Guardian of Light Steven Hunt, 2007-07 While placing his life on the line, Chas dangerously unveils information that could transform how the world thinks about the Bible. Unyielding in his determination, Chas sets out to prove that the 'Good Samaritan' is really Michael the Archangel, sent from God to be his Guardian of Light—but a dark power emerges to stop Chas in his quest. Author Steven Hunt has penned a high-paced work of good versus evil, reminding readers, 'A Christian must be willing to do whatever God wants him or her to do.'

The Prince's Irresistible Offer Layla Valentine, Ana Sparks, I struggled for years, and then finally found my Prince Charming And he made me an offer I couldn't resist... So I'm a professional volleyball player smashing it on the court, but in my personal life I'm barely treading water. Between paying for my parents' mortgage and my brother's rent and medical bills, I'm far from living the enviable lifestyle of a jet-setting professional athlete. I need to get away from it all, and a day off in Barcelona seems like the perfect opportunity. I'm blown away when my break from reality presents me with an even better distraction than sunbathing and margaritas, in the form of a very handsome man—who also happens to be a prince! David's a real-life Prince Charming, and the night we share together is pure magic. Imagine my surprise when three months later, he invites me to be the star player for his country's inaugural volleyball team—just when I thought he'd forgotten all about me! It's the opportunity of a lifetime, a chance for the broken jigsaw of my life to finally get put back together. I could have an amazing salary, take care of my family, and maybe, just maybe, score the man of my dreams. The thing is, the repo man doesn't care that I'm a hair's breadth from having everything I ever wanted, and in a moment of desperation, I might have thrown it all away. Can I get David to see the truth and forgive me, or will it be too late?

*Love Is Strange* Zoe Cannon, 2022-02-04 Love transcends humanity... A lonely tech genius who creates the ideal robot boyfriend feels more for her creation than she bargained for. An aimless college dropout finds the perfect lover in the spirit of the earth itself... until the earth starts cheating on her. An AI struggles to conceal its love for the secret agent it was

programmed to protect. What does it mean for a human to love someone who isn't? Is it possible for two wildly different entities to know each other well enough to share true intimacy? The relationships in these six fantasy and science fiction short stories range from romantic to platonic to somewhere in between. But every story is full of love and longing and the struggle to bridge an impossible divide... and that makes them all just a little bit strange.
