Last Stand Michael Punke, 2020-06-09 The dramatic history of the extermination and resurrection of the American buffalo, by #1 bestselling author of The Revenant Michael Punke's The Last Stand tells the epic story of the American West through the lens of the American bison and the man who saved these icons of the Western landscape. Over the last three decades of the nineteenth century, an American buffalo herd once numbering 30 million animals was reduced to twelve. It was the era of Manifest Destiny, a Gilded Age that treated the West as nothing more than a treasure chest of resources to be dug up or shot down. The buffalo in this world was a commodity, hounded by legions of swashbucklers and unemployed veterans seeking to make their fortunes. Supporting these hide hunters, even buying their ammunition, was the U.S. Army, which considered the eradication of the buffalo essential to victory in its ongoing war on Native Americans. Into that maelstrom rode young George Bird Grinnell. A scientist and a journalist, a hunter and a conservationist, Grinnell would lead the battle to save the buffalo from extinction. Fighting in the pages of magazines, in Washington's halls of power, and in the frozen valleys of Yellowstone, Grinnell and his allies sought to preserve an icon from the grinding appetite of Robber Baron America. Grinnell shared his adventures with some of the greatest and most infamous characters of the American West—from John James Audubon and Buffalo Bill to George Armstrong Custer and Theodore Roosevelt (Grinnell's friend and ally). A strikingly contemporary story, the saga of Grinnell and the buffalo was the first national battle over the environment. Last Stand is the story of the death of the old West and the birth of the new as well as an examination of how the West was

really won—through the birth of the conservation movement. It is also the definitive history of the American buffalo, written by a master storyteller of the West.

The Flying U's Last Stand B. M. Bower,1915 When a young lady from a land boom syndicate tries to enlist Andy Green's help in a scheme to lure settlers to Montana, he isn't interested - until he learns that the land selected was part of the Flying U Ranch. Andy quickly sets off to tell Chip Bennett and the rest of the Happy Family at the Flying U about this insidious plot that could be the death-knell for the Flying U. Trying for an end-run around the land-grabbers, Andy and his friends get themselves fired, and file homestead claims of their own for some of the Flying U land. But before it could win its fight for existence, the Flying U and its loyal hands would weather a stampede, a prairie fire and the disappearance of Chip Bennett's six-year-old son. Bertha Muzzy Bower was the first woman to make a career of writing Western fiction, and remains one of the most widely known authors of the western novel. Her first novel, *Chip of the Flying U*, was an instant success, and led to fourteen novels about the Flying U Ranch in Montana. Her novels are characterized by a sharp wit, a strong sense of family and loyalty, and the authentic quality of her cowboys.
