

# Pip And Flinx Order

**Janet G. Husband,Jonathan F. Husband**

Flinx's Folly Alan Dean Foster,2004-09-28 Bestselling author Alan Dean Foster delivers a Pip and Flinx novel featuring a certain twenty-four-year-old with red hair, growing powers, and a loyal sidekick who just happens to be a flying mini-dragon. Flinx's Folly follows Flinx on a thrilling quest to unravel the mysteries of his mind and body. It is a quest that forces him to confront a horror almost beyond human comprehension concealed somewhere in the universe . . . and coming closer. It's a good thing Flinx is no stranger to trouble, because he's swimming in it. Even before the latest murderous attack by a new gang of assailants, there seems no end to people determined to arrest, examine, or kill him. To add insult to all that injury, Flinx has been spirited away and enlisted in a battle against a monstrous extra-galactic threat. Hidden behind the Great Emptiness, in a place where it seems matter and energy have never been, there is only evil. Pure evil that is approaching him, accelerating. Against such a quintessence of colossal evil what can one puny human and a formidable mini-drag protector do? Flinx must tell someone or go out of his already addled mind. Choosing a confidant is easy: Clarity Held, a crush he hasn't seen in six years. She is a young woman who has clearly gone on with her life in ways that (he soon learns) don't necessarily include Flinx. Whatever happens, Flinx makes up his mind to act quickly. His decision is the beginning of a terrifying, high-stakes adventure through perilous new realms that will rocket him into the very heart of danger-and into the arms of the only woman he's ever loved. As he and Pip bravely travel to a place where no man or mini-drag has gone before, Flinx discovers he has a few more friends than he thought-and far more enemies than he ever imagined.

**Flinx Transcendent** Alan Dean Foster,2009 Flinx is the only one with even the tiniest chance of stopping the evil colossus barreling in to destroy the Humanx Commonwealth (and everything else in the Milky Way). With time running out, he must seek out an ancient sentient weapons platform, dodge ob

Patrimony Alan Dean Foster,2008-09-30 In this Pip & Flinx thriller, Alan Dean Foster displays the brilliance that has made him one of the brightest lights in science fiction. In Patrimony, fans will learn more about their favorite redhead—with emerald eyes, uncanny powers, and a poisonous minidrag—than they ever dreamed possible. “I know who your father is . . . Gestalt.” A shocked Flinx hears these dying words from one of the renegade eugenicists whose experiments with humans twenty-odd years ago shocked the galaxy . . . and spawned Flinx. So Flinx and his minidrag, Pip, venture to Gestalt, an out-of-the-way planet perfect for someone who never wants to be found—disregarding the advice of those who think Flinx could

make better use of his time locating the ancient, sentient weapons platform that could be the galaxy's only chance of stopping the exterminating scourge that's fast approaching. Flinx might agree with them—but the quest for patrimony wins out. (Sorry, galaxy!) Could Gestalt supply the key to Flinx's shadowy past and strange powers? An eccentric loner in a remote area could be the father Flinx has never stopped searching for, perhaps the only person who can unravel the mystery of his birth and his amazing, agonizing powers. Unfortunately for Flinx, Gestalt also hosts a resident bounty hunter who's just learned about the stupendous reward offered for a certain dead redhead. Flinx gets a chance to test his adversary's skills when our hero's skimmer is blasted out of the sky and into a raging river in the middle of nowhere—a nowhere of impassable terrain and ravenous, carnivorous beasts. But hey, what's one more impossible challenge for someone who's spent his life defying the odds and escaping the inescapable? Flinx has one thing going for him . . . plenty of experience.

**Sliding Scales** Alan Dean Foster,2008-12-24 From bestselling author Alan Dean Foster comes a fantastic Pip and Flinx adventure starring a certain twenty-four-year-old redhead with emerald eyes and uncanny abilities and his devoted mini-dragon protector. Time and again, the daring pair have braved countless dangers to emerge victorious. But now Flinx attempts something that may be impossible for the heretofore undefeated hero. His mission: to take a vacation. Never have the cares of the universe lain so heavily on Flinx's shoulders, nor the forces arrayed against him seemed so invincible. Pursued by a newly revealed sect of doomsday fanatics, hunted by factions inside and outside the Commonwealth for transgressions real and imagined, expected to single-handedly avert a looming galactic crisis (or bear responsibility for the consequences), Flinx can be forgiven for feeling a slight touch of melancholy. There's only one solution for what ails Flinx, according to his ship's AI. But taking time off is tricky business. With an increasing number of enemies chasing him with ever-greater enthusiasm, Flinx must find a getaway shrouded in obscurity. Just, a planet smack in the middle of nowhere, is the perfect locale. Yet even in a place where hardly anyone's ever seen a human, Flinx and trouble can't stay separated for long. Unfortunately, Flinx hasn't a clue that his vacation paradise is in reality a danger zone of the highest magnitude. And by the time he learns the truth, it may be too late.

**Isaac Asimov's Science Fiction** ,1988-07

Library Journal ,2001

**Strange Music** Alan Dean Foster,2017-11-07 Unlikely duo Pip and Flinx return to right another wrong in this all-new sci-fi adventure from one of the genre's living legends. Fans of fun, fast-paced, imaginative science fiction adventure, rejoice! #1 New York Times bestselling author Alan Dean Foster returns to his much-loved Commonwealth series with a new novel starring the indefatigable Flinx and his venomous minidrag, Pip. Facing danger and doing good is their business . . . provided the price is right. The unexpected return of an old friend draws Flinx and Pip to the backward planet of Largess, whose seal-like denizens' primitive technology and fractious clan politics have kept a wary Commonwealth from a profitable trade relationship. But now a rogue human employing forbidden advanced weaponry threatens to ignite a war among the Larians. And Flinx is just the man to stop it before it starts. But once on Largess, Flinx discovers that his empathic abilities—usually his greatest asset—are rendered useless by the natives' unique language, which is sung rather than spoken. Worse, the abduction of a powerful chieftain's daughter has raised tensions to the boiling point. Now Flinx must depend on his own

mettle—and of course Pip, the devoted minidrag with the deadly edge—to right wrongs, mend fences, and battle a cold-blooded adversary armed with enough firepower to blow them all away . . . and destroy the chance for peace in Largess forever. Advance praise for Strange Music “Adventure-loving readers new to the series, as well as old fans, will enjoy [Alan Dean] Foster’s return to Commonwealth space.”—Publishers Weekly

**Strange Music** Alan Dean Foster, 2017 Empathic Flinx and his minidrag Pip have saved the universe more times than they can count, but the return of an old friend pulls the duo from their retirement and plunges them into a story of intrigue and imagination. The planet of Largess has recently opened itself to trade with the human-dominated Commonwealth. But when the daughter of a powerful chieftan goes missing, authorities believe a covert agent to be the cause. They need someone to track down the princess and roust the troublemaker, and to do so without alerting the whole planet to their involvement. Can Pip and Flinx, perpetual fish out of water, save the day? Story Locale- space; the planet Largess Series Overview- Flinx (a.k.a. Phillip Linx) is an empath of unknown origin. Over several decades readers have watched Flinx traverse the length and breadth of the Commonwealth with his trusty minidrag Pip, righting wrongs and helping aliens both big and small. The duo have battled the insectoid Thranx, evil corportations, and cybernetically-enhanced assassins, to name a few foes, but always manage to come out on top through a mix of skill, intelligence, and plain old good luck!
