Getting to Happy Terry McMillan,2010-09-07 #1 New York Times bestselling author Terry McMillan's exuberant return to the four unforgettable heroines of *Waiting to Exhale*. *Waiting to Exhale* was more than just a bestselling novel—its publication was a watershed moment in literary history. McMillan's sassy and vibrant story about four black women struggling to find love and their place in the world touched a cultural nerve, inspired a blockbuster film, and generated a devoted audience. Now, McMillan revisits Savannah, Gloria, Bernadine, and Robin fifteen years later. Each is at her own midlife crossroads: Savannah has awakened to the fact that she's made too many concessions in her marriage, and decides to face life single again—at fifty-one. Bernadine has watched her megadivorce settlement dwindle, been swindled by her husband number two, and coned herself into thinking that a few pills will help distract her from her pain. Robin has an all-American case of shopaholism, while the big dream of her life—to wear a wedding dress—has gone unrealized. And for years, Gloria has taken happiness and security for granted. But being at the wrong place at the wrong time can change everything. All four are learning to heal past hurts and to reclaim their joy and their dreams; but they return to us full of spirit, sass, and faith in one another. They've exhaled: now they are learning to breathe.

Disappearing Acts Terry McMillan,2004-01-06 From #1 New York Times bestselling author Terry McMillan comes an

honest look at a modern romance, from love at first sight to painful reality to working toward a happy ending.... Franklin Swift was a sometimes-employed construction worker and a not-quite-divorced dad of two. Zora Banks was a teacher, singer, and songwriter. They met in a Brooklyn brownstone, and there could be no walking away.... In this funny, gritty love story, Franklin and Zora join the ranks of fiction's most compelling couples as they move from Scrabble to sex, from layoffs to the limits of faith and trust. *Disappearing Acts* is about the mystery of desire and the burdens of the past. It's about respect—what it can and can't survive. And it's about the safe and secret places that only love can find.

Desegregating the Dollar Robert E. Weems, 1998-02-01 Capitalism and slavery stand as the two economic phenomena that have most clearly defined the United States. Yet, despite African Americans' nearly \$500 billion annual spending power, surprisingly little attention has been devoted to the ways U.S. businesses have courted black dollars in post-slavery America. Robert E. Weems, Jr., presents the first fully integrated history of black consumerism over the course of the last century. The World War I era Great Migration of African Americans from the rural South to northern and southern cities stimulated initial corporate interest in blacks as consumers. A generation later, as black urbanization intensified during World War II and its aftermath, the notion of a distinct, profitable African American consumer market gained greater currency. Moreover, black socioeconomic gains resulting from the Civil Rights movement which itself featured such consumer justice protests as the Montgomery Bus Boycott, further enhanced the status and influence of African American shoppers. Unwilling to settle for facile answers, Weems explores the role of black entrepreneurs who promoted the importance of the African American consumer market to U.S. corporations. Their actions, ironically, set the stage for the ongoing destruction of black-owned business. While the extent of educational, employment, and residential desegregation remains debatable, African American consumer dollars have, by any standard, been fully incorporated into the U.S. economy. *Desegregating the Dollar* takes us through the blaxploitation film industry, the vast market for black personal care products, and the insidious exploitation of black urban misery by liquor and cigarette advertisers. Robert E. Weems, Jr., has given us the definitive account of the complicated relationship between African Americans, capitalism, and consumerism.

The Columbia Guide to Contemporary African American Fiction Darryl Dickson-Carr, 2005-10-14 From Ishmael Reed and Toni Morrison to Colson Whitehead and Terry McMillan, Darryl Dickson-Carr offers a definitive guide to contemporary African American literature. This volume—the only reference work devoted exclusively to African American fiction of the last thirty-five years—presents a wealth of factual and interpretive information about the major authors, texts, movements, and ideas that have shaped contemporary African American fiction. In more than 160 concise entries, arranged alphabetically, Dickson-Carr discusses the careers, works, and critical receptions of Alice Walker, Gloria Naylor, Jamaica Kincaid, Charles Johnson, John Edgar Wideman, Leon Forrest, as well as other prominent and lesser-known authors. Each entry presents ways of reading the author's works, identifies key themes and influences, assesses the writer's overarching

significance, and includes sources for further research. Dickson-Carr addresses the influence of a variety of literary movements, critical theories, and publishers of African American work. Topics discussed include the Black Arts Movement, African American postmodernism, feminism, and the influence of hip-hop, the blues, and jazz on African American novelists. In tracing these developments, Dickson-Carr examines the multitude of ways authors have portrayed the diverse experiences of African Americans. The Columbia Guide to Contemporary African American Fiction situates African American fiction in the social, political, and cultural contexts of post-Civil Rights era America: the drug epidemics of the 1980s and 1990s and the concomitant war on drugs, the legacy of the Civil Rights Movement, the struggle for gay rights, feminism, the rise of HIV/AIDS, and racism's continuing effects on African American communities. Dickson-Carr also discusses the debates and controversies regarding the role of literature in African American life. The volume concludes with an extensive annotated bibliography of African American fiction and criticism.

Black Professional Women in Recent American Fiction Carmen Rose Marshall, 2015-01-24 The last three decades of the 20th century have marked the triumph of many black professional women against great odds in the workplace. Despite their success, few novels celebrate their accomplishments. Black middle-class professional women want to see themselves realistically portrayed by protagonists who work to achieve significant productivity and visibility in their careers, desire stability in their personal lives, aspire to accrue wealth, and live elegantly though not consumptively. The author contends that most recent American realistic fiction fails to represent black professional women protagonists performing their work effectively in the workplace. Identifying the extent to which contemporary novels satisfy the readerly desires of black middle-class women readers, this book investigates why the readership wants the texts, as well as what they prefer in the books they buy. It also examines the technical and cultural factors that contribute to the lack of books with self-empowered black professional female protagonists, and considers *The Salt Eaters* by Toni Cade Bambara and *Waiting to Exhale* by Terry McMillan, two novels that function as significant markers in the development of contemporary black women writers' texts.

Ebony, 1996-04 EBONY is the flagship magazine of Johnson Publishing. Founded in 1945 by John H. Johnson, it still maintains the highest global circulation of any African American-focused magazine.

I Almost Forgot about You Terry McMillan, 2016 When Dr. Georgia Young decides to make some major changes in her life by quitting her job and moving, she finds herself on a journey that may include a second chance at love.
