Bahá'u'lláh

A Nation of Sheep Andrew P. Napolitano, 2009-06-21 In A NATION OF SHEEP, Judge Andrew P. Napolitano frankly discusses how the federal government has circumvented the Constitution and is systematically dismantling the rights and freedoms that are the foundation of American democracy. He challenges Americans to recognize that they are being led down a very dangerous path and that the cost of following without challenge is the loss of the basic freedoms that facilitate our pursuit of happiness and that define us as a nation. Judge Napolitano reminds readers what America is all about, that the purpose of government is to protect freedom, and freedom is the ability to follow your own free will and not the will of government bureaucrats. He asks the simple question, which are YOU, a sheep or a wolf? Do you blindly follow behind where you are led, or do you challenge the government at every pass, forcing it to make decisions that will protect our freedoms? Judge Napolitano asks the questions that no one else will, challenging readers to rethink why they are blindly following a government that has only its own interests in mind. He asks: Why is the government using the war on terror as an excuse to sidestep the Constitution? Why are Americans not challenging and questioning the government as it continues to limit more and more of our freedoms? What part of Congress shall make no law... does the government not understand when it criminalizes speech? Whatever happened to our inalienable rights to life, liberty, and the pursuit of happiness that are proclaimed in the Declaration of Independence, guaranteed by the Constitution, yet ignored by the governments elected to protect them? Why does every public office holder swear allegiance to the Constitution, yet very few follow it? Don't we have rights that are guaranteed and cannot be taken from us?

The Quote Manual Robert G. Moscatelli, 2005-07-15 THE TROUBLE WITH QUOTE BOOKS, to paraphrase something Napoleon once said about books in general, is that in them one has to read so many bad quotes to find some that are really good. Most authors of quote books include in their pages numerous forgettable quotes among the few that are really worth remembering. Not so with this quote book. This book is an unpadded collection of carefully selected quotes. Each quote is guaranteed to cause the reader to think, learn, grow or, in some cases, laugh. Open this book to any page and you will find selected gems of the spoken and written word that you will use again and again. It is a comprehensive resource that will give you an appropriate quote for almost any subject you want to address in your speaking or writing. Bob Moscatelli is a 1958 graduate of West Point. He accumulated the quotes in this book over a fifty-year period which included twenty-six years as a

career Army officer, eight as a financial programmer and four in politics. He is also the author of *Too Soon Old, Too Late Smart*, a book on the fundamentals of personal finance. This book is an ideal gift for readers of all ages. Buy a copy for yourself and for everyone you care about who will appreciate a useful gift that will have a beneficial influence on his or her life for years to come.

Politically Un-Correct Robert Alan, 2012-05 Get ready for some candid views on politics and society that are Politically Un-Correct. Yes, you read that right-un-correct. Author Robert Alan, a military veteran, lifelong worker, and patriot, takes America's politicians to task and calls for real leadership to get the country back on track. He attacks the wasteful spending by members of Congress, the misguided policies of President Barack Obama, the abuse of foreign aid, and much more. More importantly, he offers a blueprint to solve our most serious problems, which includes - eliminating the US Senate and transferring its responsibilities to the House of Representatives; - mandating that no one in the unicameral Congress serve more than eight years in office; - passing an amendment that denies Congress the right to exempt itself from any laws. It's time for the government to stop spending money it doesn't have while sending out thugs from the Internal Revenue Service to collect from its hardworking people. Learn more about Alan's un-correct views, and join him at the ballot box to throw out the thieves and scalawags that are ruining the United States of America.
