Mindoro and Beyond N. V. M. González,2009-07-31 The reader familiar with Filipino literature will find here several of his favorites from earlier Gonzalez collections like Seven Hills Away (1947) and Look, Stranger, on This Island Now (1963). But a number of hitherto uncollected stories are in this volume as well, including two prizewinners: Serenade, which won the Philippines Free Award in 1964, and The Tomato Game, originally published in Asia-Philippines Leader, and winner of the 1972 Carlos Palanca Memorial Award for the Short Story in English. Mr. Gonzalez is most telling when he writes of the young, the old, the deprived, and he finds people to care about all over those 7,000 islands of his --from book cover.

Beyond The Gopurams Priti Aisola,2014-11-06 An engaging book of journeys to the South Indian temple towns of Andhra Pradesh, Tamil Nadu and Karnataka, Beyond the Gopurams takes a close and interested look at the different faces of religious faith and devotion. Impelled both by the need to belong and the desire to not be rigidly rooted, it explores the idea of home in all its delightful and elusive flavours. Since each journey in the outside world can be a journey within too, this travelogue traverses the inner terrain of the author's consciousness and records its changing landscape under the impact of each new experience. Personal and honest, the author takes us on an uplifting journey where we effortlessly witness the world through her eyes.

The End Times and Beyond L. Doug Harberson,2022-11-03 I was asked recently why I decided to write this book when there are numerous famous authors on the subject? The question took me by surprise, but as I pondered my reasons, my response was two-fold: - I wanted to write a book that the general public (lay persons) could read with a high degree of comprehension, using word structure that is common in everyday language. - I wanted the book to lend itself to being used as the material for a detailed Bible study on the end-times. I am currently working on a journal to complement the book. As the reader works through the chapters of this book, he/she will discover: - how Daniel's prophecies predict the seven years of Tribulation. These prophecies serve as the backbone of this book; - why Christ chose the seven churches in chapters 2 and 3; - details about the rapture . . . when it will occur, who is involvedDon't be left behind; - details of the Judgment Seat of Christ;

- details of the Four Horsemen of the Apocalypse; - description of the Seven Seals, Seven Trumpets, and Seven Bowls when they occur, their devastation and purpose; - the Antichrist discussed in detail; - details about the great revival during the first months of Tribulation; - who the two witnesses are and their purpose during the first half of Tribulation; - details regarding the Marriage Supper of the Lamb; - fascinating details of the Glorious Appearing and Armageddon; - surprising revelations about Satan; - details of the Judgment of the Sheep and Goats and the Great White Throne Judgment; - fascinating details about the Millennial Reign of Christ; - how many Books of Life exist. Are there more than one? - a full discussion of the New Heaven and New Earth; - the author's time line of events that happened during the seven-year Tribulation Period and beyond.

Latin Beyond GCSE John Taylor, 2017-01-12 *Latin Beyond GCSE* covers all the linguistic requirements for the OCR AS and A Level in Latin. It aims to bring students to a point where they can tackle original Latin texts with confidence. Although designed as a continuation of Latin to GCSE, it is self-contained and can be used independently. This new edition is brought in line with the new OCR specifications and benefits from a completely redesigned layout, with added colour and images. The answer key is available on a companion website. The first part of the book introduces new constructions and the translation of sentences from English to Latin, with reading passages at AS standard. The next sections provide translation and comprehension passages at AS and A-level, including verse unseens, scansion, and a list of 300 common poetic words. Next come longer unadapted extracts from a range of authors. Finally there is a reference section including a summary of all constructions, a comprehensive grammar, and a general vocabulary of about 1200 Latin words.
