

Quotes About How Social Media Is Bad

Greg Sheridan

Hero or Villain? Abigail G. Scheg, Tamara Girardi, 2017-11-21 One dimensional television characters are a thing of the past--today's popular shows feature intricate storylines and well developed characters. From the brooding Damon Salvatore in The Vampire Diaries to the tough-minded Rick Grimes in The Walking Dead, protagonists are not categorically good, antagonists often have relatable good sides, and heroes may act as antiheroes from one episode to the next. This collection of new essays examines the complex characters in Orange Is the New Black, Homeland, Key & Peele, Oz, Empire, Breaking Bad, House, and Buffy the Vampire Slayer.

The Rules of Contagion Adam Kucharski, 2020-07-07 One of the Best Books of 2020 — Financial Times One of the Most 2020 Books of 2020 — Washington Post One of the Best Science Books of 2020 — The Times of London One of the Best Science Books of 2020 — The Guardian From ideas and infections to financial crises and fake news, an utterly timely look at why the science of outbreaks is the science of modern life These days, whenever anything spreads, whether it's a YouTube fad or a political rumor, we say it went viral. But how does virality actually work? In The Rules of Contagion, epidemiologist Adam Kucharski explores topics including gun violence, online manipulation, and, of course, outbreaks of disease to show how much we get wrong about contagion, and how astonishing the real science is. Why did the president retweet a Mussolini quote as his own? Why do financial bubbles take off so quickly? Why are disinformation campaigns so effective? And what makes the emergence of new illnesses -- such as MERS, SARS, or the coronavirus disease COVID-19 -- so challenging? By uncovering the crucial factors driving outbreaks, we can see how things really spread -- and what we can do about it. Whether you are an author seeking an audience, a defender of truth, or simply someone interested in human social behavior, The Rules of Contagion is an essential guide to modern life.

The Epistemology of Deceit in a Postdigital Era Alison MacKenzie, Jennifer Rose, Ibrar Bhatt, 2021-08-03 This edited book collection offers strong theoretical and philosophical insight into how digital platforms and their constituent algorithms interact with belief systems to achieve deception, and how related vices such as lies, bullshit, misinformation, disinformation, and ignorance contribute to deception. This inter-disciplinary collection explores how we can better understand and respond to these problematic practices. The Epistemology of Deceit in a Postdigital Era: Dupery by Design will be of interest to anyone concerned with deception in a 'postdigital' era including fake news, and propaganda online. The election of populist

governments across the world has raised concerns that fake news in online platforms is undermining the legitimacy of the press, the democratic process, and the authority of sources such as science, the social sciences and qualified experts. The global reach of Google, YouTube, Twitter, Facebook, and other platforms has shown that they can be used to create and spread fake and misleading news quickly and without control. These platforms operate and thrive in an increasingly balkanised media eco-system where networks of users will predominantly access and consume information that conforms to their existing worldviews. Conflicting positions, even if relevant and authoritative, are suppressed, or overlooked in everyday digital information consumption. Digital platforms have contributed to the prolific spread of false information, enabled ignorance in online news consumers, and fostered confusion over determining fact from fiction. The collection explores: Deception, what it is, and how its proliferation is achieved in online platforms. Truth and the appearance of truth, and the role digital technologies play in pretending to represent truth. How we can counter these vices to protect ourselves and our institutions from their potentially baneful effects. Chapter 15 is available open access under a Creative Commons Attribution 4.0 International License via link.springer.com.

JQ. Journalism Quarterly, 1993 Includes section Book reviews and other bibliographical material.

The Neurodivergent Job Candidate Marcia Scheiner, Joan Bogden, 2021-11-10 This book provides guidance on recruiting, interviewing, and onboarding practices that will allow employers to successfully hire neurodivergent professionals into inclusive, competitive employment. Today, 35% of 18-year-olds with an autism spectrum diagnosis attend college, yet they have a 75-85% under-employment and unemployment rate after graduation. While organizations are looking to expand their diversity and inclusion hiring efforts to include neurodivergent professionals, current recruiting and interviewing practices in general are not well-suited to this. With over one-third of the US population identifying as neurodivergent, employers need to address how to attract this talent pool to take advantage of a meaningful segment of the workforce. Readers of this book will gain an understanding of how to guide their organizations through the creation of recruiting, interviewing, and onboarding processes tailored to neurodivergent professionals in any field. Written by authors with extensive experience working in the corporate world and consulting with Fortune 1000 companies on autism hiring efforts, this book is targeted at employers, acknowledging their perspective. Structured as a reference guide for busy recruiters, hiring managers, and supervisors, this book can be read in its entirety, in relevant sections as needed, or used as a refresher whenever necessary. This book also provides a background on the thinking styles of autistic individuals, giving the reader a deeper understanding of how to best support neurodivergent jobseekers.

Management John R. Schermerhorn, Jr., Daniel G. Bachrach, 2020-05-07 Schermerhorn, Management 14e continues to offer the same balanced theory approach as with previous editions. Students need an active and engaged learning classroom environment that brings personal meaning to course content and the instructor's course objectives. Schermerhorn

communicates with students through rich, timely features and cases that bring management topics, theories, and concepts to life. The underlying goal is to translate foundation theories into lasting tools for students as they move beyond the classroom where their skills will be put to the test.

How the online presence of a tourist destination affects the country brand. The Case of Lithuania Viktorija Širvinskytė, 2016-09-28 Master's Thesis from the year 2016 in the subject Tourism - Miscellaneous, grade: 1.3, Stralsund University of Applied Sciences (Faculty of Business Studies), course: Tourism Development Strategies, language: English, abstract: This thesis is aimed to test a hypothesis of the country brand's reliance on the online presence. The created evaluation model used in the primary research of this paper determines whether there is enough evidence in the data gathered to indicate that the online presence of a tourist destination corresponds to its country brand's rank. The research is focused on the online presence of Lithuania as a weak ranking country brand. The online presence results of Lithuania as a tourist destination are compared to the examples of two stronger country brands. The conclusions derived from the comparison of the results determine the success of the online presence of Lithuania, establish whether the hypothesis of the thesis is true or not, while noting the limitations and possible errors of the research, and provide the suggestions for the country brand and online presence improvements.

Running the Gauntlet: Essential Business Lessons to Lead, Drive Change, and Grow Profits Jeffrey W. Hayzlett, Jim Eber, 2011-12-13 Change your ATTITUDE. Change your BUSINESS. Change your FUTURE. What's stopping you from making the changes your business needs to thrive? The most dangerous move in business is the failure to make a move at all. The history of business is filled with companies that are no more because their leaders refused to enact change when the writing was on the wall. Fear. Apathy. Lack of personal responsibility. These simple human flaws can turn a good company into a dead company. The writing on the wall has never been clearer than it is now—and marketing phenomenon Jeffrey Hayzlett is on a mission to make you see it, understand it, and heed it. Today's business environment is so competitive and volatile that you can't afford to be satisfied with business as usual. You must make changes now to compete in the future. Building on the principles and concepts in his first book *The Mirror Test*, Hayzlett takes you on a step-by-step journey to: Develop a "takeover mentality" for your business Summon the vision and courage necessary for driving change Sharpen the mental and emotional toughness to make strategic, lasting change Execute the right changes and deal with any disruptions they might cause Sustain and manage your company's new-found momentum Change is already happening all around you—to products, to organizations, to entire industries. Eventually, it will happen to your company, whether from outside forces or your own initiative. You've always had the ability to institute positive change in your company. Now, with *Running the Gauntlet*, you have the inspiration and knowledge to make it happen and take control of it—instead of letting it control you. Praise for *Running the Gauntlet* If the shoe fits, wear it! Jeff's advice fits any hard-charging business owner and leader. —Tony Hsieh,

New York Times bestselling author of *Delivering Happiness* and CEO, Zappos.com “I've seen a lot of sharks, and Hayzlett's advice comes like a Hammerhead. He can smell blood from a mile away, so when Hayzlett jumps in big waters, some sharks have to jump out.” —Daymond John, founder and CEO, FUBU, and star of ABC's business show *Shark Tank* “If Jeff were a wine, it would be strong, sassy, and bold - just like his savvy business advice. This is a wine you want to open again and again.” —Gary Vaynerchuk, co-founder, Vaynermedia.com Running the Gauntlet just played the Trump Card. This book is terrific! —Ivanka Trump, EVP Trump Organization It's time someone grabs you (and your business) by the shirt collar and shakes you! Strap on your chaps—business celebrity Jeff Hayzlett is going to take you on a rough-and-tumble ride that just might change the life of your business forever. Muster the courage and buy this book! —Darren Hardy, Publisher, *SUCCESS* magazine, and bestselling author of *The Compound Effect*

How Christians Can Succeed Today Greg Sheridan, 2025-09-02 Rediscovering the radical, transcendent and downright weird message of Jesus, *How Christians Can Succeed Today* is the third title in Greg Sheridan's bestselling trilogy about Christianity in the modern world. 'A grace filled, God filled book of truth and wonder and the glorious mystical experience of faith.' - Stan Grant 'Inspiring and engrossing' - Richard Glover 'A trustworthy and encouraging blueprint for Christians everywhere' - Anthony Fisher The first Christians confronted a cultural environment vastly more hostile than today's. They had no powerful backers, very little money and numbered no more than a few hundred. Yet they revolutionised the ancient world and spread their movement far and wide. There is a deep, pervasive crisis of meaning and purpose across all Western societies today. Greg Sheridan encourages us to listen to the voices of the early Christians and emulate their commitment, integrity, resilience and smarts. He shows how early Christians built communities, met persecution with courage and grace, dispensed universal mercy during plagues, pioneered equality for women, and redefined the nature and purpose of the human experience, always with Jesus Christ at the centre of their lives. He also charts the journeys of modern Christians who live by those same values today: Leila and Danny Abdallah, who met great suffering with great forgiveness, young people making a radical commitment to faith, country pastors, and Christians inspired to welcome and help the homeless. He profiles cultural leaders who communicate Christianity with great effect, including Marilynne Robinson, Jordan Peterson, Bishop Robert Barron, Pastor Mark Varughese, former US Vice President Mike Pence and Dallas Jenkins, the creator of *The Chosen* television series. It's a powerful and inspiring message of what living Jesus-centric lives, seeing God in every human being, and finding access to the transcendent can mean for ordinary people. It could once again transform our fractious, polarised world. 'A wonderful mix of historical observation, social commentary and moving interviews' - Michael Bird 'A clarion call to return to the raw, revolutionary faith of the early church' - Russell Evans

Processed Lucie Morris-Marr,2025-02-04 Why our love affair with processed meat is killing us. The chilling exposé the food industry doesn't want YOU to know. They're totally delicious. We love crispy bacon with our eggs for breakfast, ham sandwiches for lunch and snags on election day. Lucie Morris-Marr's family was no different, ordering pepperoni pizzas on Friday nights and putting salami on their summer picnic platters. But when the Walkley Award-winning investigative journalist was diagnosed with advanced bowel cancer, she learned the chilling truth about our love affair with processed meats. As Lucie fights for her life, she takes us on a jaw-dropping ride, uncovering the scientific evidence linking our deli favourites with cancer and other serious conditions. She shatters the strange silence enjoyed by the billion-dollar industry that profits from our health risks. Armed with interviews from local and international experts, she asks tough questions about controversial preservatives, fast food, cooking methods and just how processed meats became so embedded in our lives. With tips on making the transition to healthier foods, *Processed* is essential reading for anyone who cares about their health. 'Impassioned, informed and well documented' - Matthew Evans 'A firecracker of a book!' - Tracey Spicer 'Demystifies the system around the way we produce our food, market it and sell it to an unwitting public.' - Ronni Salt 'A must-read for anyone concerned about health and longevity.' - Melanie Schilling 'Thought-provoking and, at times terrifying, *Processed* will make you stop, think and change the way you eat.' - Paula Joye
