, the book takes some wear. This new edition will withstand such heavy use. The four sound buttons cover the essentials, with a dose of amusement: a fanfare for success; kitty meows (is it a milk bowl?); birds singing; and the flush-it's-all-gone finale. The three AG-13 button cell 1.5V batteries are removable and replaceable, and access is childproof. Since 1975, *Once Upon a Potty* has been THE potty training book. It has it all: bright graphics, simple language, a fun story and an anatomically correct hero. With an edition for each gender, the book relates directly to the child, making potty-training relatable and easy to understand. More than four million copies have sold worldwide.

Once Upon a Potty, 1979 A story about how a young girl named Prudence is toilet trained.

Once Upon a Potty Sound Book for Girls Alona Frankel, 2010-10-15 The *Once Upon a Potty Sound Book for Girls* invites toddlers to join Prudence as she learns how to use the potty. Adapted from a story by children's author and illustrator Alona Frankel, the interactive sound book begins with Prudence receiving her own potty chair from her grandmother. Although she doesn't know how to use it at first, Prudence eventually learns to go in the potty every time. Toddlers will enjoy pressing the book's four big, bright sound buttons that match the illustrated icons in the text to hear: • A triumphant tune to mark Prudence's success on the potty. • Meows from Prudence's cat as it enjoys a bowl of milk. • Tweeting birds taking a bath. • The rewarding flush of a toilet as Prudence says goodbye to her Wee-Wee and Poo-Poo. The buttons and musical speaker are located on a large plastic panel anchored on the book. The buttons are accessible from every page. Extra-thick, coated pages prevent rips and tears. Three replaceable long-life AG-13 button cell batteries that power the book are included. The *Once Upon a Potty Sound Book for Girls* conforms to the safety requirements of ASTM F963-08. The book has been safety tested for children 18 months and older.

Once Upon a Potty--Boy Alona Frankel, 1999-07-31 This best-selling book-and-doll package includes a newly designed Joshua or Prudence doll and potty, paired with the *Once Upon a Potty* picture book. Just like you, Joshua has a body, and this body has many nice and useful parts: A head for thinking Eyes for seeing Ears for hearing A mouth to talk and eat with Hands for playing A pee-pee for making Wee-Wee Legs for walking and running A bottom for sitting and in it a little hole for making Poo-Poo Potty talk has long been considered taboo in conversation--even between parent and child. Thankfully, Alona Frankel presents toilet training in a frank, open way for parents and children. Available in both Girl and Boy formats, *Once Upon a Potty* books are best used as companion volumes to a child's new potty. Dear Fellow-Parents, *Once Upon a Potty* is best used as a companion volume to a child's new potty. I wrote this book when my own child was toilet training to help him better understand the process. My son was encouraged and excited by this story. It motivated him to make the developmental leap from diaper to potty. Learning to use the potty is often a lengthy process, taxing the patience of both parent and child. When success finally comes--and it should come in its own good time, without undue pressure or haste--it enhances the child's confidence and pride. He has taken another step toward independence. He sat on the potty as a little

child and got up feeling ten-feet tall. It's one small step for mankind, but a giant one for your family. Love, Alona

Potty Training For Dummies Diane Stafford,Jennifer Shoquist,2011-05-04 If you could remember your own potty training, you'd probably recall a time filled with anxiety and glee, frustration and a sense of accomplishment, triumphal joy and shamed remorse. You'd remember wanting so much to make mommy and daddy happy, and at the same time to make them pay for being so darned unreasonable. And you'd recall feeling incredibly grown up once you got it right. Maybe if we could remember our own potty training, it wouldn't be so tough when it came our turn to be the trainers. But as it is, most of us feel like we can use all the expert advice and guidance we can get. Potty Training For Dummies is your total guide to the mother of all toddler challenges. Packed with painless solutions and lots of stress-reducing humor, it helps you help your little pooper make a smooth and trauma-free transition from diapers to potty. You'll discover how to: Read the signs that your tot is ready Motivate your toddler to want to give up diapers Kick off potty training on the right foot Foster a team approach Deal with setbacks and pee and poop pranks Make potty training a loving game rather than a maddening ordeal Mother and daughter team, Diane Stafford and Jennifer Shoquist, MD separate potty-training fact from fiction and tell you what to expect, what equipment you'll need, and how to set the stage for the big event. They offer expert advice on how to: Choose the right time Use a doll to help model behavior Say the right things the right way Reinforce success with praise and rewards Switch to training pants Get support from relatives Cope with special cases Train kids with disabilities And they offer this guarantee: "If your child is still in diapers when he makes the football team or gets her college degree, you can send him or her off to us for a weekend remedial course—and ask for a refund of the cost of this book."

Sunny Side Upbringing Maria Dismondy,2020-02-01 Sunny Side Upbringing is a simple parenting toolkit designed to

make your life easier and more fulfilled by keeping your family values on the forefront of daily life. Parent educator, Maria Dismondy, took her greatest advice, research, ideas, activities and educational resources from over the last 20 years and put them down on paper for us all to benefit from. The result is a month-by-month parenting resource (kind of like a parent's best friend) that's loaded with enriching content that fosters creative parent-child interactions rooted in the values that matter most to you. With all the research done for you, all you have to do is open the page and jump into the fun of parenting with purpose.

Parenting For Dummies Sandra Hardin Gookin, Dan Gookin, 2011-05-09 Written by parents for parents! We humans are pretty clever. We've mastered fire, invented the wheel, calculated the age of the Universe, sent people to the Moon, built machines that think, and cracked the genome. So you'd think that with all our smarts, somebody would've come up with a surefire formula for raising kids. Maybe that's because every child, like every parent, is an individual, and no two parent-child relationships are ever the same. So, you can give up any notions of being a perfect parent. But, you can learn to keep the big mistakes to a minimum and make the parenting enterprise easier and more rewarding for your children and you. Which is where this book comes in. Whether your child is a newborn, a teen, or somewhere in-between, *Parenting For Dummies* gives you the scoop on parenting basics. From dealing with a crying baby and potty training, to building self-esteem and talking with them about sex, it offers a gold mine of up-to-date advice and guidance on how to: Learn to communicate with your kids Develop a good relationship with your kids Keep your kids safe and healthy Help your kids grow up to be good people Keep your cool and control their behavior Discipline constructively and with a minimum of stress Build self-esteem in your children Avoid committing the parenting sins your parents taught you Experts Sandy and Dan Gookin—she's the parenting expert for *Parents Magazine* and *Working Mother Magazine* and he's a father of four—avoid the psychological hype and medical terminology and give you the straight poop on all aspects of child-rearing, including: Speaking and listening to kids The importance of being consistent Keeping a sense of humor Dealing with babies Childhood growth and development Health and nutrition Kids' changing physical needs Developing a good person *Parenting For Dummies* gives you the know-how and skills you need to be the parent of healthy, happy kids.

Househusband Ad Hudler, 2007-12-18 When his wife, Jo, is offered her dream job, Lincoln Menner leaves his thriving landscape business in Los Angeles and moves to Rochester, New York. This will be his chance to start over, spend a little time with their three-year-old daughter, and finally do things right at home. But Linc had no idea what it really meant to be a househusband: to stay home every day, folding laundry, cleaning soap scum, and teaching his little girl to use the potty. To be ignored at parties by his wife's colleagues who see him as just a homemaker. Though he soon has the house humming,

Linc misses the outside world. Most of all he misses Jo, who works too late and barely notices the fabulous dinners he slaves over. Drastic action must be taken to make his efficiently run house truly a home, sweet home. And Linc knows he is just the man for the job! From the Paperback edition.
