

The Family Australia Cult

Bronislaw Malinowski

The Family Chris Johnston, Rosie Jones, 2016-11-24 The apocalyptic group The Family and their guru, Anne Hamilton-Byrne — one of very few female cult leaders in history — captured international headlines throughout the 1980s and 1990s. Hamilton-Byrne, who some followers believed was Jesus Christ, was glamorous and charismatic — and, many allege, very dangerous. From her base in a quiet suburb, she recruited wealthy professionals to join her cult, including doctors, lawyers, nurses, architects, and scientists. She acquired children and raised them as her own, bleaching their hair blonde to make them look like siblings, and her group became surrounded by rumours of LSD use, child abuse, and strange spiritual rituals. In 1987, police swooped on The Family's lakeside compound and rescued children who claimed they were part of Anne's future master race. The children recounted terrible stories of near starvation, emotional manipulation, and physical abuse. But Anne could not be found, sparking an international police hunt. Could they bring Anne to justice? How did such a notorious group come to flourish? How did Anne maintain a hold over her followers? Drawing on revelatory new research, including police files, diary entries, and interviews with survivors, *The Family* tells the strange and shocking story of one of the most bizarre cults in modern history.

The children recounted terrible stories of near starvation, emotional manipulation, and physical abuse. But Anne could not be found, sparking an international police hunt that involved Scotland Yard, Interpol, and the FBI. Could they bring Anne to justice? Today, the elderly Anne has an estate estimated to be worth millions, with only one minor criminal conviction to her name. Her few remaining followers attend her nursing-home bedside. How did such a notorious group come to flourish? How did Anne maintain a hold over her followers? And why was she never fully brought to justice?

Drawing on revelatory new research, including interviews with survivors, *The Family* tells for the first time in full the strange and shocking story of one of the most bizarre cults in modern history.

The Routledge Handbook of Australian Indigenous Peoples and Futures Bronwyn Carlson, Madi Day, Sandy O'Sullivan, Tristan Kennedy, 2023-09-19 Providing an international reference work written solely by Aboriginal and Torres Strait Islander authors, this book offers a powerful overview of emergent and topical research in the field of global Indigenous studies. It addresses current concerns of Australian Indigenous peoples of today, and explores opportunities to develop, and support the development of, Indigenous resilience and solidarity to create a fairer, safer, more inclusive future. Divided into three sections, this book explores: • What futures for Aboriginal and/or Torres Strait Islander peoples might look like, and how institutions, structures and systems can be transformed to such a future; • The complexity of Aboriginal and Torres Strait Island life and identity, and the possibilities for Australian Indigenous futures; and • The many and varied ways in which Aboriginal and Torres Strait Islander peoples use technology, and how it is transforming their lives. This book documents a turning point in global Indigenous history: the disintermediation of Indigenous voices and the promotion of opportunities for Indigenous peoples to map their own futures. It is a valuable resource for students and scholars of Indigenous studies, as well as gender and sexuality studies, education studies, ethnicity and identity studies, and decolonising development studies.
